

OREGON THIRD IN SUFFRAGE PARADE

Grand Marshal Telegraphs Mrs. Duniway That Place Has Been Assigned.

APPEAL FOR FUNDS MADE

Leader of Cause in Beaver State Expresses Hope That Suffragists Will Help Make Pageant Big Success.

That Oregon is not to fall of representation in the equal suffrage parade in Washington was indicated by a telegram received yesterday by Mrs. Abigail Scott Duniway from Mrs. Richard Burleson, grand marshal of the parade. The telegram said: "Oregon delegation in the Washington parade marches third. Will form at 2 o'clock, block seven, on C street, between First and Second streets south-east under the Oregon banner. Behind Kansas section. Please communicate to intending marchers that parade headquarters are at 236 Delaware avenue northeast."

Overjoyed at the news, the Oregon suffrage leader thanked the press in general, and the Oregonian in particular, for the publicity given to the work of the suffrage army. Speaking of the need for all the help that could be given locally, Mrs. Duniway, whose own increasing illness has prevented her personal activity in arranging for the parade, but has failed to lessen her interest, said yesterday she hopes that Oregon suffragists everywhere are doing their part toward making the pageant a triumphant success. Contributions of money are much needed toward the expenses and all sums, large or small, should be sent at once to Miss Emma Gillett, 1429 F street, Washington, D. C.

FISHER'S "O. K." EXPECTED

Cost of Mountain Water System for San Francisco Estimated at \$77,000,000 to Be Extended Over 50 Years.

WASHINGTON, Feb. 22.—San Francisco's protracted fight for the use of the Hetch-Hetchy Valley as a reservoir site was won by the city today as far as the Army advisory board, on which Secretary Fisher's decision will be based, is concerned. The board declares that the Hetch-Hetchy project is \$30,000,000 cheaper than any other feasible project for furnishing an adequate supply of water to the city. "The water situation that will confront the communities around San Francisco Bay if the plan is adopted by Secretary Fisher, as is probable within a week, is recapitulated by the Army advisory board as follows: "Purchase of Spring Valley Water Company, \$35,000,000 to \$40,000,000. "Power Will Be Developed. "Further development of this company's system to about half the cost proposed by the company, \$10,000,000. "Purchase of water systems of communities outside of San Francisco, no estimate made. "Construction of Tuolumne system, as proposed by San Francisco, to be extended over about 50 years, \$77,000,000. "Against these expenditures there will be developed 115,000-horsepower, having an estimated capitalized net value of \$45,000,000. "The Hetch-Hetchy Valley is in the

"ANTIS" WORRY CONGRESSMEN

Threat Made That Watch Will Be Kept on Activities.

WASHINGTON, Feb. 22.—(Special.)—It is a serious job to be a member of Congress these days, according to complaints that are resounding throughout the Capitol. The burden of the legislators' trouble is the suffragist and the anti-suffragist controversy. All Congressmen have been invited to march in the notes for women advocates on March 2. All have likewise been quietly informed by the antis that close watch will be kept on the suffrage activities. The situation does not bother members from equal suffrage states, but it is giving those from other commonwealths a lot of trouble to decide which camps they will favor. The anti-suffragists are conducting a "lobbying" campaign at the Capitol, which adds to the woes of the legislators.

RACE WITH TRAIN IS FATAL

Father Sacrifices Own Life for Child's in Auto Accident.

OAKLAND, Cal., Feb. 22.—Two men were killed and a man and child injured when the Key route train running from Claremont Park to the pier struck an automobile this morning. The dead are: A. F. Holton, and W. R. Garrison. The injured are: A. G. Smith and his 6-year-old daughter, Sylvia Smith. All are residents of Berkeley. According to the police, Garrison, who was driving the automobile, attempted to beat the train to the crossing and collided with the front car while going at 40 miles an hour. The train was also moving rapidly and carried the wrecked automobile for nearly half a block. Smith clasped his daughter in his arms and saved her from serious injury, thereby probably sacrificing his life, as his death is expected at any hour.

OFFICIAL NAMES BRIBER

JOHN ANHUT IS THAW'S AGENT, SAYS ASYLUM HEAD.

ALBANY, N. Y., Feb. 22.—Governor Sulzer announced tonight that Dr. John W. Russell, superintendent of the Criminal Insane, had told him today that "he thinks" the man who offered him \$20,000 if he would aid in releasing Harry K. Thaw, "is named John Anhut." Governor said his committee of inquiry had issued a subpoena for "John Nicholson Anhut," whose name appears in a New York directory, located by the committee Monday, when the inquiry into charges that William F. Clark, secretary of the committee, had used the governor's name without authority in an attempt to secure Thaw's release will be resumed. The governor, in a statement issued tonight, said that Dr. Russell called on him today to "tell all he knew concerning the attempts to bribe him in the interest of Thaw's freedom." "Substantially he told me this," the statement adds, "that some time last December he was invited by telephone to New York to meet a man whom he thinks is named John Anhut. Dr. Russell met this man, who told him he could make \$20,000 if he would help to get Thaw out of the asylum. Subsequently this man Anhut met him again in New York and made the same offer. Dr. Russell said that he declined the offer on both occasions. "He told Dr. May that no one had authority to use my name in this matter; that I was not in sympathy with Thaw; that I would do nothing directly or indirectly to get him out of the insane asylum, but that I was bound to the Thaw case and I was bound to assume from the decrees of the courts that Thaw was insane. So far as I am concerned, Thaw will stay in the asylum until the end."

