

ELKS' ACTIVITIES TO START WEDNESDAY

Judiciary Committee Assembles for Work Five Days Before Conclave.

GRAND RULER IS EN ROUTE

Special Body Will Report on Aid to Quadruped Antlered Herds Still Living and Recommend Additional Relief in Winter.

A meeting of the judiciary committee of the Elks' grand lodge will be held at the Multnomah hotel in Portland on Wednesday.

This will mark the beginning of activities in connection with the Elks' annual National reunion which formally opens here one week from tomorrow.

Raymond Benjamin, of Napa, Cal., is chairman of the judiciary committee. The other members are: Frank I. Duncan, of Towson, Md.; John F. Burket, of Findlay, O.; Richard W. Nuzum, of Spokane, Wash.; and Walter P. Andrews, of Atlanta, Ga. It is probable that the full committee will be here. It is the function of the judiciary committee to make a careful study of the grand lodge constitution and to recommend any such changes as they in their judgment consider advisable.

Hardly will this committee have finished its work, secretary and auditor of other grand lodge officials will pour into the city. Conferences, committee meetings and preliminary business sessions will be in order every minute after next Wednesday.

Grand Ruler Is En Route.

The special car of John P. Sullivan, Grand Exalted Ruler, and his party will leave Chicago over the Milwaukee road tonight, arriving in Seattle Wednesday and reaching Portland Thursday morning.

A large delegation of lodgemen, supplemented by Charley McDowell, "welcome squad" and a band, probably will be at the depot to meet them. Besides the grand exalted ruler and Mrs. Sullivan, the party will consist of Fred C. Robinson, of Dubuque, Ia., together with a staff of clerks and assistants; Thomas B. Mills, of Superior, Wis., chairman of the board of grand lodge trustees; and the only applicant for grand exalted ruler at the Portland convention; Judge Jerome B. Fisher, of Jamestown, N. Y., past grand exalted ruler; John D. Galt, of Chicago, past grand exalted ruler; Patrick T. Powers, of Jersey City, a member of the grand lodge committee on a new Elks' National home, and a number of other Elks from various parts of the country will join them along the way.

Next to August Herrmann, of Cincinnati, past grand exalted ruler and president of the National Elks' Convention, known among sporting men than any other member of the grand lodge. He is ex-president, secretary and auditor of the Eastern League—now the International League—and ex-president of the National Association of Professional Baseball Leagues. He resigned his position a short while ago to engage in private business. He is a close friend of Judge W. W. McCredie, owner of the Portland baseball franchise. Past grand exalted ruler of the lodge at Vancouver, Wash.

The committee of which Powers is a member consists, besides himself, of the five grand lodge trustees, Grand Exalted Ruler Sullivan, Past Grand Exalted Ruler Herrmann, Calvin I. Kingsley, of Waterloo, Ia., and Samuel V. Perrott, of Indianapolis.

Home to Be Discussed.

This committee met at Chicago a few weeks ago and received bids for the proposed new home at Bedford City, Va., which was authorized by the grand lodge at Atlantic City, year ago. However, the bids are considerably in excess of the appropriation made for the purpose, and no action was taken. The whole question will be brought up at the Portland city year. It is probable that it will cause considerable discussion—especially since the meeting is being held in the West.

It is said that there is a sentiment among Elks in the Middle West and West that Bedford City is too far away from the beaten paths of travel, and that a home in the West would result in the greatest benefit for the members, as they will not be able to visit it with desired frequency. A growing movement is on foot to locate somewhere farther West. Colorado Springs has been suggested.

One of the most important meetings will be that of the ritual committee, which will be held at the Multnomah hotel on July 4. Fred Harper, of Lynchburg, Va., is chairman. The other members are Charles B. Lahan, of Chicago, and John C. Futrell, of Fayetteville, Ark. The entire committee will arrive here on the morning of the Fourth. It is said that the committee intends to report some changes in the ritual, which, while maintaining the general features of the present ritual will improve some of the work.

