WRECK BLAME PUT ON CHIEF ENGINEER

Inspectors Prefer Charges Against Chester Lewis, of Sarah Dixon.

NEGLIGENCE IS ALLEGED

Death of Three in Explosion of Boiler Laid to Officer Who Is Accused of Carelessness While on Watch.

"Negligence while acting as chief engineer of the steamer Sarah Dixon and on watch," is the accusation in brief filed against Chester Lewis, head of the engine department of the wrecked vessel of the Shaver fleet, by United States Inspectors Edwards and Fuller, and on which Lewis will be tried before them Wednesday. The charge is the outcome of an investigation that began January 19, the day after the boiler explosion.

The accident occurred four miles above Kalama the night of January 18 and resulted in the death of Captain Stinson, Mate Monical and Fireman Knowles. The body of Knowles is the only one recovered. The three victims, Engineer Lewis and Watchman Owsley were the only persons awake at the time. Lewis, by virtue of being chief engineer and particularly as he was on duty, is held responsible. It is held to have been his business to know at all times that there was an abundance of water in the boiler and though the gauge glass might not have been registering properly, there are three cocks at different heights on the boiler which, when any is opened, should show whether there is water above a certain level.

Engineer Rises Rapidly.

Following the wreck Lewis said that he had no knowledge of the cause of the explosion and as to the fireman being at his post at the time, Lewis said he saw him watching the glass only an instant before the accident.

Lewis is held in high esteem by officials of the Shaver Transportation Company, and while a young man, has, like many others in the fleet, risen steadily in the service. The inspectors have given out no details of their investigation, that being prohibited under the department rules, but as they visited the wreck personally for a day and have interrogated practically every survivor who might know of circumstances leading to the explosion, the filing of charges indicates that the inspectors have concluded that Chief Engineer Lewis did not exercise due diligence in watching the boiler.

Only Crownsheet Found.

As the boiler was presumably blown into the air it is thought to be at the bottom of the Columbia, as only the crownsheet was found when the steamer was raised. The wrecked condition of the cabin, the fact the texas and pilothouse were literally blown to splinters and the heavy forward hogchains cut as though with a sharp instrument, is taken to indicate that the boiler carried everything above with it. An effort will be made to find the boiler by dragging as soon as work on the wreck reaches a point that will permit men to be spared for that task.

SALES OF COASTERS MADE

Well-Known Sailing Vessels Figure in Recent Deals.

Changes in ownership, affecting several coasters of the windjammer type, are reported to have taken place at San Francisco during the past week, and in the list is the barkentine Coronado, 370 tons, which was sold by the Spreckels interests to the Barnson-Hibbard Company. She was formerly the German ship J. C. Pfluger, and years ago changed her flag when she put into San Francisco badly damaged and was sold.

The Matson Navigation Company has sold the schooner W. H. Marston, of 1116 tons, to the Charles Nelson Company. She has been laid up for several months because of having sustained serious damage. The schooner Queen, 340 tons, was sold by D. J. Hanlon & Co. to Mexican interests. The schooner C. A. Thayer, 890 tons, was disposed of by the E. K. Wood Lumber Company to W. G. Tibbitts. The small schooner Lizzie Frien, of 91 tons, has been transferred by Cornelius Anderson to the Compagnie Du Boleo. The schooner Salvator, 385 tons, has been purchased by Libby, McNeil & Libby from H. G. Seaborn, of Port Townsend. It is reported that Captain Nelson, of Puget Sound, is negotiating for the C. A. Thayer.

CLARK AND PARMALEE FLY

Mariner Has Been on Sea Bed and in Fleecy Clouds.

Kent W. Clark, purser of the steamer Beaver, is being classed as an extremist by his shipmates, because he has been in the depths of the sea and ascended to an altitude of 600 feet above the earth's surface on another occasion. Clark says that his stunts are the outgrowth of downright inquisitiveness.

A few months ago, while the vessel was in port, he was given an opportunity to descend to the air chamber of a caisson when the Broadway bridge piers were being built. Previous to that he had explored the depths of the Hongkong harbor in a diver's suit. When the Beaver was at San Pedro Sunday he meandered to Dominguez Field, near Los Angeles, where the annual aviation meet was in progress, and after watching the flight of the man birds, decided that he would like to view the aerial skippers at closer range, so took passage with Aviator Parmalee. He was in the air 20 minutes and reached an altitude of 600 feet. He says the sensation is nothing out of the ordinary. He hopes next to get a more extended view of the ocean's depths in a submarine and that will complete his list, unless the ingenuity of man fashions some other diversion that might appeal to his adventurous demeanor.

