# MANY RECORDS SET IN 1911 IN THE VARIOUS SPORT LINES

Athletic Year One of Development - Champions Made and Unmade-Boxing, Wrestling, Baseball, Track and Turf Bring Out New Stars.

MANT notable achievements have been recorded in the twelve-months of 1911 which Father will sweep off the boards at midnight tonight; many new champions been made and unmade in the various avenues of sport, and many great sportamen have gone to the berond.

Locally, the winning of the Pacific Coast League baseball pennant for the mound time by Walter McCredie is, perhaps, the predominant feature. The Beavers have been badly despoiled by the major leaguers since October, but here's hoping for another piece of cheeserioth over the new grandstand which the McCredies launched during

In the country at large baseball cas-In the country at large baseball cas-liy holds the front of the stage. There-fore the winning of the National League pennant by the New York Giants and the world's championship by Philadelphia are qually the greatest achievements of 1911.

### Lucky Victories Many.

In football Princeton's remarkable string of lucky victories in the Big Four, the championship record of Min-nesota in the Middle West, and Wash-ington's walkaway in the Northwastern conference lead the field.

conference lead the field. In wreatling the summary defeat of George Hackenschmidt by Gotch and the advent of Jess Pederson on the stage: Gotch's announced retirement and Zbyszko's claims for the world's title are items of considerable import. Boxing showed no championship matches of callber. Horseracing enjoyed an unusually prosperous year, there being no less than 51 accessions to the 2:10 trotting ranké.

Tanks.

Amateur athletics of all kinds made wonderful progress, and, as usual, the United Status was ahead of all countries in the record line. The remark-able work of Gwyn Henry, the Texan; John Paul Jones, John J. Ellers, Platt Adams, Matt McGrath and others will long be remembered.

### Brituns Set New Record.

Britums Set New Record. The year 1811 has been just as re-markable for the boxing game as in other forms of sport, and it will go wown in boxing history as the year the proposed Jack Johnson - Bombardier Wells contest was stopped in England, something unheard of in that country previously. The year was full of sur-prises of all kinds in a boxing way and there will be many who follow the sport glad to welcome the new year in and forget the old one. and forget the old one.

While Milwaukee, for many years one while shiwaukes, for many years one of the leading boxing centers of the United States, and noted for the ex-cellent manner in which the bouts were rönducted, was wiped off the boxing map in a partial way, the state of New Turk, with the big metropolis as the tenter, was brought into the fold by the passage of the Frawley bill, legal-ising boxing contests of ten rounds in the state. Boston was also brought back into line, at a time when it was threatened with being placed among the outcasts. The state of Tennesseo was also added to the states legalizing bosing contests, and San Francisco and Les Angetes were brought back to the fold after all the bother following the fold after all the bother following the Jeffries-Johnson trouble in San Fran-these. New Orleans was also made a critter of boxing for the South, while Winnipeg joined hands and boosted the mame in the far Northwest. Even Cleveland joined the ranks, and many new cities in the good old New Eng-land states permitted boxing bouts, even though they are not as brutal as football.

football, In the heavyweight class Jack John-son holds the fort, having had no real contest since he won the title from James J. Jeffries at Reno, July 4, 1910. There have been many while hopes since then, but most of them have proven frosts. Jun Flynn spalled Al Kaufmann's chances hy putting Al out at Kansus City, and there are few who think Flynn has a chance against the colored man at this ilme, although Jack is going back fast. Jim Barry is too uncertain and Tony Rose is a bit shy of class. Sam, Langford has been a per-

stent challenger and is a dangerous tival; also Sam MeVey and Joe Jeannetic, all colored, Carl Morris, the Ok-ishoma giant, was supposed to be a shampion wrecker, but Flynn put Carl numpion weeker, out Firm put Cari out of the chase. At that Morris is hig and strong and may yet come along, hiemhadler Wells seems to be really the best of the entire bunch, but he needs a fittle more experience and building up before tackling Johnson. - In the light-beavyweight division there is no set claimer at Termore there is no real claimant, as Tommy Burna, who held the title, has retired from the game. It might be a good idea for several of the middleweights who cannot make 158 pounds to save their lives to get into the light-heavy-weight division and settle upon a There is considerable controversy over the question of middleweight champton. After Stanley Ketchel's death the title was claimed by Billy Paple and meet sporting writers ad-mitted that he was best entitled to it on account of his hard battles with the battle battles with tralla by Dave Smith, but Hilly after-wards knocked out Smith. Cyclons Jahnny Thompson, who had developed from a lightweight into a middlefrom a lightweight into a minute-weight. For hi Papke in Sydney and gut the decision after 20 rounds of hard fighting. Thompson came back and claimed the title. Johnny boxed Hugo Kelly and Frank Klaus modethigo kerty and rinks kinds no-de-claim contests, but they refused to meet him in a 20-round bout for the fitts. Thempson also tried to get Papks into a 20-round match, but terms could not be agreed on and it fell through. Bob Moha, of Milwaukse, defeated Paplie at Beston in a poor hout, and Billy announced his retirement. Thempson has gone to Australia again, and when he returns there will be a won from Hill Lang on a fool in the strin remoted. Wolgast's Title Clear. Jimmy Clabby had clear sailing in the welterweight division, but he gave it up because of increasing weight, and now he is satisfied to be glassed a mid-disweight. Mike Gibbons, of St. Paul, is the most likely candidate for welterweight honors, providing he can make the weight, which I doubt very much the weight, which I doubt very much near, so the next man in line who can really make the weight is Ray Bron-son, of Indianapolis, with the Dixle Kid, new in London, sharing the honor. Ad Wolgast has the lightweight ittle clucked for the time being, but his sufferinate attack of appendicitis may make a big difference in his future buttles. He may come out of it all right and be as good as ever, but there is always a doubt and his real condi-tion will not be known until he tackles some good man in the ring.
