BAXTER, MARRIED, CRIES "RUSH ACT"

SPORTING EDITOR SAYS HE WAS RAILROADED TO AITAR.

Veteran Writer's Marriage Announced Through Megaphone at Ball Game in Seattle.

SEATTLE, Wash., July 13.—(Special.)—Scene, Post-Intelligencer local room.

Time, just now. Enter Portus Baxter, veteran sporting editor and bachelor since before the year of the big wind.

Portus—Gee whittaker, I never got such a haul-out in all my life. This fellow Miller gets up before the whole grandstand and announces through a megaphone to the whole crowd that I was married this morning. Then they all got up on their hind legs and began to shout for a speech. I never felt so small in all my life.

Chorus (in a hoarse voice)—But were you married?

Portus (to be in a block)—Yes. Five minutes for a speech.

Portus—Did you get married today? I got railroaded. Didn't intend to get married, not for three or four weeks yet. I was down town getting a ring, along comes Fred McCullough. First thing I knew they got me into an automobile, took me up to the courthouse and gave me a license and the next thing I am out at Fred's house—and married. When they all yelled for a speech I felt—

Chorus—Did you make a speech?

Portus—It was a peach of an exciting game and that's all that saved me. If it had been only a regular Dugdale game I'd have been up against it.

Mrs. Baxter was Mrs. Lora Hummer. She was reared in Seattle, but lived in San Francisco for several years. Seattle fans are astounded.

WIFE SLAIN BY HUSBAND

Man Then Kills Himself—Couple Were Wedded in Portland.

LOS ANGELES, July 13.—Harry Weber, a marble-layer, shot and killed his wife early tonight on the steps of a lodging-house here and then blew out his own brains.

Weber was 31 years old and his wife was 26. They were married about a year ago in Portland, Or., where the young woman resided. Her name prior to marriage was Rose Wilson.

Domestic difficulties caused the tragedy. Mrs. Weber had threatened to leave her husband and he had told her he would kill her if she did.

AUTOMOBILE KILLS CHILD

Chantfour Stakes Tot's Life Against Two on Motorcycle.

Albert C. Alford, a chauffeur, living at 237 Tillamook street, last night staked the life of a child sitting on the curb at Twenty-third and Thurman streets, against the lives of a man and woman on a motorcycle crossing the path of the automobile he was driving.

As a result, Dora Welsoff, the six-year-old daughter of Marcus Welsoff, a tailor of 399 Twenty-third street North, was seriously hurt that she died in the four blocks to Good Samaritan hospital. The two persons on the motorcycle were saved.

Thermometer Goes Above 100 Mark in Kansas Towns.

KANSAS CITY, July 13.—Western Missouri and Kansas found no relief from the heat wave today, but "slightly cooler" is predicted for this immediate vicinity tomorrow. Here the temperature reached 94 without the breeze that has been blowing for several days.

At Hutchinson, Kan. the thermometer registered 104 and at Strong City, Kan., 102.

REFORM LEADERS WEARIED

Dyed-in-Wool Progressives Beginning to Wonder Whether They Are to Profit by Fight Seemingly Unending.

WASHINGTON, July 13.—(Special.)—Some of the public's servants, valuable and respected members of Congress, are growing weary of the game. They are not being driven from official service by the reaction against reactionism, because they are dyed-in-the-wool progressives. They are the advanced leaders in the cause which the sentiment of the day supports; yet they dread such fights as they have to make to keep alive politically, wonder if the sacrifices they undergo in neglecting private business for the public weal are justified, and are now hesitating between duty to friends at home and duty to themselves.

State'smen Still Hesitating.

If certain state'smen whose names are more or less household words follow their inclination, there will be some announcements that will be interesting, if not sensational, in the near future. The rupture in the ranks of the Republican party will present some of the responsibility. Of course those who are in public life for the living and incidental glory they get out of it and who are not forced by circumstances over which they have no control to return to their private business affairs, are not affected by the mixup in the political situation.

As to at least a few others, the advice they received within a short time from those to whom they feel under obligations to keep the cause afloat will determine their course of action. It is not permissible to mention names at this time, but consent to do so may come any day.

Taft Urged to Clean House.

A shakeup that would make the for-the-good-of-the-service order of a metropolitan chief of police look like a love letter is being urged by strong party men of Republican persuasion in Congress. They are urging that President Taft do the shaking. They declare it necessary to stimulate the effective action of the organizations that must be depended on to elect the National ticket in November if it is in the cards to elect it. They do not care if the shakeup hits some high places in the Government service. In fact, that is what they want it to do. The point particularly dwelt upon is that President Taft has been keeping in office men who not only do him no good politically but whose hearts are not with him in the work he is trying to do, insofar as it means the continuance of his administration.

Some specific instances of this have been noted in news dispatches the last week. There are other cases that are being talked about in the cloak rooms of Congress and there is at least one department of the Government which is declared to be honeycombed with disloyalty; where there has been a cabal apparently working in the interest of a rival of the President and where sub-

STOCKYARDS PLUNGER PUTS COLONEL IN "FIELD."

