Housekeeper From Cell Airs Family Differences of McNamaras.

DIVORCE SUIT RECALLED

Employee Who Flew With Mistress Says Mrs. McNamara Paid All Bills and Gave Husband Income for Many Years.

NEW YORK, July 27.—(Special.)—Mrs. Cora L. Perkins, of Burlingame, Cal., who, with man servant and chauffeur employed by Mrs. Margaret L. McNamara, of San Mateo, was arrested today at the Hotel Knickerbocker as a fugitive from California justice, is in a cell below the West Side Court and must remain there until a writ of habeas corpus obtained today in her behalf by a lawyer is returned before Justice Blachoff on Monday. Fred Patterson, the chauffeur, and Patrick Walsh, an old servant, occupy nearby cells.

Husband's Debts Repeated.

"At that time she continued, as she had always done, to give her husband an income, but in April of this year she published an advertisement that she would not be responsible for any debts contracted by him and she revoked the power of attorney which he held.

"She desired that her daughter Gladys, who had been put in a convent in Belgium, should return to her, for she believed that she was dying, but her husband opposed this move, saying that it was impossible for the daughter to return until she had graduated. So this summer Mrs. McNamara planned to go abroad and visit Gladys, then to take the daughter with her to California.

Ownership of Car Issue.

"In preparation for the beginning of our trip, which was planned to be by automobile from San Mateo to Portland, Or., Mrs. McNamara traded her old automobile, with a cash bonus, for a new one, valued at \$1500—the same machine which Mrs. McNamara complains to the San Francisco police has been stolen. The car was paid for by her.

"We started on our trip with Mr. McNamara's full knowledge. In fact, he sat on the porch of the McNamara villa at San Mateo and saw us off. When we arrived in Portland we were met by friends that Gladys had already returned from Belgium. Her father had sent her without his wife's knowledge.

WARRANTS TO BE SENT EAST

McNamara Servants May Be Freed If Not Indicted in California.

SAN FRANCISCO, July 27.—In a telegram from Inspector Hughes of the New York police force, Chief of Police White was informed today that Clara Perkins, Frederick Patterson and Patrick Walsh, maid, chauffeur and man-servant, respectively, for Mrs. Nicholas J. McNamara, wife of the banker of San Mateo, will be held in New York for the alleged theft of the McNamara automobile until August 3, without bail. Unless exemplified copies of indictments or complaints are sent to Inspector Hughes by that time, the magistrate will discharge the prisoners from custody.

"Warrants have been sworn to by McNamara and an effort will be made today to have the San Francisco grand jury return indictments. If this is accomplished a detective will go with McNamara and his daughter to New York to get the prisoners and accompany Mrs. McNamara to California. McNamara told Chief White that the people under arrest had an undue influence over his wife and that she sought to destroy it.

He disappeared from his "retreat" as he did from the home of a friend where he went five days ago to write his speech of acceptance, and although his presence at Seagirt was at first announced and party leaders sought him here, their quest was fruitless until tonight.

HISTORY TO BE MADE

Roosevelt Expected to Be Dominant at Chicago.

Comparison With Convention of 1860, Which Nominated Lincoln on New Platform Made—Many Features Are Spectacular.

1560 conventions did not countenance women sitting as delegates. This time women will come from California and other states where woman has been enfranchised and take part in the active deliberations. Not only that, but report has it that a suffrage plank will be in the new party platform.

T. R. SURE TO BE NAMED

Colonel Is Leader, Bandana Banner, and Bull Moose Mascot.

PROVO, Utah, July 27.—Theodore Roosevelt is the leader, the bandana, the banner and the bull moose the mascot of a new party born today in Utah. Three hundred delegates to the convention representing almost every county in the state and recruited entirely from the ranks of the Republicans, expressed in resolutions their sorrow at leaving the party with which they had been so long identified because its face was "now turned toward the setting sun," but nevertheless, decided to make a good job of it by creating a complete organization and putting tickets in the field for every office from governor to constable.

HILLES SMITES COLONEL

Reverence to Sound "Keynote."

The selection of ex-Senator Reveridge to sound the "keynote" speech is an added convention attraction. His oratorical ability is well known and his recent disavowal of further relations with the Republican party is conclusive proof that he is in full accord with the sentiments expressed by Colonel Roosevelt.

