

JAPANESE WOULD DIE FOR EMPEROR

Symptoms of Ruler's Disease Less Acute, With General Conditions Unchanged.

YOUNG MAN IS SUICIDE

Note Beside Body in Palace Park Says Subject Offers Life for Emperor — Hope Fluctuates With Each Bulletin.

TOKIO, July 28. — No important change in the Emperor's condition was noted at the examination made at 6 o'clock this morning. Temperature 100.4, pulse 104, respiration 22 was the condition at that time.

Among the many notables who have arrived from a distance are a representative of the Emperor of Corea and Count Yi, representing the peers and gentry.

Symptoms Less Acute.

Dr. Kinoshita Murika, of the Tokio Imperial hospital, one of the physicians in attendance on the Emperor, said the symptoms were less acute and respiration had improved.

The body of a young man was found in the outer palace park at dawn. A letter in his pocket said that he offered his life for the Emperor. He had taken poison.

The condition of the Emperor which was said by the court physicians yesterday to have reached a grave crisis, has since fluctuated greatly, giving rise to the hopes of recovery and again casting those near His Majesty into despair. Several Cabinet Ministers remain in constant attendance.

Strength Rapidly Wanes.

Owing to the nature of His Majesty's illness, which is described as a complication of diseases, comprising nephritis, diabetes and uraemic poisoning, he is unable to take much nourishment and his strength diminishes daily. Since July 19, he has been in a critical condition and only his robust constitution has enabled him to maintain life.

RAYMOND VETERAN DIES

Aged Survivor of Civil War Succumbs to Blood Poisoning.

RAYMOND, Wash., July 27.—(Special.)—John Carter, one of the best-known of the few remaining members of the Grand Army of the Republic in this country, died at the General Hospital recently of blood poisoning. The funeral was held yesterday afternoon. The body was interred in the Odd-fellows' cemetery, near South Bend, by members of the John C. Fremont Post, G. A. R., who conducted the funeral services.

Judge M. D. Egbert, acting as commander of the post, made a very touching address. The services of the G. A. R. post were read by Judge Egbert, assisted by Judge Sol Smith, as chaplain, and Comrades Ambrose Foster and H. S. Van Tuij. The acting pallbearers were J. L. Myers, M. R. Halvorsen, Ray Wheaton, Howard Riss, James Cooper and Val Heath, all of whom, with the exception of Mr. Halvorsen, had known the deceased for many years.

"Johnny" Carter, as he was commonly and familiarly known by his old friends, was born in Boston, and was 76 years old. When the War of the Rebellion broke out he joined Company C, Second Regiment U. S. Cavalry, in the regular army, and served throughout the war under General Sheridan. He came to this county at the close of the war.

CATHLAMET PIONEER DIES

Thomas Dorris Took Up His Homestead in 1869.

CATHLAMET, Wash., July 27.—(Special.)—Thomas Dorris, one of the best known pioneers of this section, died Tuesday evening at his home here. He has been suffering with rheumatism for several years. The immediate cause of death was Bright's disease. Mr. Dorris was born in Langford County, Ireland, December 1, 1835, and came to New York at the age of 19 years.

During the Civil war he was in the engineering department, employed at Fortress Monroe. He witnessed the famous battle between the Monitor and Merrimac. When the war closed he came West and after spending some time in the mining camps of California, Nevada, Idaho and Montana, came to Portland. With his brother William, who had accompanied him from Ireland, he took the first contract for taking iron ore from the Owegue mines.

In June, 1869, the two brothers came to the Ellochoman Valley, Wahkiakum County, securing a homestead in the upper portion of the Minnera. They lived there until their deaths, which occurred within a few days of each other. William died two years ago at the age of 90.

"WILDCAT" MINES TARGET

Legitimate Operators Will War on Fake Promoters.

DULUTH, July 27.—Mine owners, mining engineers, operators and brokers of the Northwest have an opportunity to take an active part in the campaign that is being waged on "Wildcat" mining schemes and their promoters. The American Congress of Mines is conducting the warfare, and Robert W. Thompson, of Chicago, assistant secretary of the congress to be held at Spokane, in November, is here for the purpose of enlisting the co-operation of local and range mining men.

"I have drafted a bill modeled on the Stubbs' bill in Kansas," said Thompson, "that will be introduced at the 1913 session of the Minnesota Legislature. This bill prohibits the offering of shares of any kind unless their owner has first satisfied the state bank examiner that they are as represented."
