

REED LECTURES SET

College Announces Extension Course for Winter.

DATES AND TOPICS GIVEN

While Regulation Credit Will Be Allowed, Those Who Want to Hear Only May Attend if They Arrive Promptly.

For the benefit of people who have not the time to attend the regular course of studies at Reed College, the faculty announces a course of extension lectures to be given annually.

The lectures are open not only to those who desire to receive credit for their work, but also to those who wish to attend as hearers.

Punctuality in attendance is requested most urgently, as the faculty announces that the lectures will begin promptly at the stated hour, and that lateness in arrival is extremely annoying, besides being detrimental to the work.

Dates Are Announced.

It is 25 years since the United States Marine Band has been as far west as the Pacific Coast, and it is likely it will be as long a period before it is again allowed to go. During the winter months it is impossible for the band to get away from Washington, for it is in attendance on all social functions at the White House, and the summer is largely taken up with outdoor concerts.

CIVIC WORKERS ACTIVE

PENINSULA DISTRICT WOMEN START CLEANUP.

All Unightly Lots to Be Photographed Regardless of Owners and Prints to Be Displayed.

An ambitious programme of civic improvements is proposed by the new Women's Civic Improvement Auxiliary to the North Portland Commercial Club, for the Peninsula district. Officers are well-known women of the district—Mrs. C. F. Nichols, of Kenton, president; Mrs. J. A. Wilkinson, of Kenton, secretary; Mrs. W. J. Hamm, North Albina, vice-president; Mrs. P. M. Shattuck, North Albina, treasurer.

most desirable sections of the city, and to this end the president, with the assistance of J. H. Nolta, president of the North Portland Commercial Club, has mapped out a campaign that will tax the energies and time of the members of the auxiliary. Photographs to Be Taken. "We shall start our work on the Peninsula as soon as possible," said Mrs. Nichols, "and the first movement will be to make a complete inspection of the Peninsula from Woodlawn to St. John, and Killingsworth avenue to Columbia boulevard, and this inspection tour will be made by automobiles, which have been offered by business men interested in our work. Six or seven automobiles have already been offered for the use of the auxiliary, and perhaps we may have some more. We shall make our inspection tour to get in touch with real conditions, that we can act with intelligence in our work. There will be no favors shown. All must clean up their blocks, and photographs will show their actual conditions, a thing which no progressive owner will want. It is planned to take photographs of unsightly lots and blocks covered with thistles and weeds and unsightly buildings on the Peninsula. So it would be a good scheme for owners to clean up their holdings in advance of this inspection. Later we shall take pictures of premises to show the effects of the cleanup campaign. We plan to give a banquet to the North Portland Commercial Club in the near future in the Kenton Presbyterian Church, at which time we shall outline the campaign plans for civic betterment along the lines suggested by George M. Hyland in his talk Thursday night. Speakers will address the banquet on civic improvements. Parking Work Planned. "We shall undertake to beautify the boulevards and the small parks on the Peninsula by setting out ornamental trees and shrubbery in the parkings. We shall teach and encourage floriculture, domestic science, landscape gardening, sewing and other things. Our purpose is to encourage the planting of flowers, especially roses, at all homes on the Peninsula. The planting of flowers is inexpensive and can be made general at small expense and trouble. We shall undertake to get prominent lecturers to speak. Superintendent E. T. Mische, of the Park Board, has consented to deliver the opening lecture next Thursday night at the fire hall on Albina avenue, in which he will outline a programme of improvements on the Peninsula in North Portland, and he will be followed by others along the line

Did You Ever Fall From a Very High Place to the Ground?

Of course not. If you had, you WOULDN'T BE READING THIS ADVERTISEMENT. But—you have gone to bed at night; dozed off in a HALF SLEEP; then, OF A SUDDEN, you have AWAKENED, sat bolt UPRIGHT, rubbed your sleepy eyes and REMEMBERED that you were STANDING ON A HIGH PLANE, LOST YOUR BALANCE AND FALLEN.

Everybody has had that experience. Everybody has been rudely awakened by the impression of FALLING. Your nervous system has responded to the MENTAL CONDITION, resulting in a SEVERE NERVOUS SHOCK.

