

MANAGUA IS SAFE AS REBELS RETIRE

Arrival of American Marines Restores Confidence in Nicaraguan Capital.

MANY CITIZENS KILLED

Women and Children Among Victims of Battle Fury—Government Is Resting, Making No Effort to Pursue Enemy.

MANAGUA, Friday, Aug. 16.—(Delayed in Transmission.)—In the four days' battle between insurgents and General Mena and Zeledon and government troops commanded by General Emilio Chamorro for the possession of Managua, the Nicaraguan capital, which began with a bombardment on Sunday and ended in a victory for the defenders, the government forces lost 14 men killed and 125 wounded, estimated at between 400 and 500 men killed or wounded.

In addition several non-combatants, including women and children, lost their lives. The hospitals are filled with wounded. Many citizens who were wounded by the bursting missiles have since died in the improvised infirmaries.

Marines Restore Confidence

The battle ended Wednesday night, when, after a brief repulse, the rebels retired in some disorder to Masaya capital of the department of the same name to the south of Managua. The government has made no effort to pursue the insurgents and is allowing its forces to recuperate.

The battalion composed of three companies of American marines, under command of Major Smedley B. Butler, which arrived here Thursday by way of Corinto to reinforce the smaller detachment of American bluejackets, landed previously to protect the lives and property of Americans, was the cause of great relief to the Nicaraguan government and to Americans and other foreign residents as well as to citizens.

The situation at the capital on Tuesday and Wednesday was horrible, and the arrival of American reinforcements has restored confidence and turned the despondency of the populace into rejoicing.

Inhabitants in Panic

Inhabitants of the town were in a veritable nervous panic Wednesday following the desperate attack made by the insurgents Tuesday and early Wednesday morning, when they nearly broke through the line of government troops, the distance between the city and the rebels shrank to a few blocks, and all day Wednesday. Two thousand or more of the population fled, as many as possible to the trains, the poorer class taking to the fields north of the town out of range of the bursting missiles.

During the bombardment shells struck the residence of an American official and the building in which are the offices of an American commercial company, and also the residence of the dwelling of the British Vice-Consul, Albert J. Martin, and the offices of an English banking concern. The occupants of these structures were not injured, though their escape was almost miraculous.

All the Americans and other foreign residents of the city are safe. The Americans in charge of the customs house, railroads and banks remained at their posts while the fighting was in progress.

The uprising yesterday of Liberals in Leon, a department to the north of Managua, has been suppressed.

GOODWIN OUT OF DANGER

Actor Resting Easily and Will Be Able to Walk in Few Weeks.

LOS ANGELES, Aug. 17.—(Special.)—Nat Goodwin is resting easily today following the desperate attack made by the insurgents Tuesday and early Wednesday morning, when they nearly broke through the line of government troops, the distance between the city and the rebels shrank to a few blocks, and all day Wednesday. Two thousand or more of the population fled, as many as possible to the trains, the poorer class taking to the fields north of the town out of range of the bursting missiles.

MULTIPOR CALL ISSUED

Reorganization Committee Will Report Wednesday Evening.

The committee appointed at the recent banquet of the Multipor Club to consider the advisability of reorganizing the club, will make its report to the members at a meeting to be held in the County Courtroom on the second floor of the Courthouse, Wednesday, August 21.

C. M. Klemm, chairman of the club, has issued a call to all members who were present at the banquet, requesting them to attend and receive the report of the committee; and he also extends his invitation in his announcement, to "such Republicans as may be sympathetic with the principles of the organization as it existed."

Members of the committee on reorganization are: John Gill, John P. Logan, W. G. Steel, George T. Willett and Dr. Emmett Drake.

RURAL CARRIERS TO MEET

Main Topic at Dallas Convention Will Be Salary Increase.

DALLAS, Or., Aug. 17.—(Special.)—On September 1, 2 and 3 the Oregon Rural Carriers' Association will meet in an annual convention in this city. The Dallas Commercial Club plans to make the visit of the rural carriers to this city a most enjoyable event. Franz Kraxberger, of Aurora, president of the association, who was here today making preliminary arrangements, predicts that the convention this year will be one of the largest and best attended of any yet held.

Plans for the convention will be taken up by the Dallas Commercial Club at its regular meeting next Wednesday evening. It is planned to give the delegates a banquet in the

New Scott Hotel in this city on Sunday evening, September 1. The Rural Carriers' Association holds its convention each year on the Sunday immediately preceding Labor Day on a chairmen of 24-mile route. Carriers working on a route less than 24 miles are paid less than \$1000. If the proposed change is made each carrier will receive \$1200 a year. The association will also take up a discussion of good roads. Harry Lane, Democratic candidate for United States Senator, will address the convention on the subject of good roads. The convention will be held in the New Army building in this city.

