

# EXTRACTING TEETH

## A Science Seldom Mastered by the Average Dentist

### We Can Extract Any Number of Teeth Quickly Perfectly Painlessly A Knack and Skill Combined

DR. B. E. WRIGHT.

It is a fact that very few dentists are what is commonly termed "good tooth-pullers." Most people think it is easy, yet few dentists care to do it. They send that work usually to another dentist. Our method of painless extraction has never been excelled. We never pull a tooth unless it is a hopeless tooth or stump on which to build. When we do pull it is done in a second and without pain. Don't keep a lot of old decayed stumps in your mouth. They affect your breath and health. In all other lines of modern dentistry we are equally advanced, and our prices very moderate.

## TACOMA MAN CHOICE

### United Metal Trades Association Elects Officers.

### SPOKANE REPORT PLEASAS

Membership Now Comprises All Shops Except Two Small Ones. Luncheon and Banquet Tendered Visitors Yesterday.

John Hartman, of the Atlas Foundry & Iron Works, of Tacoma, was elected president of the United Metal Trades Association for the ensuing year in the final session of its annual convention at the Multnomah Hotel yesterday afternoon. Other officers were chosen as follows: First vice-president, A. G. Labbe, of the Williamette Iron & Steel Works, of Portland; second vice-president, F. G. Frink, of the Washington Iron Works, of Seattle; third vice-president, J. M. Fitzpatrick, of the Union Iron Works, of Spokane; treasurer, A. M. Clark, of the Columbia Steel, Company, of Portland. The morning session was spent in receiving reports from the different committees and discussing trade conditions. Members of the association expect a marked increase in business to follow the close of the political campaign.

**Spokane Shops on List.**  
The Spokane delegates, reporting from the Inland Empire district, which has been created since the last meeting of the Pacific Coast Association, announced that in that district the membership now comprises every shop, with the exception of two, which employ not more than eight or ten men. In their membership they include not only private companies but the shops of the railroads as well. Delegates were entertained at luncheon at the Commercial Club yesterday afternoon and a banquet was held in the Multnomah Hotel at night, at which representatives from all of the commercial organizations of Portland were present. Delegates from each of the districts in the association and representatives from the Manufacturers' Association and the Employers' Association, gave addresses. H. T. Clark, the retiring president, presided.

**Publisher Outlines Organization.**  
F. W. Phelps, of Seattle, publisher of the Pacific Coast Mechanic, outlined the organization of a brotherhood of independent mechanics which has been begun by him in Seattle and which he hopes to extend among craftsmen of the entire coast. The central idea of the organization is instruction of its members, so that they may become more proficient in their craft, and efforts to establish a plan of co-operation between employer and employe that will make arbitration supersede the strike method of settling differences. Mr. Phelps has received invitations from the Trades & Workers Association, of Battle Creek, which is organized with a similar purpose, to affiliate the Pacific Coast association with it.

## HUBBARD TO SPEAK HERE

Sage of East Aurora to Talk at the Bungalow April 30.

The Portland Ad Club is making elaborate preparations for the appearance under its auspices of the noted talker and writer, Elbert Hubbard at

the Bungalow Tuesday night, April 30. Mr. Hubbard will deliver a lecture in his characteristic manner on "Modern Business Methods," which no doubt will be highly interesting, instructive and entertaining, for he is one of the most brilliant and original talkers of the day. His talks to business men all over the country are gaining for him new fame, for his keen insight into every live subject, as well as a lot of dead ones, his never failing wit and power of epigram have set an entirely new pace on the lecture platform. There is only one Elbert Hubbard, King of Roycrofters and Sage of East Aurora and he is the one. So popular has he become with all classes of people the past few years that there is no doubt but the Bungalow will be packed upon the occasion of his visit here.

