

BURNS INDICATES REAL SENSATION

Famous Sleuth Hints at "Higher Ups" in McNamara Dynamite Plot.

DARROW MAY CONFESS ALL

Keen Detective, Returning From Jury Bribery Trial, Says Country Would Be Shocked if He Should Spare No One.

CHICAGO, July 6.—(Special.)—Revelations so sensational that the entire country would be shocked as it was in the McNamara case were predicted today by W. J. Burns, head of the Burns National Detective Agency, in the case of Clarence S. Darrow, the Chicago attorney on trial at Los Angeles on a charge of jury bribing, should he decide to make a complete confession of all he knows, sparing no one.

Mr. Burns arrived in Chicago today from California, fresh from the famous trial.

"I don't think that it would be necessary to send any one to prison in case the full facts could be made known through a confession," he said. "Then the public would know just what men were connected with this outrage, how they went about it, and what they did. I think that it would do more good in cleansing the ranks of labor of crooks than the mere sending of Darrow to prison. People would be startled if they knew the names of every one connected with the dastardly plot."

"Yes, he does. He is smart enough to realize the strength of the case against him," said Burns. "I would not be surprised if at any time he confessed and threw himself on the mercy of the court. He is being encouraged by his attorneys and friends. E. N. Neekles, secretary of the Chicago Federation of Labor, is his constant companion in the courtroom."

ERRICONE REMAINS SILENT

Accused Camorrist Does Not Interrupt Judge Summing Up.

VITERBO, Italy, July 6.—The presiding judge in the Camorra trial today continued his summing up of the testimony given during the two years' trial, as to the culpability of the accused for the murder of Gennaro Cuocolo and Maria Cuocolo in June 1906. He did not omit any of the details in explaining the case to the jury, and referred at some length to the flight of "Erricone" (Enrico Alfano) to America.

Erricone bit his lips until they were bleeding, but nevertheless, although evidently suffering from the most intense excitement, kept his promise not to interrupt the judge.

SHEEPSHEAD BELLE DYING

Woman of Many Marital Escapades in Straits in Paris.

NEW YORK, July 6.—(Special.)—Mrs. Roberta Menzies-Hill, former "belle of Sheepshead Bay," whose numerous marital escapades recently culminated in her elopement with Conway Tearle, actor, is said to be at the point of death in a Paris hotel today.

In response to a cable message received within the past 48 hours, Mrs. Robert Menzies, mother of the young woman, sailed for Paris today.

A cable from Paris reported that both Mrs. Corwin-Hill and her actor-companion had been in dire straits for several weeks and that they were on the verge of being ordered from their hotel.

STEEL CARS SAVE LIVES

Train Tears Up Track, but No One Is Seriously Hurt.

JACKSON, Miss., July 6.—Steel coaches probably saved the lives of more than a score of passengers when Illinois Central passenger train No. 3, southbound, was wrecked late today two miles south of Jackson. Several passengers were badly shaken up and bruised, but only five required more than passing medical attention. These were brought to Jackson and placed in a hospital, where it was said their injuries were not serious.

The wreck was due to soft roadbed caused by heavy rains. The plunging coaches stripped the rails loose for 100 yards. One rail pierced a well filled coach, passing through both floor and roof.

LIMIT PUT ON FLAG USE

Ohioan Introduces Bill to Prevent Use in Advertising.

WASHINGTON, July 6.—A bill to penalize the desecration of the flag and coat-of-arms of the United States and to prevent their use for advertising, patent or copyright, was introduced today by Representative Cox, of Ohio, Democratic nominee for Governor.

The bill would make the Grand Army of the Republic the only organization allowed to use the flag as an emblem.

Kelso Man Succumbs Here

Arden Westfall, a 15-year-old employe of a lumber company at Mills City, whose parents reside in Kelso, Wash., died July 4 as the result of an operation on his leg which had been crushed June 25. The young man, in company with John Dinsmore, of Mills City, and another employe were riding on a car for hauling tools, when it broke loose and ran down the hill, crashing into a log. One of the boys managed to jump out. Dinsmore's leg was crushed and Westfall's leg was badly injured. An operation became necessary and death resulted.

Grand Jury Dismisses Constable

ASTORIA, Or., July 6.—(Special.)—The Circuit Court grand jury returned a not true bill tonight in the case against Constable John Saylor, who had been held on an information charging him with manslaughter for shooting Ray McC. Jones, an enlisted man stationed at Fort Stevens.

DOUBLE PLAN TRIED

California Roosevelt Men to Take Precautions.

ELECTORS SOUGHT FIRST

Colonel's Supporters Propose Compact Among Legislative Candidates—Petitions to Be Circulated, as Well.

SACRAMENTO, July 6.—Alexander McCabe, private secretary to Governor Johnson, today gave out a statement of the plans of the California Progressive Republicans, following the conference of political leaders from various parts of the state and the Governor yesterday.

The statement indicates that the progressives, as represented by the state administration, will make every effort to swing California's electoral vote for Roosevelt.

Petition Method Doubtful.

"Our Presidential Electors, under the law, are selected by the candidates for the Legislature chosen at direct primaries," the statement continues. "There is a wide divergence of opinion as to whether candidates for Presidential Electors can by petition be put upon the ticket by a party designation, or if thus put on the ticket can be voted for in a single group, and there are many who insist that the only party designations that can be used are Republican, Democratic and Socialist."

"It has heretofore been determined that those candidates for the Legislature in the Republican party who are progressive shall agree, if they are successful, to nominate candidates for Presidential Electors who will vote for Roosevelt for President."

