

# CHARLES GAULD IS SOUGHT BY FAMILY

### Prosperous Business Man, Victim of Overwork, Missing Since Friday.

### OFFICERS AID IN SEARCH

#### Departure Taken Without Warning From Country Home of Dr. Rockey, Where Camp Was Being Made for Recreation.

Charles Gauld, president of the Gauld Company, dealers in plumbing materials and a man of wealth, has been missing since last Friday afternoon. He disappeared from the country home of Dr. A. E. Rockey, on the White House road, a short distance up the river from Riverview Cemetery. He had gone there to spend an outing, which had become protracted. When his absence was discovered, his wife sought for the fact that he had been seen rumbling about the hills above the Rockey place, but beyond that no reported having seen him.

Sheriff Word was appealed to yesterday and sent out Deputies Curtis and Lumsden, who, in an automobile, covered the entire district making futile inquiries. Captain of Detectives Haly also was notified, and his men are keeping a watch within the city. Private parties have covered all the roads on both sides of the river above the city, and all railroads have been watched without avail.

#### Alarm Given Quickly.

The disappearance took place almost under the eyes of Mrs. Gauld, who was at the Rockey place arranging a tent in which her husband was to spend an outing. Suddenly she became aware of his absence, and in a few minutes had convinced herself that he was not in the grounds. The alarm was given at once, and Mrs. Gauld scoured the surrounding roads in her automobile, making inquiries at every house.

Several weeks ago Mrs. Gauld began giving evidence of a strain due to overwork, and developed a bad case of insomnia, although ordinarily a sound sleeper. He began losing weight, and his family became alarmed. A week ago it was decided to send him to the country place of General T. M. Anderson, his father-in-law, near Vancouver, Wash., and he remained there four days. Then Dr. Rockey suggested a sojourn at his own country place on the White House road, where, he thought, open-air life would be in the garden and rest from business cares would effect a cure.

#### Absence Noted Soon.

The transfer was made Friday morning, and Mr. Gauld at once set to work with the gardeners, while Mrs. Gauld was arranging the tent in which he was to live.

The act was that of an unreasoning man, in the opinion of all his friends, as no reason for his departure, or for the worry which led up to it, is discoverable. His business affairs were not only in a good condition, but prosperous, and his home life was ideal, with a comfortable home, and a wife and three small children to whom he was devoted.

"Mr. Gauld's affairs were in the best of shape," said General Anderson yesterday. "In his business affairs he was a most genial man, of a happy disposition, and physically quite robust. I believe it will prove that he merely has wandered off in search of rest, and will be found at some place where there is fishing."

"My husband gave no indications of any trouble until quite recently," said Mrs. Gauld. "His business affairs were in the best of shape, and he was as healthy as a horse. I first noticed that he seemed to be ill at work a few weeks ago, and at the office the men put him out in a brotherly way and told him to go home and rest. He lost weight, probably 20 pounds, and could not sleep. He was devoted to his home and the children, and only violence or a temporary loss of memory could cause him to disappear. Unless he has some serious ailment, I think he will be found sooner or later and return to his balance."

Identification of the missing man should be easy, as he has several distinctive marks, the most noticeable being his clear pink and white complexion. He is of stocky build, with broad shoulders, and stands about 5 feet 10 inches in height. He wears bi-focal nose glasses and is extremely near-sighted without them. He wore a sportsman's kind of khaki with a flat-topped soft hat of a brownish color. He is 48 years of age, but appears much younger.

### THE DALLES JAIL IS FULL

#### Guard Maintained to Prevent Escape of Prisoners.

THE DALLES, Or., May 10.—(Special.)—The old County Jail, which is soon to be replaced by a \$150,000 structure, is almost overflowing with prisoners who are awaiting trial at the regular term of court which convenes May 23. With the exception of murder almost all kinds of petty crimes are represented among those who are incarcerated, and with such men as these in jail it is necessary to guard the bastille constantly day and night. Several of the men are known to be old-timers, having served terms in other states. The alleged criminals and the charges for which they are held are: J. R. Keep, of Portland, alleged to have secured several large farms in this county by forging deeds; Elmer Hill, assault with a dangerous weapon; Roy Ward, arson; W. D. Craffin, assault with a dangerous weapon; Adrian Schoonover, safe blowing; Arnold DuBois and Orville DuBois, larceny; George Kemp, larceny; Edward Garkner, safe blowing; William Clark, safe blowing; Frank Smith, assault with a dangerous weapon; E. Theobit, white slavery; Dora Rucker, white slavery; Steve Douglas and S. P. Nelson are serving jail sentences, bring the total number of prisoners to 13.