It is a FEARFUL SENSATION. You SHUDDER, when you RECOLLECT it. Perhaps the MERE READING OF THIS ADVERTISEMENT will set your BRAIN CELLS working, and, AGAIN TONIGHT, it may HAPPEN.

Such is the POWER OF MENTAL SUGGESTION.

If NERVOUS SHOCKS of that character can OVERPOWER one in an UNCONSCIOUS CONDITION, how much more SERIOUS ought to be MENTAL SHOCKS that result from CALM DELIBERATION when in a PERFECTLY CONSCIOUS CONDITION?

Let this fact SINK DEEPLY into your CONSCIOUS BRAIN— EVERY MAN who spends FIFTY DOLLARS A MONTH, for RENT ALONE, is ACTUALLY SPENDING THE LEGITIMATE INCOME FROM \$10,000!

Unless you ACTUALLY HAVE \$10,000, IN COOL, TANGIBLE CASH, you HAVE NO RIGHT TO SPEND THAT AMOUNT OF MONEY FOR RENT.

Granting, for the sake of argument, that you THINK YOU HAVE SUCH A RIGHT, Does it not occur to you that IF YOU THINK YOU CAN AFFORD TO DO IT, it would be FAR MORE REASONABLE, BUSINESSLIKE and SATISFACTORY TO SPEND THE PRINCIPAL, \$10,000, for a DELIGHTFUL HOME IN WESTOVER TERRACES.

