Ryan and others that tenta-tive plans have been made for the new organization and that its membership will include many of Portland's most prominent Democrats who are now members of the Jackson Club, but who do no tattend the meetings because they are of no interest, owing to the fact that discussion is limited to dead or unimportant issues.

fact that discussion is limited to dead or unimportant issues. The smash-up has been pending for some time, it is said, and was given greater strength Friday night when when the Jackson Club, at its regular semi-monthly meeting, failed to come out in the open and explain to the world what it stands for, as was re-quested by J. Hennessy Murphy, who is listed as one of the insurgents who are building up the new club. The intention is to have a Demo-cratic club which will announce a plat-form and a list of candidates to sup-port Harmon and to eliminate Wood-row Wilson, who seems to have the strangle hold on sentiment in the Jack-son Club.

"The fact is that the meetings of the Jackson Club are not attended by more than a sprinkling of Democrats because the discussions are limited to unimportant or dead issues," said J. B. Ryan last night. "The Democrats won't go any more to hear uninter-esting squabbles on free silver, the single tax and issues of that nature. We want an organization with life. The insurgents or robels, whichever you prefer, are meetly Harmon men and progressives of the first water. The plans for the new club are only tenta-tive.
