

CRUSADE IS BEGUN

San Francisco Will Be Rid of All "Undesirables."

SLAVERY TO BE WIPED OUT

Detective Furman, With Squad of His Own Choosing, Is Assigned to Take Initial Steps to Prevent Bawful Traffic.

SAN FRANCISCO, Feb. 3.—(Special.)—White slavery in San Francisco must be stamped out. This is the ultimatum handed down by Chief of Police White, who this morning took the initial step in a crusade that will be waged to rid the city of undesirable men.

Detective Thomas Furman, who formerly was a member of the "white slave" detail, and who gained much distinction by the evidence which he obtained against "white slave" has been put in command of a special squad. Furman will be allowed to select his own associates.

LINDSEY SEES ROOSEVELT

Denver Man Says ex-President Told Him He Might Accept.

DENVER, Feb. 3.—The Rocky Mountain News tomorrow will publish a statement by Judge Ben B. Lindsey, who recently returned from the East, in part as follows:

"Theodore Roosevelt will accept the Republican nomination for President. This is not because he wants it or seeks it, but because the people are recalling him to a job he left unfinished.

"The trend of events shaping toward this result has not been brought about by anything Colonel Roosevelt has done, but in spite of everything he could do honorably and justly to avoid it.

"I know this because of several visits to his home in the last year. He told me he would accept the nomination if the call came from the people.

"The friends of Roosevelt, who espoused the cause of Senator La Follette early in the campaign no doubt did so because they knew, what Roosevelt eliminated, the hope of the 'progressives' was in Senator La Follette. However much the splendid campaign of Senator La Follette has contributed to the cause of Roosevelt, they must recognize the utter impossibility of his nomination, and, therefore, the impossibility of defeating the President for the nomination, except through this overwhelming call of the people for Colonel Roosevelt."

Judge Lindsey then explained his connection with the "Woodrow Wilson Club" here and continues:

"Of course, I should be glad to see Governor Wilson receive the Democratic nomination. He is the ablest, strongest and best man the Democrats could put up and is the only man who has the slightest chance of succeeding against Mr. Roosevelt. But my admiration of Mr. Roosevelt for all he has accomplished and for what I believe he is going to accomplish, is not such that I would support him, as against any man nominated by the Democrats."

CARNEGIE TAFT SUPPORTER

Laird of Skibo Refuses to Address Roosevelt Mass Meeting.

NEW YORK, Feb. 3.—Andrew Carnegie today declined an invitation by telegraph to address the Roosevelt state mass convention at Oklahoma City next Saturday. In his reply Mr. Carnegie declared he was an out-and-out supporter of President Taft.

Mr. Carnegie's answer, sent to A. E. Perry, the temporary chairman of the Oklahoma organization, reads:

"Thanks for your invitation to address the Roosevelt state mass meeting at Oklahoma. I beg to say that I am an out-and-out supporter of President Taft. Roosevelt's chosen for the Presidency, who has so fully justified the ecstasies he lavished upon him. It would be unfair not to give President Taft a second term and I cannot believe ex-President Roosevelt is not of this opinion. After Taft has served two terms it will be time enough to propose a successor."

"ANDREW CARNEGIE."

CONVICTS TO BE CHANGED

Washington Board to Send 25 Men to Reformatory.

OLYMPIA, Wash., Feb. 3.—(Special.)—It was announced today that the State Board of Control, following a conference with Warden G. S. Reed, of the State Penitentiary, and Superintendent C. R. Hoff, of the reformatory, intends to transfer 25 prisoners at Walla Walla to the reformatory at Monroe. The prisoners in question are deemed worthy of special conditions, as all are "first timers."

This is expected to settle the friction between the two institutions. The board and the heads of the institutions have agreed upon a set of business rules to be followed by all, which, it is believed, will bring about a more systematic check of supplies and stock on the board, in buying semi-annual stocks for the institution.

COMMISSION PLAN IS UP

Democrats Discuss System at Regular Meeting.

The commission form of government as how it works out was the subject of consideration Friday night by the Jackson Club at its regular semi-monthly meeting held in the Medical building. Richard W. Montague led the discussion with a resume of the present forms of city government and a brief statement of the advantages of the commission government. He declared the government by a few commissioners brings the affairs of the city nearer the people by making it possible for them to vote for a few substantial men whom they know instead of "a great horde of elective office-holders whom they do not know." He said the commission government gives all the power

to the city officers and it makes possible the placing of responsibility.

The possible application of the commission government to Portland brought out some outbursts of Democratic sentiment regarding the coming primaries and finally resulted in J. Hennessy Murphy declaring that the Jackson Club come out of what he called a "pussy-foot campaign" and announce itself in favor of candidates. He closed with the statement that he believes the club should endorse Dr. Harry Lane for Democratic candidate for Congress. Much applause followed.

