

HORNE'S HIGHEST JUMP NO RECORD

Union Gives Stanford Man Credit for Leap of 6 Feet 6 1/8 Inches.

BETTER WORK OVERLOOKED

T. Morris Dunne to Ask Why Performance of 6 Feet 7 Inches Is Not Recognized—Other Coast Men Get New Records.

Although the Amateur Athletic Union of the United States allowed the record of Horne, the Stanford high jumper, the same being 6 feet, 6 1/8 inches, the Pacific Coast authorities are wondering why his best credited record of 6 feet, 7 inches, made at the California Olympic tryouts, was canceled.

Donovan gets credit for throwing the 56-pound weight 15 feet 4 inches in the air, made October 22, at Los Angeles. The other records which the union allowed:

with the addition of the ginning clothes, will be a rare spectacle.

The following morning, there will be athletic events on the beach and impromptu swimming races in the Natatorium. Later in the day Arthur Cavill will do some swimming in the surf and "stunts" like the fake rescue, which had the whole town on the beach last time, will follow.

There will be a special train leaving Portland at 2 P. M. Saturday, December 7, but those who cannot leave until night can get the same advantages as those who get away earlier.

In order that the confusion which usually reigns at the hotel over the selection of the rooms may be avoided a chart has been sent to the Multnomah Club, and those wishing to make reservations can do so at the club.

The party will return by a special train, leaving Gearhart at 5:30 P. M. Sunday.

Grants Pass Young Man Hurt.

GRANTS PASS, Or., Nov. 30.—(Special.)—Word was received here today that Mart Riggs, son of Engineer B. W. Riggs, of this place, was seriously injured in a railroad accident.

Immediately a motor was ordered out of the roundhouse and B. W. Riggs, wife and one son hastened to Medford. B. W. Riggs, father of the injured boy, has been employed by the Southern Pacific Company for several years.

Mart Riggs was making his third or fourth trip on the local run between here and Ashland and was preparing for the position of brakeman.

Albany 25, Ashland 13.

ASHLAND, Or., Nov. 30.—(Special.)—A football game today between Ashland High and Albany High resulted in a score of 25 to 13 in favor of the North-erners. A series of linebacks operated in favor of the visitors.

Novel Race Is Arranged.

LOS ANGELES, Nov. 30.—An aeroplane, an automobile, a motorcycle and a railway locomotive will race December 7 from Los Angeles to Bloomington. The distance is 54 miles.

Nine Twirlers Is Sight.

With this nucleus upon which to build a winning pitching staff Hogan expects to add two more twirlers, both of whom have had major league experience, and possibly a youngster, in addition to Pfeffer and Griffin. This will give him a twirling staff of nine at the beginning of the season.

Brashers, the mighty ash wielder, cannot be replaced, so will have no competition for his job. Hosp and Litschi also are able to sleep easily at nights in the knowledge that their work of last season was sufficiently classy to merit retention.

Carlie, Kane and Bayless make up a great outfield trio that Hogan will not disturb. Patterson looks like a certainty at first base, too. If his broken leg ever gets thoroughly healed and strong, it is not expected that there will be any releasing of players before Spring.

Hen Berry Strengthens Team for Next Season.

"CY" SEYMOUR SECURED

"Hap" Working to Bolster Up Pitching Staff, Which Fell Down at End of Season—Outfield Is Not to Be Disturbed.

LOS ANGELES, Nov. 30.—(Special.)—Reorganizing a baseball club is not such a difficult proposition for Hen Berry as some people might imagine.

It is a labor of love for him because baseball is his only hobby since he found out he could not play three-cushion billiards. Hen has already won a chart as the greatest scout in America and if his oil wells should play out and his huge bank roll grow wings, he could get a job as scout for any major league ball club.

Heine Zimmerman, star National League batsman, aspires to oust Johnny Evers from second base. Heine would like to jump from third to second, feeling that he can do better work in that position. He balks at a trial at short, however, as he fell down badly the only time he essayed that berth.

Eddie Dugan and Willie Dugan, Oakland Cal. jockeys, have returned from a successful season in Europe. Eddie piloted 52 winners, many of them in big stakes. George Archibald, another California jockey, made a big hit in Germany.

The speed trial of Joe Patch II has been postponed. R. J. MacKenzie, his owner, was called East on business, and the trial at San Francisco will be staged until he returns. Patchen paced an exhibition mile in 2:00 1/2 at Los Angeles, and MacKenzie is confident that he can make this in better than 2 minutes.

Most of the National League critics agree that Jake Daubert played the best first base in the circuit during the 1912 season. Merkle is brilliant, but not as reliable as Daubert, while Konetchy pressed Jake close for premier honors. The general impression is that Daubert is being played in the outfield.

Brooklyn or St. Louis he would have passed unnoticed, while either Daubert or Konetchy would have starred at New York.

A Chicago pitcher named Carlo is just breaking into the big league. Out in Texas a catcher named Bruno has been showing commendable class. If the fortunes of the game ever put these two on the same club they would be known as the "hot dog battery."