NEW PROPOSITION PLAN IS PROPOSED

California Commission Puts Obstacles in Way of Harmon Adjustment.

SPOURIE GIVES TESTIMONY

Southern Pacific President Says if Ships Can Carry Freight at \$5 a Ton, Railway Rates Are Likely to Fall.

SAN FRANCISCO, Feb. 22.—John Eshleman, president of the Railroad Commission of California, daily disagrees with the opinion of United States Attorney-General Wickham that under the recent Union Pacific and Southern Pacific dissolution decision of the United States Supreme Court the only way to carry out the court's order was to permit the sale of the stock of the Central Pacific Railroad Company, owned by the Southern Pacific, to the Union Pacific Company. While examining William Sproule, president of the Southern Pacific, today, as to the manner in which the dissolution plans were drawn, Eshleman said: "I don't think there is a thing in the opinion of the Supreme Court to justify the decision the Attorney-General has reached."

Board Suggests Different Plan.

The board intimated that the dissolution might be brought about by the purchase of the Central Pacific lines from Ogden to Sacramento by the Union Pacific with trackage rights over the Southern Pacific rails to San Francisco Bay, or by an exclusive lease of the Central Pacific to the Union Pacific. Mr. Sproule said the dissolution plan would make the Southern Pacific a direct competitor of the Union Pacific. "The Southern Pacific hitherto has been an ally of the Union Pacific," he said. "If the plan is carried out, we will be in active competition over the Sunset route by way of El Paso. "We, the Southern Pacific directors, were reluctant to sell Central Pacific stock, but the Attorney-General told us that if we did not sell he would compel us to, and we saw interminable litigation ahead of us that would have impaired our credit. Under those conditions we could not borrow money, and we've got to have it."

Canal Will Reduce Rates.

"If ships can carry freight at \$5 a ton through the canal," he said, "it will probably mean a reduction of railroad rates between the Atlantic and the Pacific. Of course, there will be enough freight left over after the ships take their share, and we save interminable litigation ahead of us that would have impaired our credit. Under those conditions we could not borrow money, and we've got to have it."

Ground of Opposition Outlined.

Charles S. Wheeler, attorney for the Western Pacific Railway Company, indicated that he would bring opposition to the Union Pacific-Southern Pacific dissolution scheme principally upon the contention that its adoption would violate a "hold-on" provision of the decree of the Supreme Court of the United States that Union Pacific stockholders cannot purchase the stock of the Southern Pacific Company. Mr. Wheeler said that some 300 stockholders in the Union Pacific control 63 per cent of the company's stock, while the remaining 37 per cent is owned by nearly 2,000 individuals. A syndicate of New York bankers, he said, has underwritten the Southern Pacific stock held not taken up by the "outside" stockholders in the two companies. These number 40,000 persons. "Under the proposed arrangement," said Wheeler, "the Union Pacific stockholders will be entitled as a matter of right to about 23 per cent of the total Southern Pacific stock. Starting with this, it will be only necessary for a relatively small per centage to fall to them through the underwriting syndicate in order to leave the domination of the Southern Pacific with them. "The Union Pacific acquired this domination with 37 per cent. The Supreme Court formally adjudges that 46 per cent is sufficient to control any great corporation and it is safe to say that the proposed arrangement will yield at least a dominating percentage into the hands of the Union Pacific stockholders. This is what the Supreme Court has declared must not be done."

"LAME DUCK," RETORTS LOVETT

Union Pacific Chairman Says Western Is Trying to Unload.

OMAHA, Feb. 22.—"The Western Pacific is a lame duck," said Robert S. Lovett, chairman of the board of the Union Pacific Railroad, who passed through Omaha tonight en route from San Francisco to St. Louis. Mr. Lovett declared his belief that the owners of the Western Pacific were trying to "unload" the property on the Union Pacific and were attempting to take advantage of California conditions to

Mrs. May Arkwright Hutton Says Future "Second Lady" Is Second Fidler to Mere Man. SPOKANE, Wash., Feb. 22.—(Special.)—That the wife of Thomas R. Marshall, second lady in the land after March 4, plays "second fiddle" in her household, is the assertion of Mrs. May Arkwright Hutton, who today takes exception to the views of the wife of the Vice-President-elect on women's suffrage. "Mrs. Marshall's attitude with regard to suffrage seems to be attracting widespread attention," states Mrs. Hutton. "It was my province to help entertain Mrs. Marshall on the occasion of her recent visit to Spokane in company with her distinguished husband. "We discussed the women's suffrage question, and Mrs. Marshall did not tell me that she was opposed to the movement. "At the banquet given in her honor