BULL MOOSE CALL OUT

MULTIGRAPH CIRCULAR LETTER ARRIVES AT DALLAS.

Chairman Rogers Asks Strong Taft Community to Send Committee-man to Portland Meeting.

DALLAS, Or., Aug. 17.—(Special.)—What steps will be taken in answer to this call is not known here at present. Avowed "Bull Moose" literature to find its way into this city came through the mails today, and consisted of a call for the election of a state committee from this county to the state committee of the Progressives.

The call was issued by George F. Rogers, chairman of the committee, a former printer by a multigraph company of Portland. The call asked for the election of a committee to meet with the state committee in Portland on Tuesday, August 27.

There seems to be a tendency on the part of those who opposed Taft before the primaries, and who threatened to support the Democratic nominee if Taft were nominated, to get back into the Republican fold. Many of these persons favor Roosevelt, but as Roosevelt merely strengthens Wilson, and we are not ready for a Democratic President yet.

The candidates for county and district offices nominated at the recent Republican primaries have expressed themselves as satisfied with the party, and were chosen to represent, and every one of them will remain regular.

The candidates who have been interviewed all take the stand that they were not Republicans, and they intended to stay by the ticket. J. B. Teal, candidate for County Judge on the Republican ticket in being asked for his intentions toward the Bull Moose party, said the Republican party was good enough for him; that he had been nominated by the Republicans, and he intended to stay by the ticket from top to bottom. Mr. Teal's stand regarding the Bull Moose party is considered himself bound, as a representative of the party, to support the ticket from top to bottom. The county central committee of the Republican party will be called together soon by the chairman, D. L. Key, and will carry with them literature relating to National affairs, and will do their best to roll up a big majority in this county for Taft.

The automobile road maps for the four routes, offered in the excursion, which were prepared through the courtesy of the Automobile Club, were not ready in time for printing and it was feared that it might be necessary to dispense with them. Friday, however, S. C. Pter, photographer for the Portland Commercial Club, secured the 14 original drawings of the maps made by the Automobile Club's representative and photographed them. By Friday night 34 complete copies of the official road map were printed from his negatives and were in readiness for distribution among the excursionists. The photographs of the maps are cut to such a size that they fit conveniently into the road books.

Travel List Is Long. The list of persons from Portland who are participating in the trip overland, issued yesterday from the Commercial Club, is as follows:

By train to Bend: Louis W. Hill, chairman board of directors of Great Northern Railway; Joseph H. Young, president S. P. & S. Railway; W. E. Coman, general freight and passenger agent S. P. & S. PREMIUM LIST GROWING

Fifteen thousand fruit trees, the number of donations to the premium list for the Northwest Land Products Show which were predicted by Manager G. E. A. Bond, have already been offered by nurseries of the Pacific Coast.

The total number of trees that will be available for premiums will far exceed my first estimate," said Mr. Bond yesterday, "and may come nearer 20,000 than 15,000, judging from present indications."

To the 8000 trees offered by different nurseries in a month ago have lately been added 7500 by other nurseries in Chico, Woodburn, Salem, Milton, Carlton, Toppenish, Hood River, Sunnyside, Washington, Louisiana, Missouri and Roy, Utah.

In addition to the trees offered, implement companies and companies dealing in fruit-growing accessories are sending daily to Mr. Bond offers of their materials for use in the completion of their premium list.

The premium list in its final form will be prepared about August 25, when A. P. Bateham, president of the Horticultural Society, returns from Vancouver, B. C., where he is now serving as chief judge at the midsummer fair, week ends in September. In the meantime Mr. Bond is sending out thousands of circulars to agriculturists in all parts of the Northwest, acquainting them with the purposes and scope of the show.

"In my work," he says, "I have received very valuable assistance from G. W. Graham, industrial secretary of the Northern, who not only has prepared a favorable word for the show wherever in the Northwest the opportunity afforded, but has placed at my disposal much useful data gathered by him in his preparations for the St. Paul Land Show, and has furnished me with lists of names of men in various communities who will assist me in securing and assembling the exhibits."

The Portland Ad Club will devote its meeting Wednesday, August 28, to the Land Show, and the speakers at that time will be Mr. Bond, Mr. Graham, D. O. Lively and O. M. Plummer.