BUOY PERMITS TO BE ISSUED

After Many Years Sound Cities Must Obey Law.

After having been in position for years, seven mooring buoys owned by the City of Seattle and two others at Tacoma, the property of the latter municipality, must be authorized by the Bureau of Lighthouses. The establishing of buoys in any navigable waterway without permission from the department is punishable by a fine of $100 for every day it remains in position, but Inspector Henry L. Beck has arranged that the proper sanction will be given without punishment being added.

On Puget Sound buoys also are maintained by private firms, they being intended, as are those anchored by the cities, for the use of vessels waiting for a berth of those that have been loaded. The municipal buoys are revenue producers for all but Government ships. The case has been referred to the harbor officials at both ports, and as soon as a report is forwarded to Washington the authorization for continuing them in the same positions will be obtained. Inspector Beck says that the rule applies in Portland as well as in the outside harbors, and if buoys are placed in the fairway they must be removed or the owners prosecuted.

MARIE'S SKIPPER ARRESTED

Sailor Discharged Here Was Not Subject of Uncle Sam.

When the German ship Marie arrived January 5 from Callao a sailor named Jacob Piehler, who was signed at the Peruvian port for the voyage here, was paid off, but Captain Unsinger, master of the ship, neglected to inform the immigration authorities that an alien had left the vessel, so he was formally charged in the United States District Court yesterday with having permitted an alien to land. He was released on bonds in the sum of $100 and though he can be fined as high as $1000, it is expected that the punishment will be nominal.

The Marie cleared at the Custom-House in the afternoon with a wheat cargo for Queenstown, Falmouth of Plymouth for orders and will leave the harbor at 6:30 o'clock this morning. She carries 122,760 bushels valued at $105,030 that was loaded by the Portland Flouring Mills Company. The French bark Charles Gounod also finished loading wheat yesterday at Columbia dock No. 2 and went to the stream. She will clear tomorrow and probably depart Tuesday. The British ship Wm. T. Lewis will be the next to get away, as she is to take on the last of her cargo Tuesday.

Marine Notes.

With lumber for California ports the steamer Daisy Gadsby sailed yesterday from Ranier and the steamer Coaster is to leave Westport today.

After loading consignments at the dock of the Portland Flouring Mills Company for China, the Oriental liner Ryuja shifted yesterday to the Crown mill.

When the steamer Beaver returns to San Francisco considerable new work will be done in the way of replacing panelling on the forward part of her cabin that was damaged on her last run south.

Collector of Customs Malcolm has filed a complaint against the County of Multnomah for operating a gasoline ferry across Willamette Slough, between Burlington and Sauvies Island, without lights. It is also alleged that the vessel was not officially measured, as required by law.

Captain Frank G. Wagner has been enrolled as master of the steamer Weown, succeeding Captain H. A. Wagner. The Weown will leave tomorrow for Hood River carrying cable for a telephone corporation, which will be laid across the Columbia. The steamer will be used in the work of stretching it.

It has been learned from San Francisco that the steamer Washington, which caused deep apprehension on the Coast last Fall when she was disabled while crossing out of the Columbia River and was in peril for more than a day, broke down off Northern California on her first trip from the Golden Gate to Coos Bay, on which run she succeeded the steamer Homer, and was towed to San Francisco by the tug Defiance, arriving Friday.

Hugh Brady, municipal grappler, was sent to Oregon City yesterday by Harbormaster Speier on request of O. F. Platt, whose young son was drowned a week ago above the Willamette Falls, and further efforts will be made to recover the body. Brady thinks it is held beneath drift that accumulated some distance below the scene of the drowning and that is to be removed to permit a complete search to be made.

It has been learned at the Custom-House that the Secretary of the Treasury has imposed a fine of $40 against the Columbia Contract Company for having failed to show lights at night on four barges moored on the East Side of the harbor, between the Hawthorne-avenue and Morrison-street bridges recently. Collector of Customs Malcolm had fined the corporation $200 for each barge, but it was reduced to $10.

Long Sentence Given Robber.