WILSON TEST FAILS

Clark Organization Controls California Convention.

GOVERNOR IS INDORSED

Supporters of New Jersey Man Are Bitter at Way Democrats Propose to Conduct Campaign.

Break in State Possible.

SAN FRANCISCO, July 27.—By two test votes supporters of Woodrow Wilson, who sought to capture the California Democratic organization, were defeated today 17 to 8 in the executive committee of the State central committee. The forces which supported Champ Clark, under the leadership of Theodore Roosevelt, were victorious in the Democratic National convention at Baltimore thus remain in control.

After the alignment had been thus largely defined, a resolution indorsing Wilson and Marshall was passed unanimously and a resolution indorsing the present officers of the executive committee was passed viva voce, with but one dissenting vote.

Break Is Threatened.

In the Baltimore convention the present organization supported Champ Clark, and the Wilson supporters in token of their dissent, threatened after their two defeats today to make their own campaign for Wilson, independent of whatever the regular organization of the state may or may not do.

Bryan's Stand Cited.

"If the Democrats of California believe that Bryan is the greatest political criminal in the history of his country, as charged by Mr. Bell at Baltimore, and that Wilson does not mean Bryan, or Bryanism, then the present leadership and organization represents the Democratic party. We do not believe, however, that this is the opinion of the Democrats of California.

BABCOCK DEFENDS BILL

NEGATIVE ARGUMENT ON BLUE SKY BRINGS RETORT.

Corporation Clerk Says All Beneficiaries of Present System Are Active Opponents.

SALEM, Or., July 27.—(Special.)—Asserting that the opposition of Homer H. Smith, of Salem, to the blue sky bill, as incorporated in a negative argument filed against that bill, is actuated by personal spite, and that as far as he knows there is no such organization as the Anti-Commission League, the negative argument, C. D. Babcock, corporation clerk in the Secretary of State's office, gave out the following statement today.

"The opposition of Homer H. Smith to the blue sky bill will do no harm in Salem, where he is known. To those who are not familiar with local conditions, I wish to say that Mr. Smith's opposition to the bill is actuated entirely by personal spite, that the argument prepared for the campaign pamphlet is misleading and intended to deceive the voters; that to the best of my knowledge and belief there is no

such organization as the Anti-Commission League, which Mr. Smith claims to represent.

"The Blue Sky bill carries no appropriation. About \$200,000 per year will be paid to the state through the corporation department, the expenses of which are restricted in the bill to \$20,000 per year as an additional safeguard against extravagance, although it is estimated that the cost of conducting the department will not exceed \$12,000.

"Perhaps the most amusing feature of the negative argument is that part in which Mr. Smith advocates a law regulating and punishing all who endeavor to make a profit out of fraud with one little law is a fairly ambitious undertaking for any reformer. When Mr. Smith shall succeed in bringing the law before the legislature to see the jails fall into decay, the courthouses transformed into ice cream parlors, and lawyers, judges and real estate men going to work every morning with pick and shovel.

"All the beneficiaries of the present system are lined up against the blue sky bill, and will do everything that money and influence can do to kill the bill. About the only provision that they dare to attack openly is that limiting the expense of the corporation department, but this is not the provision that really worries the opponents of the bill. This is a real law—with teeth and a bite—and is liable to send the party to the penitentiary—so it won't do."

UNIONISTS HOLD RALLY

ARISTOCRATS AND LABORERS CONFER WITH VETERANS.

Bonar Law, Leader of Opposition, and Sir Edward Carson, Ulster Chief, Deliver Speeches.

WOODSTOCK, England, July 27.—A great rally of the Unionist party, which sees in the recent differences of opinion between the Liberal and Labour forces and the natural loss of strength to the Government as a result of home rule, disestablishment and other reform measures, an opportunity of regaining power, was held in the courtyard of Blenheim Palace today. Three thousand delegates, representing the Unionist organization, and 20,000 members of the party gathered.

The Unionist Workingmen's Club, which usually supports the Liberals, sent delegates here, alongside the representatives of the Primrose League, the political association of the aristocracy, and the young members of the party had an opportunity of conferring with the veterans.
