

T. R. THINKS TARIFF PLANK WILL HELP

Colonel Expects Party Declaration to Become Source of Great Strength.

NEW ERA IS PREDICTED

Candidate Declares New Party Has Assembled Good Points of All Reform Movements, Without Quack Remedies.

OYSTER BAY, N. Y., Aug. 10.—"Win or lose, it's a fight worth making," Colonel Roosevelt said today. Whatever the outcome of the campaign which is now opening, it is his opinion that a new era in American political history will be dated from the Progressive convention held in Chicago this week.

For more than 40 years, the ex-President said, sporadic reform movements had come into existence, many of them in the West. He cited Bryan's campaign of 1896 and the Populist movement as examples. Most of them, he continued, had contained something good, but were coupled with quack remedies worse than the disease they were supposed to cure.

Good Points Assembled.

The good points of standing, he said, "had been assembled in the Progressive party's policies and for the first time there was given to the country these ideas without the accompaniment of what he termed preposterous declarations which would make it impossible for sane men to follow."

The Progressive party, he asserted, had started on the right basis and was sure to make a wide appeal. The work of organizing, said Colonel Roosevelt, had gone on more rapidly than he had thought possible.

Tariff Plank Expected to Help.

The Progressive party's stand on the tariff, Colonel Roosevelt believes, will be a source of great strength. Some one had expressed it well, he said, by telling him that the Republican tariff was "a tariff for privilege," and the Democratic tariff a "tariff for destruction," but that no party before had ever stood for a tariff for labor.

It is his belief that when the stand of the Progressive party is thoroughly understood it will win many votes from both of the old parties.

TAFT WILL CARRY OREGON

Ex-Senator Fulton Gives His Views at Seattle.

Seattle Post-Intelligencer. "In my opinion President Taft has made one of the very best chief executives that this country has ever had," said ex-United States Senator C. W. Fulton, of Portland, with a party of friends, is at the Hotel Seattle.

Senator Fulton and party are making an automobile tour of Washington and British Columbia. They left Portland on the first of the month, and after taking in all the places of interest on Puget Sound will go to British Columbia.

Senator Fulton was the guest of honor at a luncheon given at the Rainier Club yesterday by ex-Senator Samuel H. Piles. The other guests were old friends, and included Senator John L. Wilson, Judge C. H. Hanford, Judge George Donworth and J. D. Lowman, president of the Chamber of Commerce.

"No man has been more sincere and honest in the discharge of his duties as a public official than President Taft," said Senator Fulton. "I have great confidence in the American people and believe that they mean to do right. They appreciate sincerity and honesty, and as the election draws nearer they will realize these things in President Taft and elect him to another term. I do not mean to say that there is no doubt as to the result of the election now, but I believe that Mr. Taft will grow stronger and stronger as the campaign progresses and the people stop to think of what he has really done."

"I am confident that Taft will carry Oregon. This may seem overdrawn in the face of the primary results, but at that time everybody thought that Taft would win, and thousands of his friends did not go out to vote. Only 49 per cent of the Republican vote of the state was out at that time."

Esq. Senator and Mrs. C. W. Fulton, the automobile party includes Fred C. Fulton, of Standfield, Or.; Dr. and Mrs. J. A. Fulton and the Misses Madge and Constance Fulton; Mr. and Mrs. G. C. Fulton and Alan C. Fulton, and Mr. and Mrs. W. F. McGregor and the Misses Bernice and Lenore McGregor and Billy McGregor. They are traveling in four machines.

CRATER LAKE IS MAGNET

Autoists Take Advantage of Road Improvements and Game.

MEDFORD, Or., Aug. 10.—(Special).—The Crater Lake season is at its height now and there are three or four auto loads going in this city every day. The road near Prospect and Plouffe Rock, which has heretofore been a thorn in the flesh of the autoists, is now in excellent shape and it is an easy matter to make the trip to the lake in seven hours.

As there is excellent deer hunting on the road and the fishing in the lake is first-class, many who have seen the wonderful body of water before are going this year to enjoy the sports of the season. According to the game warden the supply of deer near Prospect is greater this year than ever before.

