Selecting a Corset

is a matter of serious consideration with most women. A corset that is perfect on one woman may be an utter failure for her friend and create an undeserved prejudice against all corsets of that particular make. While it is unfortunate that this condition exists, we are frank to say that more than often the fault lies with the salesperson, who in her anxiety to make the sale loses sight of her customer's ultimate comfort and satisfaction. You will never be advised in our corset section to buy any model that is not perfectly suited to your own particular figure requirements. This policy is religion with us and to its strict adherence we believe is due the fact, that a woman once fitted in our corset section invariably becomes a permanent patron. Mme. Mariette Corsets, custom tailored along French lines for American women in a wide variety of models to suit every possible figure requirement. Sold by us exclusively. Priced at \$5.00 and up.