HILLSBORO, Or., Feb. 3.—(Special.)—Matto Marinovitch was sentenced yesterday to the penitentiary for 15 years, after conviction on a charge of holding up four fellow countrymen near Sherwood, December 3. Two of the men who were robbed identified the defendant. He secured a watch and ring and some coin, and the missing jewelry was found on his person when arrested. John Poropot and another countryman, both of whom were robbed, trailed the holdup to Portland, refusing to allow him to leave the car. When they reached the city they had Marinovitch taken to the police station.

While the use of electric lights in lighthouses has some disadvantages, experiments are being made that bid fair to remove present obstacles.

DR. A. G. SMITH, The Leading Specialist.

I am a registered and licensed physician, confining my special practice to the ailments of MEN. I have more money invested in my establishment than all other Portland specialists combined, and I will give $500 to any charity if I cannot show this is true.

I publish my true photograph, correct name, personally conduct my office. I am the most successful and reliable, as medical credentials and press records prove. I make this statement so that you will know you consult a true specialist, who sees and treats patients personally. I possess EXPERT skill and experience, acquired in such a way that no other can share.

A thorough investigation should be made by every ailing man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and I can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desires to be cured. I make no misleading statements or unbusinesslike propositions; neither do I desire to be particularly independent, and I would like to have you for a patient. If you will come to me on a strictly professional basis, and the inducements that I offer, which are my ability and twenty yeears' successful experience, time-saving treatment and guarantee of cure of certain ailments.

To all men who are sick and in trouble, to the men who feel they have lost the energy of youth, and that the strength they ought to have has been sapped from them; to those who are not sick enough to be abed but feel they must use all their will power to force themselves even to their every-day tasks—to all these I have a special message of hope and cheer. I can cure that lame and aching back; I can restore the luster to the dimmed eye; I can make you realize that the youth of yesterday has not been buried in an age of several decades and that your pitiful condition is now due only to damaged health. This health can be restored if you will act now. Come today, or the stage of neglect may get just past the stage that is curable.

CONGESTED VEINS

impair vitality. I daily demonstrate that varicose veins can be cured in nearly all cases by one treatment, in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly re-established, instead of the depressing conditions. I guarantee you a cure to stay cured or refund the money.

KIDNEY AND BLADDER AILMENTS.

With these ailments you may have more complications than are presented by any other ailing organs. By my searching illumination of the bladder I determine accurately the ailment, and by microscopical examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

"606" FOR BLOOD DISORDERS.

I use Professor Ehrlich's wonderful new discovery, "606," in cases of Specific Blood Disorders. It cures, and is the greatest marvel of medical science. This new remedy has been successfully used in thousands of cases. Let me explain it to you.

NERVOUS DEBILITY.

I have long been a close student of the condition known as Nervous Debility in men. Sufferers from this trouble are nearly always told by their family physician that there is no help; that it means wornout nature, and that some powerful stimulant for temporary effect is the only help. I go deeper into the cause of the trouble and usually find a deranged or damaged local condition responsible. As long as a man lives he should be as strong in every vital function as he is physically constituted. I have a scientific, powerful and permanent treatment for you which is as natural and direct as it is efficient.

Why treat with irresponsibles when you can secure the expert services of a responsible specialist?

See me if you have any of the following ailments: **Varicose Veins, Nerve, Blood and Skin Ailments, Bladder troubles, Eruptions, Ulcers, Piles or Fistula.**

WRITTEN GUARANTEE—Dr. Smith's written guarantee means a cure or no pay for services. I guarantee to cure certain ailments or refund every dollar you have paid me for my services. I make no misleading statements, false promises or unbusinesslike propositions. I would like to have you for a patient if you will come to me on a strictly professional basis, accepting inducements that I offer, which are my ability, 18 years' successful experience, time saving treatment and cure of certain diseases.

My Positive Cure for Weakness

Every weak man is eager to have his strength and vitality restored. It's man's greatest pride to BE A MAN, yet it is a scientific fact that few men need be weak. In nearly every case lost vigor can be easily and quickly overcome. There are many distinct local causes undermining man's vitality and these nerve-racking ailments cannot go on forever without producing serious or irreparable damage. With strength and ambition zapped, happiness and success are impossible. My accurate and successful methods CURE ABSOLUTELY and PERMANENTLY every case of WEAKNESS I accept for treatment. I MAKE MEN STRONG. I find that as soon as the cause is corrected you act better, feel better, look better, and the rapidity with which vitality and strength are restored under my treatment will please and surprise you. I offer you my services for a reasonable fee, with an absolute guarantee of honest treatment and permanent cure.

