

### 20 CONVICTS FREE; TOWN IN TERROR

Jim Dalton, of Notorious Gang of Bank Robbers, Leads in Break at Rawlins.

### CITIZENS PATROL STREETS

Guards, Pursuing Men Who Escape From Prison Through Broken Fence, Succeed in Capturing Only Nine.

RAWLINS, Wyo., Oct. 12.—Twenty convicts, 19 of whom were led by the notorious Jim Dalton, member of the Whittier gang of bank robbers, escaped through a broken fence in the penitentiary yard here this afternoon. Eleven were still at large at 8 o'clock tonight and the possibility of their recapture was remote, as they were believed to have gained the hills north of the town.

Scattered shots indicated that some of the searching party had other come upon the fugitives or were infected with the panic that reigns in the homes of Rawlins tonight.

### Citizens Arm Themselves.

The town is being patrolled by armed citizens and men and women sit in their homes tonight with weapons close at hand, listening for intruders, for the fugitives are known to be the most desperate of the penitentiary's inmates.

The reign of terror which holds the town tonight began at 3 P. M., when from the penitentiary burst a bedlam of shouts of convicts and through the streets of the northern part of the town 19 men in prison uniform ran in a body.

Horses tethered in front of saloons were grabbed by the leaders and they dashed off to the hills, outdistancing the guards that were following the fugitives. The guards lost precious minutes investigating the cause of the uproar in the cells.

Meanwhile the convicts captured a grocery wagon and compelled the boy driver to race for the hills. When the horse gave out they loaded themselves with its provisions and ran.

### Groans Greet Guards.

Four of the convicts hiding in a canyon north of Rawlins were caught half an hour after the outbreak, a fifth was captured making for the railroad tracks. Three were cornered in another canyon a mile west of the town by mounted pursuers, but have not been taken.

The guards returning with the five prisoners were greeted by the convicts with an uproar of groans and it was then discovered that in the excitement of the pursuit another prisoner had escaped, making 20 in all.

Shortly before 7 o'clock tonight four fugitives were discovered hiding in a barn within a block of the penitentiary. Two were captured but the others got away, as the officers feared to fire because of a crowd in the vicinity. A little later Warden Alston arrived at the penitentiary with two convicts taken single-handed. This raised the number to nine captured.

### Houses Are Searched.

A searching party of citizens was organized tonight to make a house-to-house search in the north end of the town, in the hope of finding more of the men and to reassure the terror-stricken citizens.

It is believed that the ten convicts left of the original 19 and the one who engineered his own escape, are in the hills back of the town, surrounded by a posse and cannot be captured before morning.

### Four Ohio Convicts Escape.

COLUMBUS, O., Oct. 12.—Four of the most desperate convicts in the Ohio penitentiary made a daring escape today by sawing through the bars of a sewer manhole behind the prison hospital, dropping into the underground tunnel and working their way to the outlet of the sewer on the banks of the Scioto River.

### DIVORCE PLAINT FAILS

Husband Charges Wife Went to Hear Taft With Another Man.

SEATTLE, Wash., Oct. 11.—(Special.)—The fact that Max Hymen accompanied Mrs. Sara Averbach to attend the address of President Taft in Seattle last spring is the sufficient cause for divorce, according to the interpretation of Judge R. B. Albertson, who today refused to grant a divorce to Mrs. Averbach or her husband, Morris, a merchant.

Averbach, according to the wife, has been so moved over her attendance upon the Taft speech that she created domestic strife and the wife applied for a divorce, alleging cruelty. Morris filed a cross-complaint and told the court that his wife paid altogether too much attention to Hymen, detailing the Taft speech episode. The wife contended that Hymen was her husband's friend and that his visits to the Averbach home were largely for the purpose of playing checkers with Morris.

The court could see nothing but enlightenment resultant upon attending the President's address, and dismissed the case.

### 20,000 CARS ARE NEEDED

SALEM, Or., Oct. 12.—(Special.)—That there is now a shortage of at least 20,000 cars on the roads west of Chicago is the information received today by the Association of Western Railways from the Association of Western Railways.

These figures are all the more startling in light of the fact that there was a surplus of nearly 90,000 cars within three months. Comparative statistics as to car shortage and surplus since that time are as follows:

August 1, 56,510 cars in surplus; August 15, 43,901 cars in surplus; August 29, 31,500 cars in surplus; September 12, 18,500 cars in surplus; September 26, 17,700 cars shortage.

### OKANOOGAN BEING SETTLED

Railroad Building and Fruit Growing Washington's Magnet.

WENATCHEE, Wash., Oct. 12.—(Special.)—Hundreds of investors from all over the United States, lured by announcement of railroad building into the Okanogan country, are rushing into the district north of the big bend of the Columbia River. An era of development, almost without precedent, is predicted for this section of the state, comprising thousands of acres of rich agricultural, mining, grazing and orchard land.

A line 70 miles long is being constructed as far north as Pateros, extending from Wenatchee, and now the Great Northern says it will build west from Coalmont into Canada, uniting with the Grand Trunk line, and affording an outlet for produce, east and west. Boosters have originated the slogan, "Okanogan, the California of Canada," meaning that Western Canada must look to this section for her supply of soft fruits, apples, and other products of a temperate climate. An impetus to business is felt throughout this part of the state.

### FIRE LOSS IS \$150,000

### Every Child Should Be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.