GREEK DENIED CITIZENSHIP

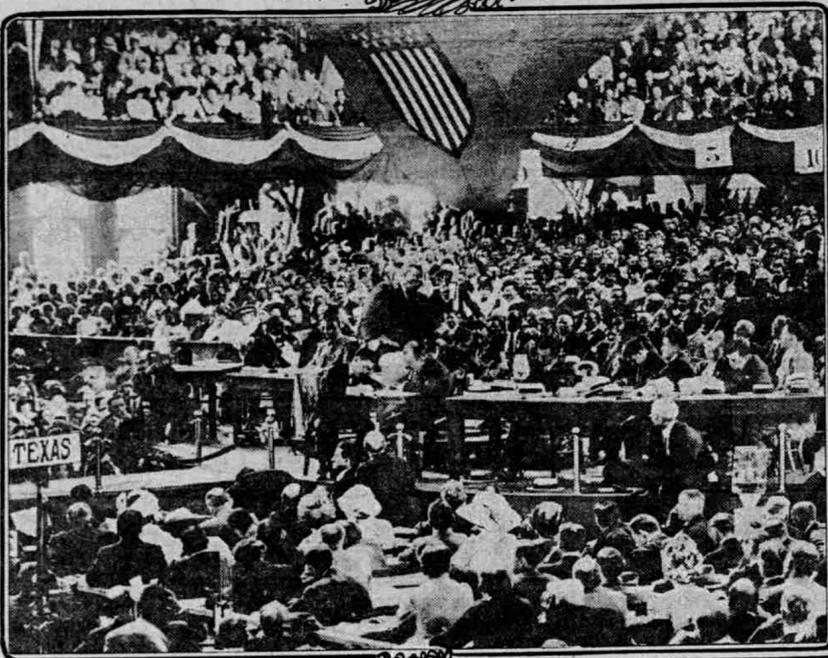

Family Lives Abroad Though Applicant Has Been Here 12 Years.

SEATTLE, Aug. 10.—United States Judge Cushman today denied citizenship to John N. Manos, a Greek, who has lived in the United States 12 years and who refused to bring his wife and daughter to this country. Judge Hanford, when Manos' application came up last April, postponed the hearing in order to give Manos time to bring his family over. When the application came up today, Manos had taken no action and the judge declared him ineligible.

REAL REFORM IS SOUGHT

Three Speeches Made at Seagirt—In One Governor Says No Disrespect to Foreigners Was Meant in Writings.

SEAGIRT, N. Y., Aug. 10.—Governor Wilson shook hands today with hundreds of Democrats. In all, he made three campaign speeches. First came the Hungarian National Democratic Club, of New York City. The Governor assured them he never had intended anything disrespectful in his writings on foreigners and that he had always felt a high regard for European people because of his long study of their history. The delegation pledged its support.

"The Brooklyn Democratic Club came later. To them the Governor said: "I am complimented by your allegiance and I want to assure you that while I think this a very high personal compliment, I take it to myself simply that I for the present at any rate represent the earnest desires and purposes of the Democratic party. And yet it seems to me that we are standing in the presence of something higher than allegiance to the Democratic party."

Party Willing to Show Way.

"That party is willing to show the way toward those things which must be realized. Some gentlemen seem to find it easy to make personalities out of politics, but it seems to me that whenever that is done, politics is debased."

"Men who are in search of reform are now turning to the Democratic party because, for my own part, I do not know where else they will turn to expect results. There is no discounting the strength and serviceability of a united party. The party came out of the contest at the Baltimore convention without personal feeling of any kind. I am delighted to believe that whoever we may have supported for nomination, we are now glad to work together."

To the Woodrow Wilson Club of Orange, N. J., the Governor made a longer speech in response to one by Judge Dugan. The Governor remarked first, that he was glad to be introduced by Judge Dugan because it showed

there were "Good Irishmen among the Orangemen."

"I was glad," said the Governor, "to see the North and South of Ireland brought together."

New Jersey Only Sample.

The Governor thanked the Jersey delegation for its visit. "You have tested my qualities, because you have known me at close range," he said, "and if you will be kind enough to vouch for me, perhaps the rest of the country will be credulous of your report."

