

ROSE FESTIVAL TO ASK FOR \$100,000

Royal Order of Rosarians Is Arranging for Many New Features.

CAMPAIGN ON TOMORROW

Booster Trip Will Be Made to California and Inducements Offered to Route Tourists to Pacific Northwest.

Acting as an advisory committee for the Rose Festival management, the Royal Order of Rosarians has made a firm determination that a fund of \$100,000 must be raised to defray the expenses of the seventh annual celebration, which will be held the week of June 9-14, 1913.

The financial campaign to raise the money for the festival will be inaugurated tomorrow and backed by the Rosarian live wires, it is expected that the canvass will be one of the most vigorous ever conducted in the city.

In soliciting contributions from some of the usual heavy contributors, the Rosarians will delegate special committees to take the question up with the subscribers and call their attention to the necessity of being unusually generous this year.

For one thing, the festival boosters are heartily in favor of building a beautiful and elaborate show, not exactly along the lines of the one which made such a hit during the Elks' grand lodge reunion, but one something similar and in keeping with the Rose Festival idea.

California to Be Toured. The Rosarians are working out their plans for the proposed boosting tour of California. They will start on the principal features of the coming annual "Tournament of Roses," at Pasadena, on New Year's day.

In addition to inviting all Pasadena Rosarians to visit July a dozen of the leading California cities and spread the gospel of Portland, the Summer Capital of America, and arrange with the commercial bodies and other public-spirited organizations down there to assist in having the next Summer tourists routed to Portland for the big show here.

Advices have been received by the Rose Festival management that a large number of the 2000 delegates who will be here to attend the National convention of the American Association of Nurserymen will come to Portland a week in advance and will take prominent part in the Rose show, as well as in the festival, before holding their annual meeting here the week immediately following.

Miss Grace DeGraf, president of the Grade Teachers' Association, outlined the history of the struggle of the organization, the reverses it had encountered and the purposes it seeks to carry out in the following address at the last meeting, when the question of affiliation was brought up for consideration:

ATTORNEYS BREAK RECORD

Jury Secured in Judge McGinn's Court in Six Minutes.

All records for speed in securing a jury were broken in Judge McGinn's department of the Circuit Court yesterday, when 12 men to try the condemnation suit of the City of Portland against George Yerke and others were passed by both sides and sworn in for duty in less than six minutes.

Gas Plant Employee Burned. Patrick Frayne, a laborer at the Portland Gas Company's plant at the foot of Flanders street, was severely burned yesterday by a flare-back in the generating room of the plant, and was quickly checked by the Fire Department, with small loss. Frayne was taken to St. Vincent's Hospital, where he is said to be out of danger.

MISS ALICE NIELSEN WILL BRING STARS OF RARE GIFT TO PORTLAND

Radiant and Charming Opera Singer Who Appears in Portland Next Wednesday Is Surrounded by Artistes of Note and Ability.

CENTER, ALICE NIELSEN—LEFT HAND, Mlle. JESKA SWARTZ, CONTRALTO; 2, JOSE MARDONES, BASSO; 3, CESARE CLAUDESTINI, CONDUCTOR—RIGHT SIDE, 4, ALFREDO RAMELLA, TENOR; 5, RODOLFO FORNARI, BARTORNE; 6, LUIGI TAVECCHIA, BASSO BUFFO.

ALICE NIELSEN, with her radiant personality, beautiful voice and delicate instinct for the subtleties and beauty of art, is by no means the only start in the concert company which she is bringing to Portland November 13.

Mlle. Jeska Swartz, the prima donna contralto of the Boston Opera, has received ovation upon ovation, both for her attractive personality and the wonderful depth and beauty of her contralto voice.

The tenor, Alfredo Ramella, has won wide fame in Europe and America for the exceptional sweetness and purity of his tones and the high quality of his art.

The most beautiful low voice on the grand opera stage today is generally conceded to belong to Jose Mardones, the basso of the company, whose repertoire includes all the grand operas.

The genial humor and marvelous versatility of Rodolfo Fornari, as well as his fine baritone voice, have made him one of the most popular members of the Boston Opera.

The conductor and accompanist is Pablo Rimini, who is peculiarly rich in temperament, and has just concluded important operatic engagements in Europe, where Alice Nielsen during a motor trip in Switzerland and Italy discovered him.

Contrary to what the name would indicate the merry opera "The Barber of Seville" deals with high life in Spain, and overflows with clever, amusing situations. Rosina (Alice Nielsen) is the beautiful young heiress, the ward of an old Spanish Don who has made his plans to win her as a bride for himself, her wealth proving the main attraction.

