

BOURNE CONFESSES ALL, SAYS FULTON

Ex-Senator Sees Truth of His Original Charges Admitted in Solon's Reply.

PERTINENT QUESTIONS PUT

Was Panic of Standard Oil's Creation and Was Not Action of People's Servant Little Late? Asks Verbal Assailant.

Contending that Senator Bourne's response to his original arraignment, delivered at the meeting of the Ben Selling Club, Wednesday night, amounts to a confession of the truth of the charges preferred by himself, C. W. Fulton, ex-United States Senator, yesterday issued the following reply: "I have read Senator Bourne's defense, and it amounts to a confession of the truth of my charges. I charged that he has been false to the direct primary every time the result has been unsatisfactory to him; that in 1910 he opposed Bowerman for the nomination and, falling to defeat him at the primary, opposed him at the polls, supporting the Democratic nominee, although the Republican voters had chosen Bowerman as their party nominee. I charged further that in 1912 Bourne submitted the question of his candidacy as Senator to the Republican voters at the primary and was defeated, and then in a telegram to Mr. Selling, pledged his hearty support, and was thereby doubly pledged not to become a candidate because by submitting his name to the voters at the primary, he had promised to abide by the result.

"His candidacy at this time is a direct violation of both pledges. He makes no response to these charges except to say that I advised Statement One legislators to vote against Chamberlain. If that were true, it would be immaterial for I am not a candidate for any office. It is Mr. Bourne who is the candidate, and it is by his own record, not mine, that he must be judged. I might, however, consistently have advised Statement One Republicans to vote against Chamberlain, for up to that time, it had been my view that such statement was not intended to compel a member of one party to vote for a Senator of another political faith, and I had consistently and publicly proclaimed that view. It so happens, however, that I gave absolutely no advice to Statement One members regarding Chamberlain.

More Violations Are Expected.

"In 1908 the people enacted a law instructing legislators to vote for the popular choice for Senator. I have accepted that mandate as the law. But if Mr. Bourne will deliberately violate the implied pledge he made to the voters when he became a candidate at the primary, to abide by the result, and his specific written pledge to me, I shall doubtless further discuss Senator Bourne's fidelity to the Oregon system, when it doesn't go to suit him, and his relations to and championship of Standard Oil, before the present campaign is over, when I shall take up and consider his remarkable defense more in detail."

FARMERS' CAR TO BE RUN

Dairy and Hog Demonstration Train Will Tour Washington.

Arrangements have been completed by the traffic department of the O.-W. R. & N. Company for the operation of a dairy and hog demonstration train through the Walla Walla and Yakima valleys during the week beginning December 16. The train will be in charge of C. L. Smith, agriculturist for the company, and will carry more than a dozen other men expert in various lines of livestock development, including instructors from the Washington State College at Pullman, and representatives of the United States Department of Agriculture.

Stops will be made at Dayton, Waukegan, Prescott, Walla Walla, Touchet, Atalla, Kennewick, Benton City, Grand View, Sunnyside, Granger, Zillah and North Yakima.

A number of head of typical Jersey and Holstein cattle and standard swine will be carried on board. Lectures will be given at each station and the farmers will be invited to ask questions.

R. B. Miller, traffic manager for the O.-W. R. & N. Company, who for several years has been carrying on a campaign for hog raising in the Northwest, probably will accompany the train several days.

COURT KEEPS GRINDING

Judge McGinn Holds October 14 No Holiday for Bench.

Holding that Columbus day, although a legal holiday, is not a non-judicial day, Circuit Judge McGinn yesterday continued in his court the trial of the case of the Astoria & Southern Railway Company against the Pacific Surety Company and S. A. Cobb. All the other departments' offices in the Courthouse were closed.

The judge maintains that the Legislature, with the exception of the act passed in 1911 making Columbus day a legal holiday, has always specified that a holiday for the courts is a non-judicial day, and holds that there is much authority to support his contention that therefore Oregon courts do not participate in the observance.

The case has been on trial several days. The railway company is seeking to force the surety company to pay \$20,000, alleging that Cobb failed to make good on a contract.

"Trusty" Sossman Escapes.

Escape of Louis Sossman, a Portland convict, while employed as a "trusty" on the roads, was reported from Salem yesterday, and officers here who were looking for him in the city, were directed to Oregon to be diverted to projects in other states. He does not show, however, where he has secured a single dollar to be applied to any project in Oregon, a single new project to be authorized, while, where it necessary, I could show where I caused new projects to be undertaken and several million dollars applied thereto.

"But it is not a question, at this time, what I did. Nor would we condemn Mr. Bourne for having failed to prevent the repeal of the 51 per cent law, had he but made an attempt to do so. My charge is that he made no effort to prevent its repeal, and in truth did not know the repealing act was pending or that it had passed until after it had become a law. I said, and I repeat, that when Standard Oil was in danger of prosecution, he was wide awake and alert in its behalf, but when the 51 per cent law was being repealed, he 'slumbered and slept."

UNSIGHTLY SPOTS SUCH AS WILL BE OBJECT OF ATTACK ON MUNICIPAL "CLEAN-UP" DAY

1. SIDEWALKS OVERGROWN BY WEEDS AND GRASS—2. OLD LUMBER AND PIPES ALONG WATERFRONT.

CLEAN-UP CALL OUT

Probably, however, he did not think that preventing the repeal of that act would 'minimize the panic,' and hence it was unimportant.

Mayor Asks Citizens to Observe Spirit of Day.

"I shall doubtless further discuss Senator Bourne's fidelity to the Oregon system, when it doesn't go to suit him, and his relations to and championship of Standard Oil, before the present campaign is over, when I shall take up and consider his remarkable defense more in detail."