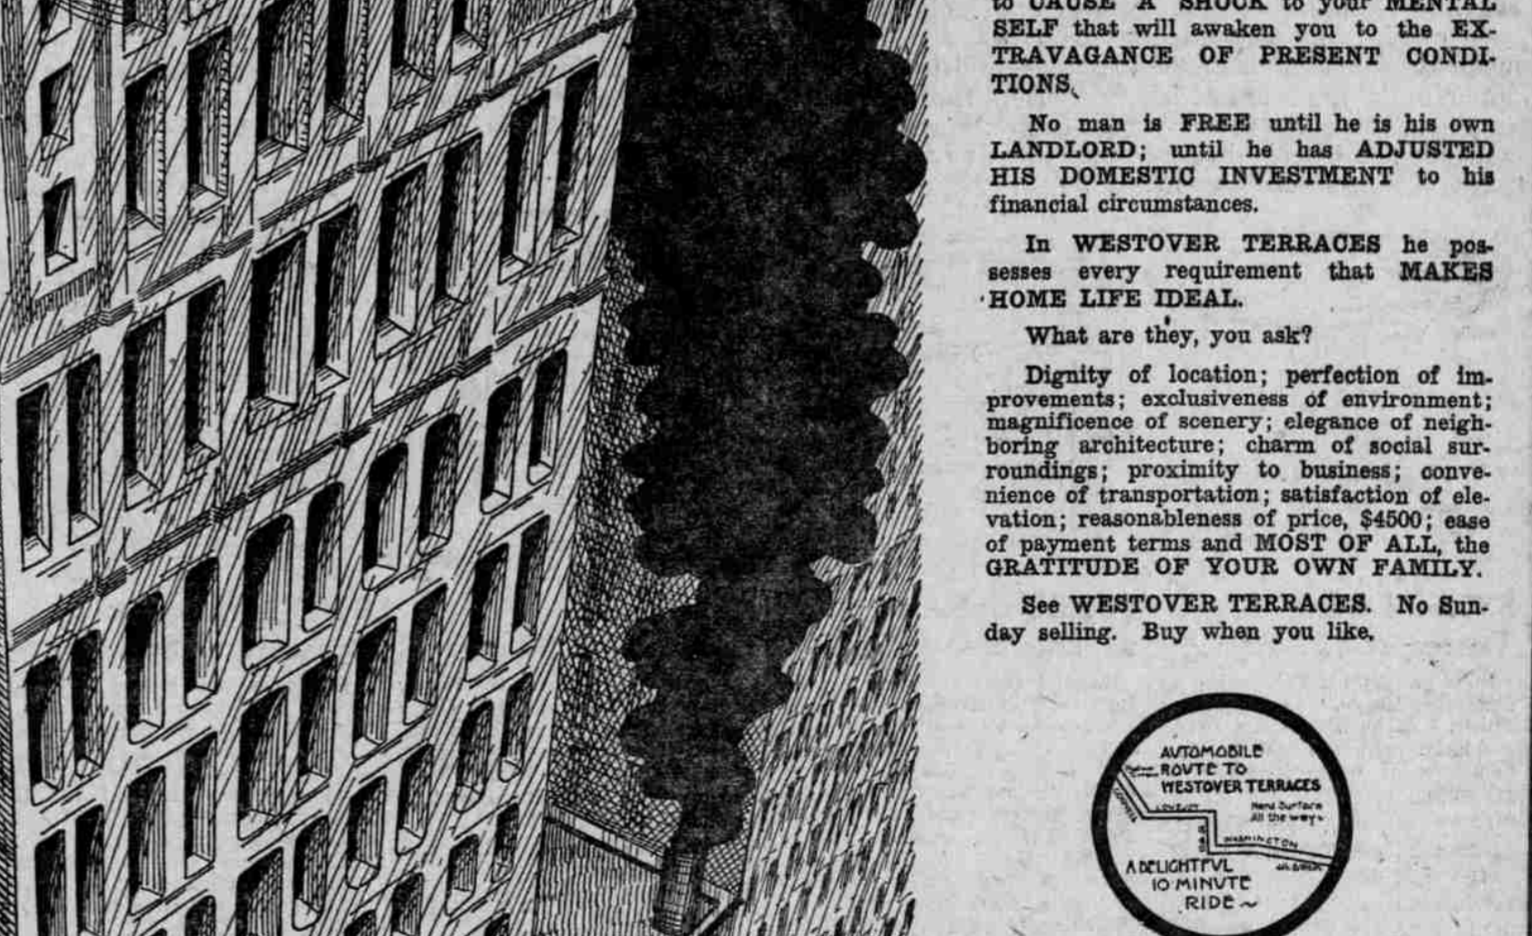

\$4500 for the lot and \$5500 for the house? It seems to me that CALLING A HALT UPON YOURSELF, BRINGING YOUR SENSES UP WITH A SHORT TURN, ought to CAUSE A SHOCK to your MENTAL SELF that will awaken you to the EXTRAVAGANCE OF PRESENT CONDITIONS.

No man is FREE until he is his own LANDLORD; until he has ADJUSTED HIS DOMESTIC INVESTMENT to his financial circumstances.

In WESTOVER TERRACES he possesses every requirement that MAKES HOME LIFE IDEAL.

What are they, you ask? Dignity of location; perfection of improvements; exclusiveness of environment; magnificence of scenery; elegance of neighboring architecture; charm of social surroundings; proximity to business; convenience of transportation; satisfaction of elevation; reasonableness of price, \$4500; ease of payment terms and MOST OF ALL, the GRATITUDE OF YOUR OWN FAMILY.

42 TRUE BILLS RETURNED Grand Jury Ends Session Which Considered 57 Cases.

White slavery indictments were returned by the Federal grand jury yesterday against Arne M. Lyman and Charles Gervais. Both men have been arrested. Lyman is accused of bringing Florence Mason from Great Falls, Mont., to Portland. The charge against Gervais is that he caused Suzanne De Vallee, a French Canadian woman, to be brought from British Columbia to Seattle and later to Portland.

Lela Duping was indicted for perjury. She swore before United States Commissioner Newberry at Pandleton and the Federal grand jury at Portland that Tom Mokeva had not introduced liquor into the Umatilla reservation. She was arrested on a bench warrant as she was leaving the grand jury room yesterday and later a true bill was returned against her. The woman furnished \$500 bail. Mokeva has been indicted for selling liquor to Indians and will come to trial October 17.

A not true bill was found in the case of Homer Farley, against whom an information had been filed charging that he brought Dora Williams from Lewiston, Idaho, to Baker, Or. The jury, which has been in session since September 19, concluded its work yesterday. Specific complaints to the number of 57 were considered with the result that 42 true and 15 not true bills were returned.

There has been a considerable increase in shipments of bonnet from India and the East Indies to the United States by way of Hongkong during the past few months.

COMMON GARDEN SAGE RESTORES FADED, GRAY HAIR TO NATURAL COLOR

Grandmother's Remedy for Dandruff, Falling Hair and Itching Scalp. The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color. One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair. The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair. Get a fifty-cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Owl Drug Co.
