ELKS' GREETINGS SENT BY ATHLETES

Members of Order Aboard Finland Bound for Stockholm Remember Home.

PRACTICE GOES ON DAILY

Sprinters and Distance Runners Do well, but Pole Vaulter and Weight Throwers Have Some Difficulty Exercising.

BY "BILL" HAYWARD (Oregon Coach with Olympic Team at Stockholm.)

ON BOARD STEAMER FINLAND English Channel, June 25.— (Special Correspondence to The Oregonian.)— Greetings to the Elks' Grand Lodge Convention from the American Olym-pic athletes There are quite a bunch of "Bills" aboard this boat bound for the games at Stockholm, and we all wish we could be in Portland for the big doings. This morning the bunch posed for a photograph to be forward-

ed to headquarters in Portland.

The trip over has been delightful, and by the time you receive this we will have reached Stockholm and the games will likely be under way. deck has been very active during the day, the 100-yard men having a straightaway to work on while the half-mile, mile and marathon men work on the long track extending around the

decks of the vessel.

The swimmers train in a canvas tank sunk in one of the hatches and the others are all provided for with the exception of Sam Bellah, who has no place to vault. He is kept busy climb-

Hawkins, McClure and Bellah, of the Multnomah Club, of Portland, and McDonald will give a good account of themselves. In the sprints Drew, the colored boy looks like the goods. Gearnart is showing as much speed as any and may surprise some of the Eastern men. Others who are making a good showing in the practices are: Cooke, of Cleveland; Courtney, of Seattle; Wilson and Craig, and they sure look winners.

and may surprise some of the Eastern men. Others who are making a good showing in the practices are: Cooke, of Cleveland; Courtney, of Seattle; Wilson and Craig, and they sure look winners for America.

The 400-meter run will bring together such men as Davenport, Rosenberger, Sheppard, Reidpath and Edmundson, all better than 48, for the distance. In the 800-meter event, Sheppard, the peerless one, will have to extend himself to win from Edmundson and Davenport. The entries which look best for the 1500-meter race are: John Paul Jones, Kiviat and McClure. The Oregon boy will run well. Anyhow, whoever wins will establish a new world's record. In the hurdies Hawkins has as much speed as anyone. Nicholson, of Missouri, has a record of 15 1-5. However, Hawkins will be there at the finish. Chisholm, Kelly and Case will probably finish on that order.

The competition is right on this boat and the United States should take first, second and third in nearly all events.

Rose is putting the shot over 48 feet every day, with Pat McDonald a close second. Duncan is practicing throwing the discuss overboard, a rope being attached to the weight. McGrath does the same stunt with the hammer, but the rope retards the throw.

Players Promise Fast Game.

The Montana Elks will have several workouts before Thursday, doing their conditioning at the gymnasium of the club.

The first polo match on the Wavering Country Club's new ground will take place this afternoon, when the protland team will play the Second Field Artillery, from Vancouver Barracks, Wash. The game is to be public.

Our field is faster than the ground at the Barracks, "said Captain Voorhies." The turf is short and in fine condition, and the game will be fast. Oregon City cars pass the grounds."

The quint represents Billings Lodge, No. 394, at the annual reunion, and is scheduled to meet the Multnomah Ciub team of Portland at the winged M "gym" next Thursday night.

Captain Markham, of the Montanans, has been in the city the past few days making arrangements for the contest, and yesterday received word from the team at Kalispell, Mont., where the Montana convention of the antiered herd is in session, that the boys are in great form and gave an exhibition at that place yesterday afternoon.

Roscoe Fawcett, sporting editor of The Oregonian, will referee the battle.

Both Manager Mackle and Captain Markham are optimistic over the outcome of the game, each looking forward to a victory. "A win for us," declared Manager, Mackle, "will demonstrate that Mulinomah ranks with the best quints in the country, as the Triple B's have a National reputation that cannot be disputed."

Last year Edmundson represented the Seattle Athletic Club at the Amateur Athletic Union games held in Pittsburg. There he met the great M. W. Sheppard in the half. Coming down the home stretch he had a good lead, but fell, and Sheppard won, F. N. Riley, Irish-American Club, second, and E. Frisk, New York Athletic Club, third. Sheppard's time was 1:54 1-5. The story sent out was to the effect that Edmundson collapsed, but as a matter of fact that was not true. In turning his head to get an idea of how much lead he had he lost his stride and tumbled.

Edmundson is now an instructor in the commercial department at the Broadway High School, in Seattle, and puts in his spare time with the track and field team of that school. He was first heard of fn athletics as a member of the basketball team of the University of Idaho. Boise is his home town. In 1994 he took second in the half mile at a dual meet between Idaho and Washington State Colleges. The next season he commenced to hit the high places and the Northwest really awoke to the fact that he was a fiyer. He broke the Pacific Northwest intercollegiate record, doing the half on an ordinary track in two minutes and one-fifth second. That year he also tried the mile and got a record of 4:35 2-5.