Aid to Quadrupeds Given.

Rush L. Holland, of Colorado Springs, past grand exalted ruler and chairman of the committee on preservation of quadruped elk, will submit a report of the progress his committee has made in the work of providing relief to the band of wild elk in Jackson's Hole, Wyo. With the co-operation of the Government the grand lodge has been able to keep many animals from starving. Much money has been expended on the account of the probable presence here of many Western delegates, it is expected that the convention will authorize further work along this line. The other members of the committee are: Joseph T. Fanning, of Indianapolis, past grand exalted ruler; William J. O'Brien, of Baltimore, past grand exalted ruler; Senator Chamberlain, of Portland; and Edward J. Kelly, of Cheyenne.

Grand Ball Arranged.

James L. King, of Topeka, Kan., grand exalted lecturer, will arrive here July 4 to attend the meeting of the ritual committee. He was appointed to the position vacated by the death a few weeks ago of Frank L. Kingsley, of Kansas City, Mo.

It was decided yesterday to hold the grand ball and reception in the rooms on the third floor of the Oregon building adjoining the Elks' temple on the north, and which has just been connected with the Elks' building by means of a spacious arch. The lodge rooms on the fourth floor, the club rooms and the Oregon hall and probably the rooms of the Press Club on the second floor will be used. This function will take place Friday evening, July 11.

All members of the "welcome squad" will assemble at the Army this morning for drill practice and to pose for a photograph.

The squad also will meet the grand exalted ruler and his party Thursday morning. Immediately thereafter they

will march out Belmont street to meet the Missouri "chickens," who are due at 10 o'clock Thursday morning. A band will join in the parade with them.

Governor to Be Guest.

Former residents of Pennsylvania are preparing to entertain Governor Tener, past grand exalted ruler of the Elks, and the members of the commission who are to select the site for the Pennsylvania building at the Panama-Pacific Exposition and who will attend the convention festivities.

Holiday Is Probable.

At the request of the general arrangements committee Mayor Rushlight probably will declare a legal holiday in Portland July 11. A communication was received yesterday by the Mayor asking that the holiday be declared so that the Elks employed in stores and business offices might have a chance to take part in the parade. The Mayor said he would take the proposition under consideration and announce his decision some time this week.

ELKS TO WEAR SILK HATS

Although established less than six months, the Portland Transportation Club has become one of the largest organizations of the kind on the Pacific Coast. The membership, restricted to railroad men, has reached 401, and the club has become an important factor in railroad circles.

PORTLAND SERMON TOPIC

This City Will Be Told of in 1000 Churches Today.

"Portland and the World's Christian Citizenship Congress" will be the theme of sermons in 1000 pulpits in all parts of the United States and Canada today. The plan to use this method of giving publicity to the great congress that is to meet in Portland in 1913 was announced by C. H. Congdon, publicity agent for the congress, when he visited Portland last summer, and a letter was received at the Portland Commercial Club yesterday announcing that the idea is to be carried out today. In every city where these sermons are preached, arrangements have been made with the newspapers to give the widest publicity to the coming Christian Citi-

EIGHT SENTENCES IMPOSED

Judge Bean Disposes of Grist of Prisoners in Federal Court.

Sentences were imposed by Judge Bean in the United States District Court yesterday on seven people who had pleaded guilty to their respective charges.

Eight months in jail was the sentence imposed upon Clara Manson for white slavery at Baker. This was the first case in which a woman had been tried in this court on a white slave charge.

SUMMER SCHOOL TO OPEN

Record Attendance Is Expected for Vacation Term.

The Summer term of the High School in Portland will begin tomorrow morning at 9 o'clock, and the attendance bids fair to be the largest since the vacation schools were opened in Portland. Reports from Jefferson and Washington High Schools yesterday received by W. T. Fletcher, principal, assure 200 students for the opening of the term, while this number will probably be swelled to at least 300 when the report from Lincoln High School is received.

