A Xmas Sale of Cut Glass

Important—Interesting—Economical

The Entire Showroom Exhibit of the Bergen Cut Glass Co.

Come to this sale if you are interested in cut glass. Examine every piece. Stroll around the many tables filled with glittering, sparkling, perfectly-cut pieces. Notice that every piece is marked with two prices. Take note of the fact that every piece offered in this sale is perfectly cut, of the finest quality. Made on the richest American blanks. Over ten thousand pieces involved in this offering. A collection greater than ever shown before in Portland.

We lay our plans for securing the showroom samples of this famous cut glass house two months ago. We were told that under no circumstances would they arrive here before January. We knew at the prices they were to be sold for in January, not even then the sale would create the greatest interest.

Think what it means now, **TWO WEEKS BEFORE CHRISTMAS**, to have the opportunity of selecting **ANY PIECE OF CUT GLASS** in our entire store **AT DEEP REDUCTIONS**. This is a sympathetic sale, for the prices on the Bergen cut glass were so low that we were forced to reduce **OUR OWN STOCK**.
