

# TRY-NEW-LIFE IS BECOMING MORE POPULAR EVERY DAY

Hundreds of Oregon People Have Bought This Machine During the Past Few Weeks and the Hamilton-Beach Sales Company, of 367 Morrison Street, Portland, Oregon, Has Many Friends Among the Users of "Try-New-Life"

## Dandruff

This is generally caused by poor circulation. Long before "Try New Life" was invented, people aided the growth of the hair by rubbing the scalp with the fingers. Scalp specialists admit that nothing is better for the scalp than massage. "Try New Life" increases the circulation of the blood of the scalp and thus promotes the growth of the hair. In this way it effects a sure cure for dandruff. Hair tonic will not make hair grow; it is the blood that contains all the elements of nutrition for the roots of the hair, and the only way to make hair grow is to stimulate the circulation of the scalp and supply more nutrition for the roots of the hair.

## Salem Office

For the accommodation and convenience of the residents of Salem and surrounding country, the Hamilton Beach Sales Company has opened offices at 418-419 United States National Bank building, Salem, Oregon.

This office is now in charge of W. E. Hemstead, M. D., who is a registered Oregon physician and will be pleased to give his services to those who suffer and will call and see him. He also has demonstrators to demonstrate "Try New Life" to all those who call. This gives the people of Salem and surrounding country the services of a physician as well as the advantage of free demonstration by calling at the Salem office, 418-419 United States National Bank building, Salem.

We also wish to announce to the farmers in the Salem district that we have machines that are operated on batteries which are used in homes where there is no electric light. These machines are particularly adapted for farmers. The machine sells complete for \$35.00.

## Home Demonstration

We will be very pleased to send an expert demonstrator (lady or gentleman) to the homes of those who are unable to attend this demonstration. Remember, you are not obliged to buy or in any way obligated. "Try-New-Life" will operate from any electric lamp socket.

Simply drop a card to Hamilton-Beach Co., tell them that you would like to have a home demonstration. However, if you can, we would be pleased to have you call at our store, No. 367 Morrison st., between Park and West Park, Eaton Hotel blk., and get free demonstration there. Phone Marshall 2645.

## Still Room for a Few Live Agents

Branch agencies of the Hamilton Beach Sales Co. will be established soon in every part of Oregon and Washington to handle the wonderful little machine.

Some of the best cities have already been spoken for but there are still others in the center of a splendid territory that are open for firms with the capital to handle the goods and with business ability to put them properly before the people.

The rest is easy. Every machine sold makes a dozen friends. Every treatment given a sufferer makes a booster who goes out and tells his friends.

The branch agencies will handle the machines on the same liberal terms as the home office in Portland is doing, which is selling the machines on time payments if desired. They are thus placed within the reach of all.

Write today to the Hamilton-Beach Sales Co., of 367 Morrison St., Portland, Oregon.

### Branch at Astoria

The Hamilton-Beach Sales Company will open an agency at Astoria, Oregon, this week. Mr. E. R. Frey will be in charge of this office. Astoria residents will watch for the announcement in the Astoria papers.

### Residents of Hillsboro, Wash-

ington County, will be able to purchase "Try New Life" at Mrs. Imogene Bath's Millinery Store, Second street, Hillsboro.

STIMULATING THE KIDNEYS

## Read What This Former Sufferer Says

Mrs. A. C. Baer, 414 Twenty-fifth street, Portland, has been a sufferer of rheumatism for the past six years, which settled in her joints so that they squeaked when she attempted to move, and was also unable to get up out of a chair without being helped, on account of her lame back, and she always had to be helped on and off a streetcar, but since she has been using this "Try New Life" machine the trouble with her joints has disappeared, backache all gone and the rheumatism has vanished and she has not felt so well in years—all from the use of this wonderful machine, "Try New Life."

## Stubbs Electric Company

61 Sixth Street, Portland, Oregon

are the exclusive Western Distributors for "Try New Life" as well as for other articles that are manufactured by the Hamilton-Beach Manufacturing Company.

They are also jobbers for everything electrical and are prepared to fill the wants of all electrical dealers throughout the Northwest.

## Hamilton-Beach Sales Co.

367 Morrison Street, Between Park and West Park Eaton Hotel Building—Phone Marshall 2645

Lincoln County residents will be able to purchase "Try New Life" from W. I. Mapes, Newport, Oregon.

## "Try-New-Life" Store Will Be Open Evenings

For the convenience of those who cannot come to the Hamilton-Beach Sales Company's, at 367 Morrison street, in the daytime, the store will be kept open evenings twice a week. On Wednesday and Saturday until 9 o'clock in the evening the store will be open, and free demonstrations will be given just as they are by day. Drop in and have a Try-New-Life machine used on you to show you its invigorating effects on your weak part, and its magical power to relieve pain instantly.

SCIATICA

If you are suffering from sciatica, just try one treatment, and the relief it gives you will prove its great value in treating this stubborn disease.