Napoleonic tactics, with the attack starting with the artillery, followed by masses of infantry, and ending with the cavalry, won the "Big Nine" championship for Wisconsin this year. First the Badgers punted, trying out the opponent's style. Then came the hammering away at the guards and tackles, to force the backfield in. This opened the way for the successful execution of forward passes. This style of assault, as maneuvered by a perfectly drilled team, gave the Badgers the title.

J. J. McDermott of the Atlantic City Country Club, is planning a trip to Europe for a clash with the crack golfers won the open championship of the United States at Buffalo, making a total score of 234 strokes for 72 holes, an average of 4 1/2 to each hole.

The following table shows how the players finished in the big 18.3 balk line billiard tourney held in New York:

Table with columns: Player, Won, Lost, High, Low, Run. Players include Moore and Dillon, first base; Page, second base; Metzger, third; Berger or Fahey, shortstop; Seokym, right field; Magazert, center; Ivan Howard, left. Should be able to keep Berger, nobody will be able to root him out of the shortstop position. Seokym and Metzger will fight it out for third base, the loser doing utility duty. Boles, Brooks and Smith will do the backstopping. Chech, Slagle, Tozer, Ferritt, Vernon, Crabb, Jackson and two others will make up the pitching staff.

Hap Hogan will not know the changes in the Tigers' lineup until the work of last season has been pending and the options on the new players. That he will have a much stronger pitching staff than last season, when his pitchers fell down in the final weeks, is already assured. Edmondson, Hitt, Baum and Stewart are sure to be retained and Johnny Raleigh may also stick.

With this nucleus upon which to build a winning pitching staff Hogan expects to add two more twirlers, both of whom have had major league experience, and possibly a youngster, in addition to Pfeffer and Griffin. This will give him a twirling staff of nine at the beginning of the season.

Brashers, the mighty ash wielder, cannot be replaced, so will have no competition for his job. Hosp and Litschi also are able to sleep easily at nights in the knowledge that their work of last season was sufficiently classy to merit retention.

Carlie, Kane and Bayless make up a great outfield trio that Hogan will not disturb. Patterson looks like a certainty at first base, too. If his broken leg ever gets thoroughly healed and strong, it is not expected that there will be any releasing of players before Spring.

Harry Smith, former National League pitcher, has been selected to succeed McCinnity as manager of the Newark club of the International League. Smith is one of the few Englishmen to succeed in baseball. He came to this country when a boy, beginning his major league career with Pittsburg and then going to Boston and Brooklyn.

The seventh annual convention of the National Collegiate Association will be held in New York on December 27. The association numbers 94 colleges, universities and preparatory schools, with a total enrollment of 120,000 students. The keynote of the organization is "faculty control of college athletics."

O. A. C. Graduates Organize.

More than 50 graduates and former students of the Oregon Agricultural College met at the Central building last night and adopted a constitution and by-laws. Another meeting will be held shortly, when the officers will be elected. The organization was undertaken to hold the one-time members of the school together after their school days and it is hoped that in a short time the association will include the majority of the 500 or 600 former students of the college.

San Francisco Tennis Cracks Take Invitation Tourney.

LOS ANGELES, Nov. 30.—Ella Potrell and William Johnston, of San Francisco, won today the first annual invitation doubles tennis tournament on the courts of the Los Angeles Country Club, defeating Griffin and Strachan, also of San Francisco, 6 to 4, 9-11, 6-4, 6-4.

Final round—Miss May Sutton and Miss Margery Tufts defeated Mrs. Bruce and Miss Shoemaker, 6-2, 6-4, in the women's doubles.

Silverton Club Team Wins.

SILVERTON, Or., Nov. 30.—(Special.)—The Silverton Commercial Club basketball team defeated the Amicus team of Portland, tonight, by a score of 26 to 25.

It was by far the most exciting game ever witnessed here; first the visitors would lead by several points, then the Silverton team would gain the upper hand. By a sudden spurt a few minutes before time was called the Silverton team managed to edge out a victory, due mostly to the star playing of Vern Wolcott. Hughes, of the Amicus team, made 15 points for the losing team. Silverton has arranged to play the Oregon Agricultural College team, but the date has not yet been fixed.

START OF PACIFIC CHAMPIONSHIP FREE-FOR-ALL AT LAST ASTORIA REGATTA, SHOWING THREE BOATS WHICH WILL LIKELY MEET JANUARY 1.

LEFT TO RIGHT, OREGON WOLF, VAMOOSE AND SWASTIKA.

The race of which the start is shown was one of the three heats of 30 miles each, which the three boats ran for the title. Owing to a mistake on the part of the assistants to the starter, the Swastika did not have time to prepare for the event and had to quit. The Vamoose lost out to the Wolf because of engine trouble. At times it showed that it had the speed to make the champion jump. The Vamoose received the credit for the fastest lap of the meet, but John E. Wolf insists his boat was never let out and says he will substantiate the assertion if the two boats race again. The Swastika believes that it can beat the Coast champion because of the improvement in the behavior of the engine.