Wilson Is Favorite at 4 to 5. With Taft Odds 6 to 5—2000 to 1 Laid Against Chafin.

CHICAGO, July 13.—(Special.)—Theodore Roosevelt has not even "showed" on "Jim" O'Leary's book yet. The stockyards bet-taker has the Oyster Bay candidate still in the "field."

Wilson is the favorite with Taft second. O'Leary's odds are as follows: Wilson, 4 to 5; Taft, 6 to 5; Chafin, 2000 to 1; the field, 5 to 1.

The book is doing a good business in small wagers, according to O'Leary. Wilson money is abundant, but little "T. R." coin has yet put in an appearance.

SLEEPER WALKS TO DEATH

Somnambulist Cuts Twine Binding Him to Wife and Wanders.

PHILADELPHIA, July 13.—(Special.)—Nicholas Altman, 45 years old, walked in his sleep, fell down stairs and was killed today, notwithstanding that he had been tied to Mrs. Altman with a strong twine upon retiring.

The family knew Altman was a somnambulist and every night on retiring husband and wife were joined together at the ankles with a piece of twine. This morning Mrs. Altman did not hear her husband get out of bed. She was awakened by the noise made by the body when it struck the first floor.

Investigation proved that Altman apparently knowing he had been tied, reached for his trousers' pockets while asleep, procured his knife and cut the twine. The open knife was found behind the bed.

"UNCLE JOE" LOVES HYMN

Cannon Says "Beulah Land" Has Done More Good Than Muckrakers.

CAPR MAY, N. J., July 13.—(Special.)—"Uncle Joe" Cannon declared that the famous old hymn, "Beulah Land," had done more good than all the muckraking magazines in the world and that the hymn would continue to do good after the magazines had gone into bankruptcy.

He is here on a visit to ex-Representative McCreary, and this morning met Edgar Page, the author of the hymn. Mr. Page is 77 years old and Uncle Joe is 73 years young. The lawmaker and the author got to discussing literature, and Uncle Joe repeated word for word every stanza of "Beulah Land," much to the surprise of Mr. Page.

RED CROSS TO HAVE HOME

House Advances Bill, Already Passed by Senate, for Aid.

WASHINGTON, July 13.—Women's heroism and self-sacrifices during the Civil War probably will be immortalized by the erection in Washington of a home for the American Red Cross. The House today passed a bill authorizing the construction of a building for the Red Cross. The structure will be monumental in character and would be devoted solely to the offices and work of the Red Cross.

Normal School Work Encouraging.

MONMOUTH, Or., July 13.—(Special.)—The Oregon Normal School has completed the first six weeks of its Summer semester with a total enrollment of 147. Much interest is manifested in the work, and both the faculty and students express satisfaction with the plan adopted by means of which the work of normal training is afforded by the regular faculty during the Summer vacation, and normal credits given for the work completed. Many of the students in the Summer school are now planning to continue their work in the Fall term, and the president reports that his correspondence indicates a greatly increased attendance for the year.

TWO KILLED; FORTY INJURED

Roof of Grand Rapids Baseball Stand Blown Into Market.

LIGHTNING ADDS TO PANIC

Damage to Property Large—Horses, Terror Stricken, Add to List of Casualties, by Dashing Madly Through Crowd.

GRAND RAPIDS, Wis., July 13.—Grand Rapids was struck by a storm early today which swept unheralded through the city, leaving a path of dead and dying persons and damaged property, and swept on through the state to Kenosha, where the death list was added to, where houses were torn up and fires from lightning added to the terror, and then proceeded on to Racine, where Lake Michigan was stirred by the wind to the extent that a small tidal wave resulted.

In Grand Rapids 46 or more persons were injured, one at least fatally, one man died of shock, and thousands of dollars' worth of property was damaged.

Baseball Park Swept.

The storm entered the city from the southwest about 4 o'clock. The first places struck were the city market and the Grand Rapids Central League baseball park adjoining.

The market was crowded with farmers and their teams, as trading had just begun. After the storm struck, the roof of the ball park grandstand was lifted off and scattered about the market. A panic followed. Horses were killed and a great many persons were hurt, some so badly they had to be sent to the hospital. The police reserve and fire department were called out.

Bell Rings as Storm Hits.

The storm then swept across town, striking the best residence district. The storm struck the market place just as the bell for the morning opening rang.

A terrific thunder storm, which had been approaching, had given no warning of danger from wind, but suddenly a whirling, balloon-shaped cloud appeared in the southwest and headed directly toward the clustered produce wagons.

With a deafening roar the roof of the ball park grandstand was lifted high in the air and fell in a rain of planks and beams upon the frightened men and horses in the market place, causing a panic.

Teams Dash into Crowd.

Men and women thrown down by the wind were run over and knocked unconscious by dashing teams. Nellie Wiersma attempted to quiet her frightened horses, but fell, and in a moment two heavy fruit wagons passed over her. She may die. Many other persons suffered broken limbs, but it is thought all will recover. Charles Gibbs, 67 years old, who was suffering from a nervous disease, died from shock caused by the storm.

PRIMA DONNA HIKES OVER RAILROAD TIES

FAMOUS SINGER PLOTS TWO MILES TO KEEP DATE.