"New Jersey was known as the mother of trusts, a very troublesome and questionable family—and I had to spend my time outside of New Jersey assuring the people of the Union that it was not the fault of the people of New Jersey that there were certain gentlemen who had undertaken to carry the Republican party in their pockets and to administer it independently of the rank and file of the Republicans of the state."

"And yet it would be hard, nowadays, to discriminate New Jersey from the rest of the United States, because everybody is sitting up and taking notice. New Jersey is progressive, but the United States also is progressive and we have here merely a delightful sample of the people of the United States."

People Bent on Justice.

"Now those people are not bent upon destroying anything, but they are bent upon setting everything in order, they are bent upon justice, they are bent upon seeing to it that the people in general are the partners of the Government. And the Democratic party is now placed under a peculiar responsibility. The Democratic party has to prove that it is the worthy instrument of that zeal on the part of the people of the United States. If it does not prove it now, it will never be given another chance to prove it."

"No party that proves unfaithful to that ideal will ever again be trusted by the people of America. And therefore, we are standing at a turning point in our politics, we must make good or go out of business. In the vernacular, it is a case of 'put up or shut up,' because words are going to be discounted and nothing will be honored except the actual carrying out of such a programme as sensible men may unite in for the common benefit."

Warships in Dardanelles, Feeling Shock, at First Attribute It to Italian Torpedo-Boats—Sea in Great Commotion.

CONSTANTINOPLE, Aug. 10.—The details of the earthquake, which are coming in slowly owing to the interruption of the wires, indicate that the seismic disturbance was widespread. Several hundred persons have been killed, thousands are homeless and outbreaks of fire have occurred in many towns and villages.

Great destruction has been caused by the upheaval. The entire district between Constantinople and Adrianople felt the shock severely. Fugitives from Myriophito report 300 killed and 600 injured. The town was burning when they left.

Wrecked Buildings Catch Fire.

Ganos-Hore has been wiped out, 80 persons being killed and 30 injured. The wrecked buildings took fire and most of them were burned. Shar-Kol was destroyed and two nearby villages were engulfed. Adrianople, suffered little damage, but Tchogru was partly destroyed by the earthquake and fire.

The course of the disturbance appears to have been in the region of the Dardanelles. Eye witnesses from that section give harrowing accounts of the havoc wrought.

Absolute Guarantee to Stockholders

The usual method has been to go out and seek subscription to the stock or partners in order to help finance the proposition to the extent of demonstrating that it is a feasible or dividend-paying possibility, or probability. Our method offers a new and surer guarantee to subscribers, as our books show an absolute profit at the present time from the number of contracts signed and entered on our books.

Every Stockholder Will Be A Booster

WE WILL LEAVE IT TO YOU—Is it not better to have that interest that we are selling scattered among a lot of people, each of whom will instantly become a walking, talking advertisement for the Telephone Herald Service and bring us additional subscribers to the service? Each new subscriber means an additional \$18 per year income. It is better than to have all the stock taken by some big or outside money interests which would hoard away the thousands and tens of thousands of nickels that Telephone Herald will earn.

the loss of life in these towns is small, although the injured are many. Warships anchored in the Dardanelles felt the shock severely. It was first attributed to Italian torpedo boats. He was unable to anchor and give assistance because of the violent movement of the sea.

NEW YORK, Aug. 10.—William J. Bryan is not going to follow the trail of Colonel Roosevelt around the country in the coming Presidential campaign, as had been planned, it is said now. This virtually was decided today at a meeting of the sub-committee on speakers of the Democratic National campaign committee.

Some time ago it was suggested that it would be a good idea to have Mr. Bryan follow the Colonel in the latter's campaign trips and answer his speeches. Today it was decided to map out an entirely different itinerary for Mr. Bryan.

There was a meeting tonight of the organization committee, of which Senator Gore is chairman. It had been planned to place Joseph E. Davies, secretary of the National committee, in charge of the Chicago headquarters. Now the plan is to have Mr. Davies divide his time between New York and Chicago. Charles Boerstein, National committeeman for Illinois, will be the active manager of the Chicago branch.