# THE MEIER & FRANK STORE

This store has been recognized for many years as the leading store on the Pacific Coast. "Try-New-Life" is being demonstrated daily in this store on the second floor, main building. It is also exhibited in the drug and sundry department on the main floor.

This store carries a stock of "Try-New-Life" and will sell it to their customers and allow them to pay for this wonderful machine in monthly payments, making a small payment down and a payment each month.

## For the Homes That Have no Electric Lights, Especially the Homes in the Country and the Farmers

know what it means to be sick, ailing or in pain and to be miles away from a town, a physician and even a friend or neighbor.

The telephone has proved a great boon to them and brought them closer in touch. They are learning the value of electricity for personal use. No doubt they often envied the city people when reading of the X-Ray, Violet Ray and Electric Treatments, Massage, Vibration, etc. Even though feeling able to pay for such treatment, when they figured the cost of railroad fare, hotels and loss of time from their farm and fireside it appalled them and they dismissed it from their calculations and only dreamed of it. It need be a dream no longer. With our "Try-New-Life" Vibrator outfit they can obtain the same benefits which are enjoyed by city people, no matter whether having electricity in the house or not.

After a long Summer's work he is naturally anxious to rest and over-look the fact that by a sudden ceasing of exercise he will become muscle-bound. Rheumatism and pains will appear, the stomach becomes disarranged and he is more apt to contract illness and disease. This is where "Try-New-Life" is a blessing to a home.

It relieves pain, increases circulation of the blood and wards off diseases. A farmer's wife who once has a Try-New-Life will never be without it for treating her aching back.

Besides all this, she and her daughter can take beauty treatments just the same as her more fortunate sister in the city, and during the Winter months she can recuperate on her looks, coming out in the Spring like the flowers do, fresh, sweet and pretty, and ready and willing for another year's work for home, husband and children.

Where you have no electric lights in your home, the outfit complete with electric batteries will cost \$35. Batteries can be renewed at any automobile or electric shop.

## DOCTORS TO MEET

### Tri-State Medics to Gather in City July 5 and 6.

### MANY PAPERS SCHEDULED

### Health of Nation as Well as Topics of Science to Be Discussed. Amusement Features of Convention Remembered.

Doctors from Oregon, Washington and Idaho will assemble in force at the second Tri-State Medical Convention, to be held here at the Masonic Temple, Park and Yamhill streets, Friday and Saturday, July 5 and 6. Over 250 are expected to be present.

The majority of the delegates will arrive Thursday, July 4, and will remain in Portland until the end of the Elks festivities. One of the main reasons for the date chosen was to have all business over before the commencement of the week of enjoyment.

The convention will be called to order at 9 A. M. on both days, with an adjournment for lunch and a recomencement at 3 P. M.

After the formal opening Friday, the reports of the secretary, treasurer, committees, county societies and councillors will be read. Following this, Dr. W. T. Williamson will present an address of welcome, the reply to which will be given by Dr. C. A. Smith, editor-in-chief Northwest Medicine, Seattle.

Presidential addresses will be given by Drs. L. L. Love, W. F. Howard, and E. A. Sumner, presidents of Washington, Idaho and Oregon, respectively.

**Important Papers Prepared.**  
In the afternoon papers will be read by members of both the medical and surgical sections, 25 minutes being allowed for papers and five minutes for a discussion.

Both sessions Saturday will be given to reading papers on topics of interest not only to medical men, but to all those who have the health of the Nation at heart. Some of the most prominent men in the United States and in Canada will present a thesis on topics of especial interest at the present time.

Arrangements are almost completed for the amusement of guests in the evening. Friday there will be a smoker, with athletic and vaudeville numbers. Saturday a big banquet has been arranged at the Portland Hotel, under the auspices of the City and County Medical Society. Headquarters are at the Portland.

The officers and committees are as follows:

**Officers.**  
Washington—President, L. L. Love, M. D., Tacoma; secretary, C. H. Thompson, M. D., Seattle.  
Idaho—President, W. F. Howard, M. D., Pocatello; secretary, E. E. Maxey, M. D., Boise.  
Oregon—President, E. A. Sumner, M. D., Portland; secretary, M. R. McCallum, M. D., Portland.

**Committee on arrangements—E. A. Sumner, M. D., chairman, Portland, Or.; L. L. Love, M. D., Tacoma, Wash.; W. F. Howard, M. D., Pocatello, Idaho; E. E. Maxey, M. D., Boise, Idaho; C. H. Thom-**

## LAKES BEING STOCKED

### 5,000,000 TROUT FROM HATCHERIES DISTRIBUTED.

### Special Car Building for Handling Fish in Tanks of Aerated Water. Packer Employed in Hills.

Five million rainbow, Eastern brook and steelhead trout are being distributed in Oregon's rivers and lakes this season by the Oregon Game and Fish Commission in the most extensive fish stocking campaign in Oregon. To accomplish this a special fish car is being built by the O. W. R. & N. to be equipped at the expense of the state in which the trout may live in aerated water during transportation.