Walter Campbell declared that H. R. Van Duzer is a very likely candidate and would stand a chance of sweeping the state by a vote of three to one. He also expressed the opinion that Governor Wilson is very much in favor of Oregon for the Presidential candidacy on the Democratic ticket.

"I have traveled the state for a long time," said Mr. Campbell, "and have looked into the political situation carefully. I have not seen a Democrat who is not for Woodrow Wilson." The announcement that the club would be eliminated, this is particularly necessary this year because the Democratic party will have more men on the ballot probably than ever before.

Mr. Van Duzer announced that the Democrats are preparing to conduct a lively campaign this year. He urged party members to prepare for the April primaries, but also for the long campaign following that up to the general election in November.

"In the past," said Mr. Van Duzer, "there have been many precincts where on election day there have been no clerks or judges for the Democrats. This is a condition that must be eliminated. This is particularly necessary this year because the Democratic party will have more men on the ballot probably than ever before."

MONOPOLY CURE RAPPEL

"PROGRESSIVISM" NOT REMEDY, SAYS WRITER.

More Laws for Control of Big Business Declared Further Check on Individual Freedom.

LITTLE FALLS, Wash., Feb. 3.—(To the Editor.)—New "progressivism" is old Populism.

The essence of Populism was Government interference with business. The Government should provide warehouses for storing the farmer's produce and advance him money on it so he could hold for higher prices. The Government should coin all silver offered and compel its circulation at a false and arbitrary valuation. This was called "free" silver. The mind that entertains one fallacy will greedily seize some other. The "free" silver is abandoned. Since the passing of the free silver cause another has been developing involving the same idea of Government interference with business. It is restricted, big business curbed, railroads regulated.

Now if you swallowed the greenback doctrine and later indulged in the free silver cause, you should join these so-called progressives or new Nationalists, nominate Bryan and La Follette for the presidential ticket, and if elected, let the Government regulate the railroads, restrict big business, curbed, railroads regulated.

Now if you swallowed the greenback doctrine and later indulged in the free silver cause, you should join these so-called progressives or new Nationalists, nominate Bryan and La Follette for the presidential ticket, and if elected, let the Government regulate the railroads, restrict big business, curbed, railroads regulated.

A man will listen to a Socialist orator and say, "I don't believe in all of Socialism, but I think some of their ideas are good." Socialism, being a doctrine of regulation for everything, will appeal somewhere to the average man who will want some of their ideas regulated. While it is too impracticable to win, it is influencing the trend of thought. Our Government is expected to do more and more things of this kind a year is twice as much as it cost in Cleveland's first administration. Oregon's amount this year is higher than ever and Portland's expenditures continue to increase. This course of extending the activities of government, when "the individual" and the state are the only ones to be regulated, Herbert Spencer calls "the coming slavery." All government is restriction and a much-regulated individual in Germany is no more a man. But the Socialists are more logical than those who advocate merely such things as Government regulation of railroad rates and operation of public utilities, for if it can handle the most difficult business well, then it should be given all business to handle. Langley's airplane, Government-built, was expensive, large and impressive, exciting great expectations. It's only fault was it would not fly. Wright's airplane was small and unimpressive. Its only merit was that it would fly. But faith in Government agencies never falters. Some still advocate Government regulation of aviation and appropriations to advance the science. A wall comes from settlers on government irrigation projects that work in delay and indefinitely and cost far above first estimates. Government is the best agency we have for administering justice and the poorest we have for carrying on business. But Congress is too busy with other matters to consider a reform of judicial procedure.

Federal economists have been appointed to the United States as a shining example of freedom in trade. Forty-eight nations without customs barriers have allowed the free world to trade enterprise to develop her industries in a wonderful degree. Her railroads, without Government regulation, have given her the best land transportation mankind has ever achieved, nearly half the railroads of the world being in her borders, with freight rates averaging lower than on the government-owned or regulated roads of Europe. But the exceptional always attracts more attention than the usual or general features. At Sumner, Ga., the people gathered in a church and prayed that the railroads be induced to send more cars to help them save an enormous peach crop. Some, however, said prayer was useless, for God had never had anything to do with running the railroads in the United States and this world is not proved. It is against the interest of the railroads to put a man out of business and they fix their rates and give accommodations accordingly.

But if the Government regulates the rates the next question is, who shall regulate the government? If your commission men will give you high rates and poor accommodations to keep your business from growing too fast. This drives business into politics, for politics is only the effort to control government. No laws are passed to subsidize or "protect" this or that church. So having nothing to gain or to lose, the big churches in America do not spend barrels of money to influence legislation. When the same free and fair principle of an open market for everybody is adopted in business, then big business will stay out of politics and not before.

