

CHERRIES REIGN MOST SUCCESSFUL

Salem's Seventh Annual Show Proves One of Best Ever Held in History.

AUTO PARADE IS WINNER

King Bing's Identity Proves Big Surprise When Prominent Merchant, F. W. Steusloff, Is Made Known—Awards Announced.

SALEM, Or., July 13.—(Special.)—In the midst of revelry, gaiety and noise, the Seventh Annual Cherry Fair came to a close tonight. Although the first two days of the fair suffered somewhat in attendance because of competition from the Elks in Portland, Saturday eclipsed all past records. And it proved well that it did, because never before has Salem seen similar attractions to the magnificent automobile parade of this afternoon and the beautiful baby parade of the morning.

Throughout the parade were cars with exceptionally beautiful decorations. Perhaps foremost among these was the car of R. H. Whiteside, elaborately decorated in pink. This car won the popular decision as the prettiest car in the parade.

All along the line of march the various cars were greeted with loud applause. The parade was by far the most attractive feature which was ever held in Salem and proved to be the big successful feature of the Salem Cherry Fair. Governor West, who was to have headed the parade on horseback, decided that it was better to be in an automobile, and accompanied King Bing, Mayor Lachmund and various other officials in an auto at the head of the parade.

Creating as much interest as the automobile parade, perhaps, was the baby parade of the morning. Prettily decorated cars in the color of the babies, from the smallest infants to boys and girls of five years of age, taking part.

The awards follow: Girls under 1 year—Frances Martin, first; between 1 and 2 years—Virginia Berger first, Beverly Weygant second; boys between 1 and 2 years—George Powther first, Elmo Long second; girls between 2 and 3 years—Henrietta Bishop first, Helen Ashelman second; boys between 3 and 4 years—Robert Irwin first, Gordon Bennett second; girls between 4 and 5 years—Pauline Johnson first, Velma Endicott second; girls between 5 and 6 years—Virginia Dorcas first, Dorothy Zimmerman second; boys between 6 and 7 years—Neil Tripp first, Joseph Nusbbaum second.

Parade Prizes Awarded. Prizes were awarded for the baby parade as follows: Best feature in parade—Chandler Brown first, Gordon Bennett second. Best decorated conveyance of any kind—Marion Rankin first, Edward Roth second.

50 TONS FEATURE CHAUTAUQUE DAY

President of Reed College Leads Programme on Child Welfare.

SEX FRANKNESS URGED

Closing of First Week at Gladstone Park Notable for Large Attendance and Interest—Opera Company Scores.

GLADSTONE PARK, July 13.—(Special.)—With a most interesting address by President of Reed College, at the forum hour this morning, and with two excellent concerts by the Chicago Operatic Company occupying the attention of Chautauque people this afternoon and evening, the first week of the 1912 session closed tonight. The general impression here is that the programme has surpassed the record of former years in point of general excellence.

It was "child-welfare day" at the forum hour, the programme being in charge of the growing interest in Mothers. A row of 50 tons on the auditorium stage was an appropriate idea for the day and furnished a most unique opportunity for the mothers. His lecture was a masterful discourse on the sexual life of the boy and girl. He strongly criticized the natural hesitancy of parents in being frank with their children, combating the current idea that we should not attack the innocence of the child, on the theory that they will often obtain the knowledge from harmful sources.

Opera Company Triumphs. A more fitting climax to the first week's closing could not have been arranged than the final concert of the Chicago Operatic Company. Pleased with their reception and the large, enthusiastic audience which greeted them for their first three efforts, the company gave their best work to the largest crowd of the week tonight and their closing number, the balcony and marriage scenes from Gounod's "Romeo and Juliet" will long be remembered by the 2000 who attended.