SPECIFIC BLOOD POISON

In its various forms and complications is a treacherous disease. You must conquer it or it will conquer you. Old forms of treatment kept down symptoms, but rarely cured. The NEW GERMAN REMEDY—"606"—gives you a new lease on life. I was the first specialist on the Coast to make use of this remedy and I believe I have had greater experience with it than all other specialists put together. The wonderful results I have obtained convince me that it is the ONE ABSOLUTE and PERMANENT CURE for every stage of blood poison. I introduce it directly into the blood and in a few days you are completely cured. My fee for the proper administration of this remedy is lower than the lowest. BE SURE YOU GET THE GENUINE.

VARICOSE VEINS.

Many an unfortunate man is ruined by improper treatment of this disease. I cure varicose veins daily by a painless and direct method without detention from family or home, in such a satisfactory way that pain and swelling ceases, healthy circulation is established and vigor restored. I GUARANTEE YOU A RADICAL CURE.

KIDNEY AND BLADDER DISEASES.

More complications and symptoms arise from diseases of these organs than from any other ailment of mankind. Most all kidney and bladder troubles arise either from dissipation through injury or strain may produce the same result. The cause must first be determined and until that is done no cure can be effected. I ABSOLUTELY and PERMANENTLY CURE these conditions in every case I accept for treatment.

MY PROFESSIONAL FEES.

Every ailing man would like the opinion of an experienced, capable specialist and the best medical attention. Many hesitate to consult a specialist either through modesty or fear of high fees; others have no confidence in their doctor because he demands pay in advance, and others lose confidence through unsuccessful treatment and think there is no cure for them. TO ALL THESE I say, COME TO ME. You may depend upon it that you will be restored to health and stregth for a fee you will be able and willing to pay. Health is capital at interest, and satisfied patients pay their doctor.

TO MEN WHO ARE GLOOMY DISEASED, NERVOUS

THIS IS THE WAY YOU FEEL

There is usually a pain across the small of your back, blue rings under your eyes, specks before your eyes, your sleep does not rest you, you get up in the morning feeling tired, your mind at times wanders, your memory is poor, you are hollow-eyed, whites of your eyes are yellow, you are fearful, always expecting the worst to happen, very nervous, you start in your sleep and awake from a dream very much frightened; stinging pain in the breast, no appetite.

If you have been unfortunate in selecting a doctor to treat you, or if you have not given yourself the attention which your disease demands, you know that every day you put the matter off you are getting worse and worse; you are mortified and ashamed of your position among your fellow men, life does not possess the pleasures for you it did. Would you not give much to possess that ROBUST HEALTH, SOUND NERVES and a CLEAR BRAIN that were yours before the ravages of disease attacked your system? If you have this desire to be strong and manly in a true sense of the word, call at my office at once, and I will take pleasure in explaining a treatment that has restored hundreds of men in a much worse condition than you are.

I Am Known as the Man of Last Resort

A man whom I had cured took my hand and said: "Doctor, I don't know what I can say to show you how thankful I am for your courtesy and goodness. You have done for me what I didn't believe could be done. I am as strong and powerful now as when I worked on the old farm. And it seems only a few days ago when I was down almost in the gutter, you might say. I'd given up all hope, for two other doctors I had spent a good deal of money with seemed to be able to do nothing for me. I saw your ad one day and I thought, 'Well, it won't do any harm to see him, anyway, because it doesn't cost anything.' And you cured me. Now I understand why you are known as the Man of Last Resort."

I did not ask that man for an expression of his sentiments. He spoke what he thought and felt. I mention his words here only to show you that I am known as the Man of Last Resort because of my deeds in benefiting mankind.

Discouraged Persons Don't Give Up

I invite in particular all those who have become dissatisfied with treatment elsewhere. I will explain to you why you have not been cured, and will prove by actual benefit why I can cure you Safely, Quickly and for Life, when others fail.

I ask all who are afflicted, who really desire a cure, to honestly investigate my original and strictly modern, scientific methods of treatment. A private consultation, a thorough personal examination, will cost you nothing, and a perfect cure (if you decide to engage my services) will not be more than you will be willing to pay for the benefits I will give you. I will do by you as I would want you to do by me if our cases were reversed.