### Soccer League Opens at Centralia

CENTRALIA, Wash., May 10.—(Special.)—Centralia's soccer team has held its initial practice in preparation for the opening of the regular league season at the fair grounds next Sunday. Captain Thornton has a strong team, and as great interest is being manifested in the league here, the local team anticipates a prosperous season. The league opens Sunday with Centralia playing Telpino and Mendota playing Tono.

### Ashland Masons Hosts

ASHLAND, Or., May 10.—(Special.)—Twenty members of the Masonic lodge of Grants Pass were entertained by Ashland Lodge No. 32 this evening at a special meeting, the visitors being invited to confer the third degree. A supper was served in Masonic Hall.

### PROMINENT BUSINESS MAN WHOSE SUDDEN DISAPPEARANCE PRESENTS MYSTERY.

CHARLES GAULD, PRESIDENT OF THE GAULD COMPANY.

### JAIL REFORM IS URGED

#### MAYOR'S COMMITTEE ON DETENTION HOME REPORTS.

#### Conditions Under Which Women Prisoners Now Serve Sentences Are Declared Extremely Bad.

After an investigation covering several weeks a committee appointed by Mayor Rushlight, at the request of the City Council, to look into the need of a detention home for women in Portland, yesterday submitted a report in which the conditions under which women now serve sentences in the City Jail are declared to be extremely bad. The committee recommends that steps be taken to improve jail accommodations. The report is signed by George A. Thatcher, A. N. Felts, H. J. McDevitt, W. G. MacLaren and Sarah Whitehead.

"Your committee," says the report, "has investigated the jail accommodations in the city for women, and reports that there is a pressing need of suitable quarters for female offenders. The present jail in the police station is unsuited for the purpose."

"Your committee, in view of the fact that the County Jail is used to quite an extent for the confinement of women convicted of misdemeanors in the police court, has made a careful inspection of that jail and feels compelled to protest against the medieval plan of confining women in dungeons as a penalty for committing misdemeanors, and recommends that the Mayor and a committee of the City Council take up this matter with the county authorities and endeavor to secure the alteration of the quarters provided for women in the County Jail."

"Your committee believes that sunlight and air should not be shut out of the crowded quarters of the jail, for sanitary reasons if for no others, and therefore recommends that the matter be brought to the attention of the county authorities in the hope that the false wall be removed and that clear glass be substituted for opaque glass in the windows of the jail quarters."

#### Justice Morris Entertained.

VANCOUVER, Wash., May 10.—(Special.)—George E. Morris, Supreme Justice of Washington, and grand sache

### INDIAN BAND IS IMPROVING

#### Chemawa Students to Be Attraction at Roseburg Carnival.

CHEMAWA, Or., May 10.—(Special.)—Since the beginning of the school year at the Salem Indian School one of the organizations making rapid improvement is the band, which has become well known throughout the state. For many years the band has had annual engagements at the Gladstone Park, near Oregon City, and were discontinued at the time the authorities of the school decided it should close in June instead of July. The management of the Strawberry Carnival at Roseburg has secured the Indian Band as one of the attractions this year. Ira S. Loos, of Ohio, is band leader. Mr. Loos has had wide experience as a player and teacher. For many years he was the band master at one of the Indiana state institutions.

The school authorities have purchased a number of new instruments which increase the band to its full quota. Many of the boys playing in the Chemawa Band are Alaskans, who have had considerable experience in other bands.

### LIBEL SUIT THREATENED

#### Mayor Rushlight Resents Charges Made by T. M. Sweeney.

Mayor Rushlight yesterday telephoned District Attorney Evans that he wanted a grand jury investigation of charges made against him by T. M. Sweeney at a meeting of the Twelve o'Clock Club in the Journal auditorium Friday. He further declared that it is his intention to sue Mr. Sweeney for criminal libel. Among the charges resented by the Mayor was one that he, Waldemar Seton and John Burgaard had organized the Junonia Investment Company for the purpose of making use of advance information when a railroad wanted property.

Mr. Rushlight declares that the company is handling his own property, legitimately acquired, and only his, and had no other purpose.

In defense, the city set up the penalty, and the fight before the jury was on the question of whether or not the contract had been abandoned.

The contention of the contractors was that the city had caused delays and great additional expense to them by arbitrary changes in the plans and specifications while the work was in progress, by unnecessary harassment on the part of Edwin A. Taylor and other engineers who supervised the work for the city and by failing to deliver materials when they were ready for them. The trial started February 18 and is the longest of record in Multnomah County. Several hundred exhibits were introduced and the words of testimony ran away up into the millions. The jury went out Monday morning at 10:30 and several times asked to be relieved on the ground that there was no hope of reaching an agreement. Judge Morrow refused.