Monopolies do not thrive in an open market. In the plumbing business a tariff keeping foreign goods out, local taxes restricting the trade to a few commission men and licenses required to do plumbing work have made this one of the closest monopolies. Other monopolies are also Government-made.

"Progressives" offer as a cure for larger doses of the medicine which produced the disease. What hope of liberty through them when they have shown in the matter of Canadian reciprocity their strong opposition to freedom? One had better "stand pat" than travel in the wrong direction with "progressives" and Socialists.

NEW HOTEL WILL GLOW

GOLDEN KEY TO GIVE SIGNAL FOR MULTNOMAH OPENING.

Portland Newspaper Men Will Be First Formal Guests of Magnificent Caravanary.

With the pressing of a specially designed golden telegraph key by H. C. Bowers, manager of the Hotel Multnomah, at the dedicatory dinner to be given in the Arcadian Garden of the hotel next Wednesday evening by the commercial interests of the city, every light in the mammoth caravanary will blaze forth and the completion of one of the greatest enterprises in the history of Portland will have been marked.

At the inaugural banquet which is to be held on that night, under the auspices of the Commercial Club, Chamber of Commerce and Manufacturers' Association, representative members of the local commercial and financial world to the number of more than 400 will gather to properly launch the institution. As guests of honor, state, city and Federal officials and a number of captains of industry have been

invited, and the list of speakers includes many orators of note.

Among those who have been invited to respond with addresses are Governor West, Attorney-General Crawford, Chief Justice Eakin, State Circuit Judges Morrow and McGinn, Dr. R. E. L. Steiner, Mayor Rustlight, City Attorney Grant, Edgar B. Piper, C. S. Jackson, John F. Carroll, Harvey Beckwith, H. L. Pittock, A. L. Mills, C. K. Henry, Roy W. Yang, representative of the Thompson estate, constructors of the hotel building, and S. C. Knott.

Everything is practically in readiness for the formal opening of the Multnomah at noon next Thursday.

Great preparations are being made for the entertainment of the members of the Portland Press Club on Tuesday evening, when a complimentary dinner to the newspaper men of the city is to be given by the hotel management. It is anticipated that over 300 will attend this affair, which will be the first function in the building. Chief Hausmann and his assistants are already working on several gastronomic surprises for the new writers, and Pastry Chef Dupont is constructing a wonderful miniature replica in sugar of the new Courthouse.

Midwinter Convention to Chose.

The annual midwinter convention of the Willamette Valley Advent Christian Church, which has been in session the past week at the Advent Christian Church, 458 Second street, will close tonight after the following Sunday programme: 9 to 10:30 A. M. prayer

and social meeting; 10:30 A. M. sermon by Evangelist E. Wallace Shepard; 12 noon, Sunday school; 2:30 P. M., sermon by Pastor Smith; 6:30 P. M., Loyal Workers' Society meeting; 7:30 P. M., song and social service; 8 P. M., sermon, followed by communion. This has been the most successful convention ever held by the conference, say the leaders.

Ministers are being sent into communities in Oregon where churches have never been organized. The conference is getting ready for the next camping meeting on the conference campground above Troutdale on the Sandy River. New buildings are being erected. A water system is being put in and electric lights are being installed.

STUDENT HOP DEMOCRATIC

Oregon Demands Simple Clothes.

Leap Year Dance to Be Held.

UNIVERSITY OF OREGON, Eugene, Feb. 2.—(Special.)—The latest in social novelties at the university is an ultra-informal matinee dance to be given in the gymnasium on the afternoon of Saturday, February 10, the closing day of the coming examination week. An attempt will be made to bar all those who do not wear simple frocks and quiet sack suits and the admission fee, 25 cents, will guarantee still further democracy. The prime object of this innovation is to provide a pleasant exit for the proverbial "blues," which in-

variably invade student quarters during the "Xmas" vacation.

An even bolder venture is contemplated as an aftermath to the University of Utah-University of Oregon debate in Eugene February 23. This is to be a "leap year" debate and it is to be followed by a "leap year" dance with the university men on the passive waiting list. Seventy-five cents will

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. LIZZIE M. HESSHEIMER, of Lincoln, Neb., 529 "C" St., says: "I send a testimonial with much pleasure so that some suffering woman may know the true worth of your remedies. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Lotion Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured. I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

admit the university girl and her partner to both the talkfest and the dance. Those who go single will be charged extra for their modesty.

A gum hunter gathered 3200 pounds of spruce gum the last Summer in the Adirondack Mountains. The most ever secured in a single day was 90 pounds. His profits may be estimated when it is known that one truck will gladly pay \$1.50 a pound for the gum.

Mrs. HESSHEIMER.
