diance. He was permitted to remain a wall flower during the greater part of the evening. As the men's programmes were filled, they were compelled to remain in the ballreom, and had to dance every dance. Gower Carley Carter, exaited ruler of the lo-tal lodge of Elks, said he lost 19 pounds during the dance, and M. S. Cohen said he loast eight. The fat men just suf-fered, that's all there was to it, and the girls laughed at them. The members of the club hired auto-mobiles and cabs to call for their com-pany sarilier in the evening. It was arranged with the cab drivers to call for the different girls. They were told where to get the young men who ware to go. This saved the embarrase-ment of having the girl go to the foor and ask. The Mr. Blank in?" ment of having the girl go t door and ask, "Is Mr. Blank in?"

Girls Pay for Supper.

After the ball the girls took their pariners to a grill, where arrangements had been made to serve an oyster supper, which the leap year girls freely paid for.

paid for. Quite often a girl, after asking a man for the pext dance, would sit down and not until after the music had started several minutes would she think to go after her partner. Several of the men thus forgotten stood on their chairs so that the girls could easily find them. And the girls lost their programmes so often. The leader of the srchestra would blow a bugle call, taking would cesses, and the an-nouncement would be made that a pro-gramme had been lost by Miss So-and-so, and it was usually restored.

Today the talk of the town is the success of the Carmencita dance, and the members are being showared on all sides with a flood of compliments. The patronesses of the evening were Mrs. W. P. Connaway, Mrs. Lloyd Du-** W. H. CHURCHILL AND FAMILY.

WASHINGTON GETS BUSY Road Work in County to Cost Near

\$200,000 Mark.

HILLSBORO, Or., Jan. 11.—(Special.) —The January session of county com-missioners' court, held here, and ad-journed today, marks a new epoch in the administration county affairs. Of greatest importance was the tax levy, which provides the sum of \$192,500 for building of bridges and permanent road work along meadam lines. This will mean nearly 50 miles of rock roads be-fore the season shall close. The total tax levy is over 20 mills, and affords a collection of \$200,784. The distribution of this sum is as follows: State tax, fixed by the state bound, \$76,126; school levy, fixed by law, \$61.-144; library, legal, \$764; Courthouse building fund, \$19,250; county general, \$41,009; county bridge and macadam

Laurelhurst is building up faster and with a finer class of houses than any other high-grade residence property in Portland. Nearly \$1,000,000 was invested in new homes in Laurelhurst last year, and of all the houses erected there for sale by builders, all are sold except six.

Responsible builders have not made such a record anywhere else in Portland. The indications are for a stronger market for 1912.

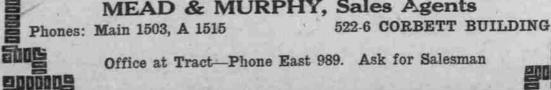

One reason why Laurelhurst is building up so rapidly is the fact that we help people build homes there. We will help YOU build a home in Laurelhurst. We have worked out a plan whereby a man with about as much money on hand as he pays for the rent of the house he lives in can get a home of his own; and the best feature of our plan is that he can pay for his new home by the month with his rent check. One of the first laws of human nature is that a man should own his home. The very instincts of man demand that he have a place where he may go when the day's work is over, and there, "'neath his own vine and fig tree," surrounded by his loved ones, he may pass the hours allotted to rest and play.

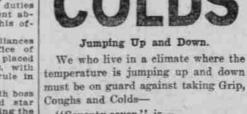

In Laurelhurst you will have everything in the way of improvements that civilized man requires. All there now, ready for you. Not promised at some future and unknown date.

Come in and let us explain our plan for helping home - builders. It will interest you intensely, if you are a renter.
