FUND CANVASS IS JOINT

COMMON CAUSE FOR AID IS PLAN OF SHOWMEN.

Land Products and Dairy Exhibit Committees Would Make One Plea for Aid in Work.

Common cause for funds will be made by the Pacific Northwest Land Products Show and the Pacific International Dairy Show, both of which will be held in Portland, November 18-23.

It was decided at a meeting yesterday noon at the Portland Commercial Club, of the committees having both of these events in charge, that a joint canvass for funds shall be carried on, and the proceeds divided between the two shows in proportion to their requirements.

The matter was discussed at length, all those present giving their views on the subject. It was stated that as both shows were to be held at the same time, and the same people will be attracted to both, much time could be saved by making but one call upon business men for the funds necessary to conduct them. It was thought that much would be gained by creating thus a bond between the two events and spectators will be attracted from one to the other.

D. O. Lively, general manager of the Dairy Show, was appointed chairman of the general finance committee, representing both shows, and charged with the collection of \$26,000, of which it will be necessary to set aside \$6000 to finance the Dairy Show. The remainder being considered sufficient to put on the Land Products Show.

A. P. Bateham, president of the Oregon State Horticultural Society, announced that the premium list is already completed in a tentative form for the Land Products Show, and awaits the ratification of the executive committee. Those who were present at the committee meeting yesterday were: John S. Beall, chairman of Land

OREGON SINGER RETURNS
Madame Ina Wright-Herbst Visiting Her Family in Union.

Among the present visitors to Oregon is Ina Wright-Herbst, a singer now visiting her family in Union and renewing her friendships in Portland, after an absence of 11 years. During this time Madame Herbst has studied vocal music and appeared in the opera-houses of Germany with very great success.

After four years of study in Berlin as Fraulein Wright, she made her debut as Agathe in "Der Freischutz," and she was correctly hailed as one of the most beautiful singers that America has produced. Later the Portland girl attracted the attention of the noted conductor and violinist, Gottfried Herbst, who married her, and together they took up their residence in Weimar, the musical center made famous by Liszt. Madame Herbst was engaged as teacher in Weimar, and also at the conservatory at Gotha, and her husband followed his career with success. Both artists and their family of two children are now sojourning quietly in Union, and Madame Herbst, who came to Portland early in the week, has been heard with great pleasure by some of the musical people engaged as teacher in Weimar and also at the conservatory at Gotha, and her husband followed his career with success.