Double Precautions Taken.

"In addition to making the fight for candidates for the Legislature in order that electors favorable to Roosevelt shall be nominated, petitions will be circulated for the purpose, if it can legally be done, of putting Roosevelt electors upon the ballot in any event."

"It was also determined that representatives to the conference at Chicago to be held next month should be elected by the delegates and alternates who attended the Chicago convention and that a full quota from California should be sent there."

KENT JOINS PROGRESSIVES

California Representative Will Seek Re-election Under New Standard.

WASHINGTON, July 6.—Representative Kent of California today sent an address to his constituents, giving notice that he would run for re-election simply as a progressive. Kent was elected as a Republican.

Some time ago he said he would not

be a candidate for re-election, but his announcement withdraws that. He will run by petition without seeking a primary nomination.

THIRD PARTY TICKET BALKED

Insurgent Republican Leaders Confer at Seattle.

SEATTLE, Wash., July 6.—(Special.)—Insurgent Republican leaders of Seattle after a conference with Tomas Murphree today decided not to nominate a state or county ticket, but to make a home from Chicago two days ago imbued with the complete ticket idea, gave way before the demand of local leaders that the Roosevelt ticket be limited to a contest for electors.

Within a few days a conference of state insurgent leaders will be called and provision will be made for calling a state convention.

There will be a possibility, until the convention adjourns, that somebody will demand that a full ticket be named and will be able to stampede the convention in that direction. Local insurgent leaders believe, however, that they are strong enough to head off this movement.

There is one move that can easily be made to handicap the third ticket advocates, and it probably will be made. Under the law electors can be nominated at any time or any place, but state and county tickets can be nominated only on primary day. If a convention were summoned to name electors before September 10, the date of the state primaries, it would be powerless to nominate a state ticket and probably could be discouraged from calling a second meeting for that purpose.

OREGON HELD PROGRESSIVE

Bruce Dennis Says Need of Third Party Does Not Exist.

LA GRANDE, Or., July 6.—(Special.)—"There is no occasion for a third party in Oregon, with the exception of Roosevelt electors," was the statement made by Bruce Dennis, chairman of the Republican state central committee, today, to the numerous inquiries that came from over the state.

"Oregon has spoken. She is a progressive state. Progressive candidates are named for almost every office in the districts, state and counties. Simply because a conscientious National committee packed a convention in no cause for Republicans in Oregon to desert the party. Especially is this true where the great backbone of Republicanism in the Nation refuses to endorse the National committee's action. The Republican states which do the electing of Republican National candidates refuse to be bound by the late National convention."

"I shall call the state committee together soon. It was organized along progressive lines, as all will remember. If a majority of that committee does not agree with me, it means that I shall step aside."

West Virginia Governor Signs

CHARLESTOWN, W. Va., July 6.—Ex-Governor Dawson announced today that he had signed the call for the National convention of the Progressive party, to be held in Chicago August 10. Dawson was chairman of the Roosevelt state committee in the primary campaign in West Virginia.

WILSON BLAMES TARIFF

GOVERNOR TO MAKE ISSUE OF HIGH COST OF LIVING.

Other Subjects Will Be Included in Speech of Acceptance—Contributions Are Received.

SEAGIRT, N. J., July 6.—Governor Wilson expressed his opinion today that the high cost of living is the burning issue of the hour and that "at its heart lies the high protective tariff." It is an issue, he said, that he expects to cover fully in his speech of acceptance and in every campaign speech that he may make.

"Undoubtedly the tariff is at the center of it," he said, referring to the high cost of living. "The thing is so interlaced in public questions of all kinds that the conclusion is inevitable. The tariff lies at the heart of it all. A great many of the trust questions of the time have arisen out of the tariff. The minute you get out from the center—the high tariff—you get into the trust question and others."

"Do you intend, Governor," Mr. Wilson was asked today, "to take off your coat and go to the mat with Colonel Roosevelt on the question?"

"That sounds decidedly strenuous, doesn't it?" he commented, laughing. "I intend to cover the matter in my speech of acceptance and my campaign speeches. Of course, there are other questions which I shall deal with in my speech of acceptance, but I cannot indicate just now what I shall say. I want time to organize my thoughts."

"The most interesting features of my mail today," he continued, "are the con-

CELILLO GRANT OPPOSED

HOUSE RESISTS EFFORT TO INCREASE APPROPRIATION.

Feeling Toward Bourne Regarded as Responsible for Much of Hostile Sentiment.

OREGONIAN NEWS BUREAU, Washington, July 6.—The conference committee on the rivers and harbors bill is in a deadlock over the Celillo Falls and 20 other items added to the bill in the Senate. The meeting of the committee today resulted in no progress and adjournment was taken until next week.

It is the firm declaration of the House members of the conference committee that this and other objectionable Senate amendments must be dropped or the bill will be killed. If they maintain this attitude to the end, Bourne will be obliged to withdraw his amendment in order to get \$600,000 for Celillo and all the other Northwestern appropriations carried by the bill. The Senate is expected to back down eventually at least on the majority of the items in dispute.

In 1910 the total population of New York was 4,768,832 and the total greater traffic was 1,489,682,490.

the big Senate amendments and for some reason their hostility seems to center on the increase in the Celillo canal appropriation from \$600,000 to \$800,000. This increase was specifically in accord with the recommendation of the Army engineers and it was shown that a larger appropriation would tend to economy, but the fact that Senator Bourne is backing the amendment seems to have aroused specific opposition.