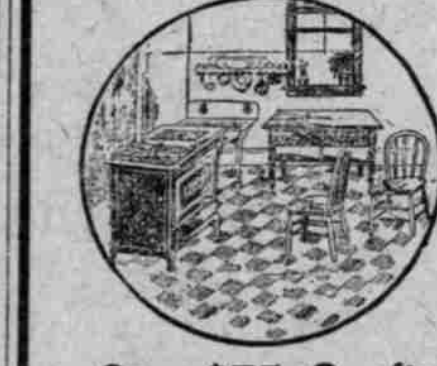

## MORROW LAMBS SNOW HIT

Many Newly-Born Sheep May Have Perished; Crop Aided. HEPPNER, Or., April 20.—(Special.)—On an average of about three inches of snow fell last night and today in Morrow County. This is the latest snow of any consequence that has been experienced here for years. It was a heavy wet snow and fell for about eight hours. To the crops this is encouraging, but it is feared that it will result in the death of hundreds of lambs. The lambing season is in full progress now in Morrow County, and the newly born lambs need the best of care, and can stand only a small amount of cold. Reports have not yet reached here from the lambing camps, but it is feared that many will have perished. Where good sheds are available this danger will probably be withstood.

## TOTS TO OFFER SHOW

### CHILDREN OF DES MOINES HOME TO PLAY AT BUNGALOW. Little Musicians Are Trying to Lift \$2000 Mortgage Hanging Over Institution.

Children, inmates of the Des Moines, Wash. Children's home, will give two entertainments at the Bungalow Theater April 23 and 24, proceeds from which will be used to pay off a mortgage of \$2000 hanging over the home. This home is maintained by Mr. and Mrs. H. M. Draper, the expenses being paid from entertainments and other affairs promoted by the children. The quarters are rather cramped and during the past year the institution has had to refuse more than 100 unfortunate tots. The home contains 42 inmates and of these 22 will be here to take part in the performances. Their ages range from 6 to 18 years. One of the features will be Claire Stitt, aged 11, and undoubtedly the youngest cornet soloist in the United States. All the children of the home are taught by H. M. Draper to play some instrument. Mr. Draper is an accomplished musician. This home was opened about five years ago by the superintendent who now has charge and under him the work has been carried on very successfully but it now needs financial aid. The children raise most of the money needed by entertainments given at the Puget Sound cities but as they do not miss any of their regular school they have not a very large field in which to work year after year. This trip to Portland is made during vacation. Mrs. Eva McGill, of Tacoma, who is acting as advance agent for the show,

## CHILD HAD ECZEMA ITCHED TERRIBLY

Small Sores All Over Face, Scratched, Which Made Them Worse. Could Not Sleep. Cuticura Soap and Ointment Cured Her.

1711 W. 20th St., Chicago, Ill.—"My child suffered greatly with eczema. First small sores began in a few places on her face and then all over her face, becoming larger. The child scratched them, which made them worse. They itched terribly and she could not sleep. The itching made her cry often, but medicine did not seem to help any. This had lasted three weeks when I sent for Cuticura Soap and Ointment. The result was great. Cuticura Soap and Ointment cured her and we highly recommend them." (Signed) Mrs. Kral, November, 1911.

## FACE FREED FROM PIMPLES

Through Cuticura Soap and Ointment. 417 Cherry St., New York, N. Y.—"About two years ago there suddenly appeared on my face and forehead pimples, blackheads. The pimples were scattered over my face. They were sore and caused plenty of pain. I suffered much from them. I tried several different remedies. I declared it was hopeless to remove those pimples from my face. "About four months ago a friend recommended to me the Cuticura Soap and Ointment. I used them nightly and almost immediately I found the desired results. First I would smear the affected parts with Cuticura Ointment and leave same on my face for five minutes. Then I would wash my face thoroughly with Cuticura Soap and warm water. After doing this for three weeks I found my face free from pimples and my sufferings at an end. I always use the Cuticura Soap now." (Signed) Sydney Unger, Nov. 22, 1911. Cuticura Soap and Ointment are sold everywhere. Sample of each mailed free, with 32-p. book. Address: "Cuticura," Dept. T, Boston. Tender-faced men should shave with Cuticura Soap Shaving Stick.