DUAL PURPOSE IS NOTED

Esthetic View Not Forgotten, but Economic Aspect, in Lessening of Fire Risk, Will Play Important Part.

Mayor Rusklight yesterday issued a call for all residents of the city to observe "back yard clean-up day," next Saturday for the purpose of improving the appearance of the business and residence districts and lessening fire danger.

This appeal by the Mayor will be followed by a proclamation either tomorrow or Tuesday from Governor West. The clean-up day campaign is being promoted by a committee representing the Portland Association of Credit Men. It is planned to have everybody work together in cutting down weeds, removing rubbish and improving conditions in general.

Dangerous Buildings Found.

Members of the committee went out yesterday on an inspection trip and found many extremely unsightly and dangerous buildings not only in the residence districts, but in the business section as well. Places were found which are considered extremely dangerous. In several parts of town things were in such shape that a fire would be likely to do great damage before it could be reached by the fire department. Rubbish was found in

places so deep that fire fighters could not gain access to a place to fight a blaze before it got beyond control.

Besides having these conditions changed the committee hopes to bring about a change in the residence districts. Places were found where residents are surrounded by dry weeds which were unsightly and dangerous.

Clean-up day is not to be confined to Portland. Letters received by the committee from various parts of the state indicate that most of the larger towns will observe the day the same as Portland. The committee has received notices from Baker, Hood River, Pendleton, Salem, Eugene, and other cities to the effect that they will observe the day, not only this year, but every year.

Movement Is Statewide.

The committee yesterday issued the following statement: "The fire waste in the United States now averages \$250,000,000 a year. This is \$20,000 an hour, \$500 a minute, or equivalent to burning a \$5000 home every 10 minutes. This amounts to \$3 for every inhabitant in the United States."

"The City of Portland contributed for the year 1911 more than \$24,000 of this waste. Does it mean anything to you to know that one-half of the world's fire loss occurs in the United States, and that this country pays approximately one-half the total insurance?"

"If the tax collector came to your door the first of every year and collected \$3 for each member of your family as a fire tax would you be especially happy to pay it? But this is just what you are doing now, and the loss that is thus paid never comes back.

Fire Losses Never Paid.

"A burned city does not replace itself. Fire insurance does not replace a burned city. Fire waste is not really paid for by the insurance companies. The insurance companies simply collect from the many and pay to the few. Every fire is paid for by the people. Insurance is collected from all and a part of it paid back to him who has a fire, hence the man who has a fire intentionally or unintentionally takes money from the pockets of his neighbors."

Warner's Safe Remedies

Your Kidneys

You cannot have good health if your kidneys are weak. If you suspect your kidneys are not properly performing their functions, act immediately. If you suffer from kidney disease, take Warner's Safe Kidney & Liver Remedy.

at once to prevent a chronic state and the serious consequences that yearly overcome thousands because kidney disease advances to serious stages before its victims become aware of the danger.

Mrs. L. B. Arnold, 2427 W. 43rd Ave., Denver, Colo. writes: "My back ached, I was dizzy and had sick headaches. I tried many remedies but got no relief until I tried Warner's Safe Kidney and Liver Remedy."

The cost of fire insurance is added to the cost of all goods. Every fire makes every man's struggle for a living harder by compelling him to spend for his neighbor's waste what he otherwise might spend for his own comfort.

"During the coming week the whole state of Oregon is going to eliminate some of the fire dangers and fire hazards and the Portland Association of Credit Men hopes that every individual, every man, every woman, every boy and every girl will lend his interest and their active effort to assist in this work, which means the saving not only of property but of human lives."

Checker Players, Attention!

All the chess and checker players in Portland and vicinity are requested to meet at 525 Washington street next Saturday, October 19, at 8 o'clock P. M. The intention is to form the Portland Chess and Checker Club.

Baggage checked at home; storage, moving, Baggage & Omnibus Transfer Co., Phone Main 6980, A322.

Alveolar Dentistry

Does Away Entirely With Plates and Bridgework Dentistry at Half Price

(Until further notice.)

While our charges for Alveolar work are the same as the standard price of high-class bridgework, in such cases where it is possible to have bridgework and the patient desires it for any reason, we will put in for him the very best and classiest bridgework, crowns, plates, etc., possible to be made, at exactly one-half the price charged by dentists whose work will compare favorably with ours. "And there is a reason."

(Terms for this work will be cash.)

Briefly, the Alveolar Method is this: If you have two or more teeth left in either jaw, we can supply all that you have lost with teeth as good, solid and sound as the best set of natural teeth ever grown in any human being's mouth, and a whole lot more beautiful than nature's best product, without resorting to such makeshifts as partial plates and the unsatisfactory bridgework. Alveolar Teeth are not only beautiful, but they are comfortable and durable. We guarantee them to last a lifetime, where the longevity of bridge or plate work ever longer than five or six years and generally a good deal less. It is never guaranteed to last by any first-class dentist who is responsible and reliable because all first-class dentists will tell you that bridgework at best is doubtful. It is a painful operation and gives trouble from the time it is put in the mouth until it has to be taken out. In many cases where bridgework is impossible, and all cases where it is possible, we can replace your missing teeth with perfect Alveolar Teeth. The pain incident to this work is practically none; the expense is the same as the best bridgework—but in satisfaction there is no comparison between the two.

We have samples in our offices to show at all times—hundreds of patients here in our home city to refer to. Examinations and booklets on Alveolar dentistry are absolutely free.

Remember this: In addition to our specialty, Alveolar Dentistry and curing Forth's (loose teeth), we are experts in every branch of dentistry, from the simple filling up.