Another condition that has hampered us as grade teachers is that we have spent too many hours in cutting the small sewing models to a small fraction of an inch from sewing to copy the best in classes in music.

There are conditions in Portland that have dwarfed and warped us in our value as teachers. Not until this association was formed was any effort made to relieve the teachers of their worst fear—fear of being dropped without due notice.

Our treatment Saturday was not peculiar. At the National Educational Association's Association, outlined the history of the struggle of the organization, the reverses it had encountered and the purposes it seeks to carry out in the following address at the last meeting, when the question of affiliation was brought up for consideration:

"The general meeting last Saturday status of the city grade teachers in the minds of our fellow-workers. You were present and can interpret it as well as I. Our association has by notice of the purpose of the meeting, in fact, did not know it would be a general meeting.

"As nearly as I can learn, other organizations in the Portland teaching corps had been notified of the purpose of the meeting, also, those of the corps who were not members of any organization, but who held positions other than grade teachers were notified. According to the annual report of the number in the corps, 64 supervisors and principals and 155 big school teachers were notified; 620 grade teachers were ignored both officially and personally. There is only one interpretation—the grade teachers were not to be recognized.

"Very well, but we are still women—women in whose hands largely lies the future of our children. As the grade teachers capable of conducting an association for themselves, or shall we run one for them? I answer most emphatically, we are more than capable,

amusing and genial "Barber of Seville" he will hold the stage center next Wednesday night at the Heilig, when attention is not riveted on Miss Nielsen.

Exceptional gift for the comic also belongs to Luigi Tavecchia, the famous basso buffo, who will sing the part of Don Bartolo in the opera next Wednesday, and the effect upon the audience is that of convulsing merriment, and humor is most contagious, particularly as he lies helpless at the mercy of his barber in the shaving scene, while his beautiful ward Rosina and her guardian their elopement.

"Another matter that is not generally understood. In the June meeting I suggested federation with the Portland Principals Club. This Fall that club held a meeting before our meeting. I sent to the president the following communication: "Portland, Or., September 28, 1912. To the Members of the Portland Principals Club: In order jointly to promote further the educational interests of our city, would you wish to consider the advisability of federating with the Portland Grade Teachers' Association? If you do, I will bring the matter before our association and appoint a committee to confer with one which you may appoint. Fraternally, Grace DeGraf, president, Portland Grade Teachers' Association."

"I think our own association had its birth during the last effort to raise our salary. We felt the necessity of an organization through which we could receive official information concerning matters of interest to us.

Many absurd complications followed. Intriguing Figaro, the barber of Seville, assists them in their plans. Posing as a music-teacher Almaviva obtains opportunities for seeing Rosina. The barber, by changing the day for shaving Bartolo, obtains a key to the balcony from which the two lovers plan to elope. At the critical moment, however, the ladder is removed and consternation follows.

New intrigues have to be resorted to. Meanwhile Rosina, plucked at the supposed inconspicuity of her lover, prompts the ladder to be removed and consternation follows.

"No reply came until a few minutes before this meeting opened. "The Grade Teachers' Association has ever shown a willingness to federate, but since voting to join the National League of Teachers' Associations we cannot become members of such an organization as was planned Saturday, November 2, as the league constitution says: "The league shall consist of organizations of grade and high school teachers regularly and exclusively engaged in classroom work." Hears Church Bells After Long Deafness. For the first time in years this good lady, who has been deaf, hears the church bells. She is in ecstasy. Only this morning has she been able to hear the prattle of her grandchildren and the voice of her daughter. Twenty-three years ago she first found herself becoming deaf, and, despite numerous remedies, medical advice, hearing devices and specialists' treatment, she found it more and more difficult to hear. Of late years she was harassed by peculiar noises in the head, which added to her misery. At last she was told of a book which explains how to regain perfect hearing without costly apparatus or drugs. She got this book and learned how to quickly become freed from deafness and head noises. Observe her delight in this hypothetical illustration. Any reader of The Oregonian who desires to obtain one of these books can do so free of cost by merely writing to the author, Dr. George E. Coulton, 335-D, Station E, New York, N. Y. He will be pleased to mail it promptly, postpaid, to any one whose hearing is not good. This offer will bring joy to many homes.

Peevish Children Suffer With Worms. Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms. Among the common symptoms of the presence of round worms are nervousness, which often leads to epileptic form attacks—dizziness, vertigo, capricious appetite, restless sleep, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite. Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the person using it. Millions of parents have praised this medicine for more than eighty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. D.