The new fish car is being built at considerable expense to facilitate the carrying of the fish animals. It will hold 250,000 fish in the two supply tanks of 900 gallons each, will be equipped with pumps to force hot air over ice-cooled coils and into the water, will have bunks and accommodations for four men and will have a completely equipped office on board for the man in charge. Before this the most primitive methods of transportation have been used. The trout have been changed from one receptacle to

## another in order to give them fresh water; a long process and an awkward one.

Plans for the fish distribution have been systematized and Wednesday will be started. From the Bonville hatchery consignments will be sent to the railway station nearest the destination and from there packed laboriously over trails and roads to the stream itself. As a beginner 200,000 trout will be distributed in the fisheries lakes in the Cascade forest reserve. There are 70 lakes in this territory, far from any railroad station and a contract has been given S. R. Moore, an old trail packer of Oregon, City to carry the fish from Detroit, Bend, Estacada and Casadero. A man from the Fish Warden's office will go along and designate which lakes are to be stocked. Last year was the first time that any systematic work in fish conservation and propagation was attempted and little could be accomplished, but that little has afforded an impetus for the big plans that will be carried out during the present season. Silverton has received already 40,000 trout; Baker, 50,000; Clatsop, 45,000; and Yamhill, 50,000, and the shipments have hardly begun. The distribution will be completed by August 21. The fishing season for trout opens April 1 and closes November 1.

### Teacher Leaves Hospital.

Miss Eva S. Rice, who was seriously injured in an automobile accident May 19, has left the Good Samaritan Hospital and is making rapid progress toward recovery at the Iris Apartments.

## HOTEL RAID IS FRUITFUL

### Twelve Women and Eighteen Men Taken in Police Net.

In a daylight raid on the Idora Hotel, Sixth and Burnside streets, early yesterday morning, Sergeant Harris and a large squad of officers arrested 12 women and 18 men under varying circumstances of a suspicious character. The raid was one of a series which the same officers have conducted since the latest clean-up commenced, choosing rooming-houses outside of the known dive districts and timing the raids at an hour when molestation is least expected.

The Idora has been known for several years as a place where immoral characters were harbored, and numerous "white slave" cases have originated among its patrons.

### Three Nurses Recovering.

Three well-known Portland nurses are ill at the Good Samaritan Hospital. They are Miss Bontia Giroud, who has been suffering from nervous prostration; Miss Elizabeth Barber and Bertha Grouse. All are recovering.

## A Perfect Dinner

### means care and skill in each step of its preparation.

We begin it with the marketing; every product that enters into our food supply is carefully selected by skilled buyers.

Perfect refrigeration is obtained in our complete and modern plant; bakery, storerooms and cellars are models of convenience.

A well-appointed kitchen, scrupulously clean, is presided over by masters in culinary art.

It naturally follows that those who dine at the Portland are well served. Every surrounding makes for comfort—the cool, spacious dining-room and grill, the masses of flowering plants, the courteous service. You are welcome here.

## Concert Each Night in the Court by Our Symphony Orchestra

**Portland Hotel**  
E. J. KAUFMANN, Manager.

## FAMOUS MUSICAL ORGANIZATION WILL PLAY IN PORTLAND ON JUNE 29.

**WILLYS-OVERLAND BAND OF FIFTY PIECES UNDER DIRECTION OF HERR GUSTAV KOEHLER.**

Not only has the 50-piece Willys-Overland Band of Toledo, O., which will visit Portland on Saturday, June 29, in its vacation tour of the 24 principal cities of the West, made a high place for itself as a body of really high-class musicians, but it promises to become the pioneer in like enterprises in all the big automobile factories of the country. Following a concert given by this famous "factory band" on Belle Isle, Detroit's great municipal park, Memorial day, 1911, plans were announced in many of the automobile plants of that city for the founding of a like organization. So captivated were the auto workers in the crowd of nearly 50,000 people who heard the Willys-Overland Band on that occasion that this feature of social life among the employees bids fair to be adopted in a dozen of the big plants of the Michigan city.

The managers of the Overland Band have been persuaded to give the people of Portland a treat when the organization comes here on its vacation tour. Arrangements have been made for two concerts to be given by the band in the afternoon and evening of June 29 in the City Park and Plaza Block—afternoon concert, City Park; evening concert, Plaza Block. The concert promises to be a real musical treat, as the band has already become famous as a talented group of performers in classical and high-class popular music. The band is a strictly amateur organization in everything but ability, as the members have always refused to accept monetary compensation for their services. They play for the dances, parties, baseball and football games, field days and other occasions arranged by President John N. Willys as part of the unique social life of his army of nearly 7000 employees.

**\$36 Solid Oak China Closet; Our Price \$23**

Were it not for the fact that we make this furniture, we could not possibly sell it direct to you for such low prices. What is true of this piece is true of every article we make. You get better furniture, prettier furniture and more durable furniture, to say nothing about what you save, when you buy from the maker.
