

# KINGS HEIGHTS AND ARLINGTON HEIGHTS

ENTRANCE TO ARLINGTON HEIGHTS THROUGH CITY PARK.

There is nothing in the vicinity of Portland that can be compared with Arlington Heights and Kings Heights. The natural beauty of the places, combined with the magnificent view of the whole surrounding country, including the City of Portland, the Willamette and Columbia Rivers and the several snow-capped mountains in the background, impart a

dignity and splendor unsurpassed anywhere in the world. The elevation is sufficient to raise it above the dust and smoke of a large city, giving an abundance of pure air, laden with health-giving, balmy freshness. Its accessibility to the business district, together with the excellent car service, makes it the most desirable residence section of the city. All history proves

that heights in or near any large city always become the most valuable and exclusive residence section of that city. Each passing day is proving that Kings and Arlington Heights is no exception to this rule. The demand for property on the Heights is assuming large proportions, and as the desirable area is limited, my advice to you is, "secure a building site while the

prices are low." The future of Portland is very bright, it is destined to be a great city. The eyes of the whole country have been turned this way, and nothing can hinder it from going ahead by leaps and bounds. Get in the line of progress and turn same to your own advantage. Buy something on Arlington or Kings Heights, and buy it now.

### SUTTON FOR TAFT

Traveler and Artist Wants President Re-elected.

### MANY OF SAME OPINION

Visitor Has Converses With Men in Near and Distant States and Finds Growing Republican Sentiment Everywhere.

In the course of his extensive travels in all parts of the country, W. S. Sutton, whose hobby and business is art, and who was in Portland yesterday, has lost no opportunity to discuss the political situation with men in all conditions of life. He declares that all the intelligent, thinking and far-sighted men side with him in his opinion that the old proverb, "Let Well Enough Alone," is a good one.

"For the general good of the country, not only from a standpoint of peace with all nations, but also of continuation of business and social prosperity, Taft should be re-elected." That is my plain and unvarnished opinion," said Mr. Sutton.

Wilson's Chances Discussed. "I have conversed with many deep-thinking men on the subject from all points of view, and we naturally discussed the chances of Woodrow Wilson. While not a single man criticized Mr. Wilson, and while they all agreed that he is an educated gentleman, they affirmed that he is after all without political experience.

"It is to be feared therefore that he would be very much more theoretical than practical in his administration of the business of the country. One man summed up the situation in these words, Mr. Taft has a storage of varied experience and a collection of knowledge as lawyer, judge, governor, Secretary of War, and one term President, which will fit him to be re-elected, and when relieved of his recent obstacles, he positively will make good.

Roosevelt's Qualities Defined. "Of Roosevelt I have heard many severe criticisms. He is considered by many unreasonably dictatorial and self-opinionated, while he leaves nothing undone or untried, where his own interests are at stake.

"He is a mischief-maker and entirely too impetuous in disposition to be the ruler of the country, especially at a time when, as has recently been the case with Mexico, there is danger that a hasty man may plunge the states into a war without sufficient provocation.

"Taft, on the other hand, has but recently shown his good judgment in keeping his finger out of the Mexican situation."

Mr. Sutton is of the opinion that Mr. Taft's chances of re-election were never so bright as at the present time, not only in this state but in every part of the country.

### HAWAIIANS TO STAY

Engagement of Musicians at Oaks Is Extended.

### RESORT NOW AT ITS BEST

Indian Summer Weather Leads Park Management to Retain Regular Programme With All Its Amusing Features.

Enthusiastic at the return of warm weather to Portland, Manager Cordray last night extended the engagement of the Hawaiians at the Oaks Amusement Park, and these singers and Kanaka musicians will be heard from the bandstand during this week, two particularly long concerts being given today.

Members of the Hawaiian troupe include two of the late Hawaiian King's soloists, and their work is more than notable in the opinion of musical critics.

The Hawaiian Band will give numerous selections during the day, while vocal entertainment will be forthcoming from the native singers, who will give a number of Hawaiian airs, in addition to those in English.

All Zada, Oriental magician, with his quaint assistant, Hassan, will continue this week with an entirely new entertainment, while Punch and Judy are still a star attraction for children.

The Oaks is looking its best at the present, Mr. Cordray taking an especial interest in the lawn and flower beds, which continue to delight visitors from other parts of the country, not to speak of those from Portland.

Swimming and all the diverse entertainments to be found along the trail and in the byways of the Oaks.

Articles Protesting Against Employment of ex-Circuit Judge as Referee Said to Be Just.

In behalf of himself and Dana Sleeth, a reporter whose name appeared at the top of many of the articles complained of, Edmund O. Sawyer, editor of the Portland News, yesterday filed in affidavit form, an answer to the citation to show cause why he and Sleeth should not be punished for contempt of court.

The articles were published as a protest against the employment of J. B. Cleland, ex-Circuit Judge, as referee in the case of Wakefield & Co. against the City of Portland. The editor and reporter were cited for contempt at the instance of Robert Wakefield.

As defense and justification for the articles, Mr. Sawyer pleads several things, among which are that Judge Cleland had been defeated at the polls by Judge McGinn; that Judge McGinn informed him that the appointment of a referee was unnecessary, as the five

### CONSTIPATION AND CATARRH

Peruna is for sale at all drug stores. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of K-A-T-A-R-N, manufactured by K-A-T-A-R-N Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second, I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Mannin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as revised Peruna.

Now those who take Peruna will, first, find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives are explained in both your catarrh and the constipation.
