

33d Annual GEVURTZ Clean-Up

Portland's large new 12-story Furniture Store has been crowded with buyers the past week, seeing the beautiful building, the splendid things in Furniture, Carpets, Rugs, Stoves, Crockery, etc., displayed throughout the whole 12 floors and have been amazed to know that Portland supported such a modernly equipped great store, carrying such an enormous stock.

We have made the furniture prices in this city the past

week and shall continue to do so. This means that you can buy any furniture desired here, of this, the greatest and most complete furniture store in the West, at savings far greater than at other stores.

Thirty-third Annual Clean-up means what it says and more. Not only are the goods on hand before this sale included, but new goods of every description, arriving daily, are being put right on the floors and marked at Clean-up Prices.