Mme. Norelli, Delayed by Wreck on Oregon Electric, Walks Part of Way to Chautauqua.

ALBANY, Or., July 13.—(Special.)—Mme. Jennie Norelli, the famous prima donna soprano, late of the Metropolitan Opera Company, of New York, and Covent Garden, London, and known throughout the world as "The Swedish Nightingale," walked two miles on an Oregon road yesterday and then took a flying automobile ride in order to fill her engagement at the Albany Chautauqua last night.

Professor Herbert Riley, violoncellist and Mme. Edith Haines-Kuester, pianist and accompanist, who assist the famous singer in her programmes, and Mme. Norelli's manager all tramped with her.

This unique experience of the well-known soprano, who travels with all of the comforts that up-to-date traveling equipment can afford, was due to the wreck of two gravel cars of a work train on the Oregon Electric yesterday 12 miles north of Albany. The passenger train on which Mme. Norelli and her company were coming to this city, was just behind the work train which was wrecked.

Informed that it would take hours to clear the track, the singer and her company decided to walk two miles to reach a telephone and order an automobile to bring them to this city.

The company was almost an hour late for their Chautauqua appearance but the big crowd, realizing the difficulties Mme. Norelli had overcome to fill her engagement, gave an ovation to the famous singer when she appeared on the platform.

TAFT AVOIDS LONG TRIPS

Several Speeches, However, Will Set Forth Views in Full.

WASHINGTON, July 13.—President Taft indicated today that he would not make any extensive campaign trip this Fall, when he declined an invitation to attend the Minnesota State Fair in September.

While he will not take any long trips, it is believed the President will make several long speeches setting forth his views of the issues that confront the country.

No engagements for such speeches have been made and probably will not be made until after the organization of the Republican National committee is completed.

ZINC ORE PRICE SOARS

Flooding of Mines, Followed by Shutdown, Causes Scarcity.

JOPLIN, Mo., July 13.—All records for zinc ore were broken here today when \$60 a ton was paid for blends from mines located near Webb City. The high price of spelter during the last few months has steadily increased the price of zinc ore.

The recent heavy rains that flooded many mines in this district caused them to shut down, bringing about curtailment in the output.

RICH HEIR DROPS DEAD

Pennsylvania Man Dies on Street Day After Wealth Comes.

MEADVILLE, Pa., July 13.—W. W. Baxter, who received word yesterday that he had fallen heir to \$250,000 through the death of a relative at Syracuse, N. Y., dropped dead on the street here today.

Saskatchewan Elects Liberals.

OTTAWA, Ont., July 13.—The province of Saskatchewan has reaffirmed its wish for reciprocity with the United States by a vote of about five to one. Latest figures indicate the return in the Provincial elections there of 40 Liberals and eight Conservatives, with four seats in doubt. The reciprocity sentiment is likely to sweep Alberta Province also.

STOCKHOLM, July 13.—Score for all sports as announced tonight: United States, 115; Sweden, 78; Great Britain, 55; Germany, 28; Finland, 27; France, 19; South Africa, 11; Denmark, 11; Norway, 10; Italy, 9; Australia, 9; Canada, 8; Hungary, 8; Greece, 4; Russia, 3; Belgium, 3; Austria, 3; Holland, 2.

STOCKHOLM, July 13.—American athletes took the two feature events—the 400-meter and the 3000 meters team race at the Olympic meet today.

The 400 meters, which the judges decided to run in lanes in the final, was a struggle between the German, Braun, and four American competitors. The Syracuse collegian, Charles D. Redpath, won handily in 48 1-5 seconds, with Edward F. Lindberg, Chicago A. A., in third place.

The Americans have drawn a few unpleasant surprises in the last two days, but they encountered a pleasant one by wresting the 3000-meters team race from the Swedes and Brits. Most of the Americans who composed the team are mileers rather than two-milers, and it was expected the British contestants would run away with the event. But the Union Jack came only third, with the blue and yellow of Sweden dangerously close to the Americans for first.

Americans Find New Event.

The discus final with each hand was a new game for the Americans, as they were not accustomed to throwing with the left hand. The event proved easy for the Northerners, two Finns and two Swedes making the largest double scores.

The two Adams brothers, Platt and Benjamin, went much higher in the standing high jump than all the others except the Greek with the tongue-twisting name, who was a good third. In the swimming events Harry J. Heber, of the Illinois Athletic Club, captured the final heat of the 100 meters back stroke in one minute 21 1-5 seconds. In the first heat of the 400-meter free style swimming semi-finals the Canadian crack swimmer, George Hodgson, finished first in five minutes 26 2-5 seconds, which is a new world's record. Healy, the Australian star, finished third in the second heat, but qualified for the final as the fastest third. This heat was won by Hardwick, also of Australia, in 5:34 4-5.

Belgian Fencers Best.

Other events of the day included fencing and military riding. The Belgian team had four of the eight competitors in the final of the fencing, for which no Americans qualified. A protest entered against Anspach, of Belgium, by Norenson, of Sweden, was considered by the judges and decided.