Elks Week

Mail to your friends and relatives in the East The Oregonian during the Elks' Convention, including the big illustrated special Elks' Edition, the Sunday before the convention, and the great Sunday edition of July 14th, giving a resume of the entire week.

Eight Issues Altogether. The Oregonian will have the best and most complete account of the days' doings, profusely illustrated, and no more attractive testimonial to your friends could be given than a subscription to Oregon's great daily during the event.

Have You Purchased a "Try-New-Life?"

MACHINES CAN BE BOUGHT ON PAYMENTS OR RENTED ON MOST LIBERAL TERMS

YOU ALWAYS NEED "TRY-NEW-LIFE"

For the child with infantile paralysis, unable to exercise its weak muscles, "Try-New-Life" is needed to stimulate the circulation, build up the nerves and strengthen the feeble muscles and give the child a fair start in life.

For the sickly boys and girls, who need strength and energy there is nothing like the use of "Try-New-Life" to give them good, rich blood and build up the entire body. The pale, irritable boy or girl who has no ambition, is always tired, short of breath and does not grow, is the victim of anaemia, the great enemy of youth, and there is but one thing to do—build up good blood by the use of "Try-New-Life" and put them in a normal condition.

For the middle-aged men and women who have reached that time of life when their vitality is the weakest, they need "Try-New-Life" to put them in normal condition so they can forget their years and enjoy all the pleasures of life.

Free Treatments Show the Sufferer How Easily and Quickly Relief May Be Had

The generous offer of the Hamilton-Beach Company has placed the magical little "Try-New-Life" machine within reach of the man with only a few dollars at a time—he can now buy a machine on installments or rent one by the month, and pay for it while he treats himself and his family. Also, if he has been duped into buying an inferior machine of another make, he may trade the old machine in part payment for a genuine "Try-New-Life."

These offers, together with the free treatments given at the Hamilton-Beach Sales Company's store at 367 Morrison street, puts health and strength and vigor within the reach of thousands at a nominal charge.

Hundreds have taken advantage of the company's offer to make a deposit when buying a machine and pay for it at the rate of \$5 a month. Thus the price of the machine is never missed, and the sufferer is cured while he pays.

The rental offer is fully as liberal. A sufferer from any ailment to which "Try-New-Life" is adapted is allowed to pay a small sum down, which rents a machine to him for 30 days. At any time before his month is up the renter may buy a machine, and the amount of the first month's rental will be applied on the purchase price.

No company could afford to make such offers if it were not perfectly sure that its machines will do everything claimed for them—and more.

The offer to accept inferior machines of other makes is made because many who have come to the Hamilton-Beach store to buy machines have told of spending good money for machines of other kinds which had failed to do what had been promised. "Try-New-Life" embodies all that is new in the science of treating disease by aiding instead of opposing Nature, and every man or woman with an ache or a pain ought to have a machine.

There is no argument with a man who comes to the store with rheumatism, headache, gout, lumbago, tired feet, sore back, or any of the hundred ills that attack mankind. He knows he has the pain and he knows when "Try-New-Life" takes it away. Then he wants a machine of his own. He wants results. He gets a treatment—several if he needs them—free, and he gets results. That is what sells "Try-New-Life."

If you have a headache, come in and have it taken away, free.

If you have a lame back, come in and see how quickly the vigor of a strong man can be restored by ten minutes' work with a little machine.

Are there rheumatic pains? They can be smoothed away and that stiff knee or wrist or elbow be made to bend again without pain, as it did ten years ago.

Is it indigestion? Just a few minutes will set the stomach to doing its work in a natural way and you will be the better.

Are you sleepless at night? A skilled operator will take away that restless, nervous, wide-awake sensation with fifteen minutes' of painless treatment, and you will sleep like a baby that night.

Whatever it is, come in and see what can be done. Some things cannot be cured by "Try-New-Life" any more than by drugs, or an operation. If yours cannot, the operator will tell you so, as frankly as a physician would. But if it can be cured, why not?

Come in and be shown.

"Try-New-Life" Can Be Purchased at the Following Places