#### Trial of Record Length.

In defense, the city set up the penalty, and the fight before the jury was on the question of whether or not the contract had been abandoned.

The contention of the contractors was that the city had caused delays and great additional expense to them by arbitrary changes in the plans and specifications while the work was in progress, by unnecessary harassment on the part of Edwin A. Taylor and other engineers who supervised the work for the city and by failing to deliver materials when they were ready for them. # WAKEFIELD WINS PARTIAL VICTORY

### After 119 Hours Jury Allows Contractor \$148,602 of \$408,875 Asked.

### JURORS CLASH IS RUMOR

#### Near-Fist Fight and One Actual Encounter Talked Of as Part of Stubborn Deliberation—Both Sides Are Dissatisfied.

Within half an hour of being out 120 hours, the jury in the case of Wakefield & Co. against the City of Portland, a suit over the Mount Tabor reservoirs, reported a verdict of \$148,602.53 in favor of the plaintiffs to Circuit Judge Morrow yesterday morning.

There are rumors that the deliberations were marked by near fist fights and one actual encounter between Jess Manning, who was for Wakefield & Co., and John G. Sterrett, who was just as stubborn in behalf of the city.

The verdict received just nine signatures, the smallest number necessary before an agreement can be reported, and was not signed by Sterrett, E. E. Hall or J. N. Mewhirter. The nine who signed were: W. H. Bond, E. P. Reynolds, S. R. T. Gattion, W. H. Davis, Fred W. Cassaday, W. F. O'Dell, H. Blaser, Jess Manning and Cyril P. Maginnis. Wakefield & Co. asked \$408,875.84 and Charles F. Swigert, of the company, and the contractors' attorneys expressed dissatisfaction with the verdict when it was reported yesterday, believing that they should have received more. They assert that it would take the full amount asked for in addition to what they already had been paid, \$148,568.01, to let them get out even the job.

#### City May Take Appeal.

Deputy City Attorney Tomlinson was allowed 60 days to file a motion for a new trial, and he says he will endeavor to have the Water Board authorize an appeal. On behalf of the city, he asked the jury to find that the contractors owed for penalty because of failure to complete the work on schedule time and that, on this basis, they had already been overpaid \$75,000. He asked judgment for this amount and another counter claim of \$3000, which arose by changes being made in the specifications to the benefit of the contractors in that amount.

The contract for the construction of the reservoirs was let in October, 1909, to Robert Wakefield, Charles F. Swigert, George W. Simmons and others associated as Wakefield & Co., on a unit basis which figured up to approximately \$575,000. Of this the city paid \$148,568.01, holding the balance about \$115,000, pending a final settlement. After numerous vain attempts had been made to settle with the Water Board, Wakefield & Co. brought suit on the claim that the contract had been abandoned by acts of the city and that they were entitled to be paid the amount of money actually spent in constructing the reservoirs, plus a reasonable profit.

Programme This Season to Include Many Feature Days—Biggest Band Engaged.

A score of painters are now at work putting the finishing touches on the Oaks Amusement Park and making it ready for the opening, Saturday, May 24. The resort is fast approaching completion. Manager Cordray declared yesterday that there would not be a workman in sight when the gates are thrown open.

"Everything in place; every attraction open and a full amusement bill, all waiting for the raising of the conductor's baton on opening day," was the manner in which Mr. Cordray expressed himself.

For the opening week there has been engaged a full vaudeville bill, with a band of 30 performers, under the direction of one of the best-known conductors in the West. The band will have a larger number of members than any band at the Oaks since the brief season of Conway's band two years ago.

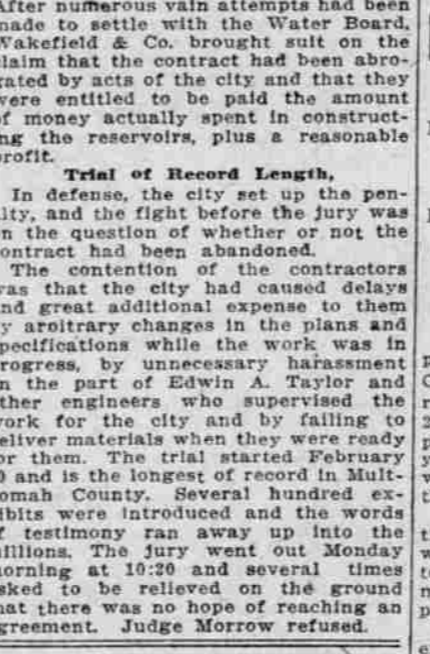

"Never has there been a season at the Oaks when we shall be so strong musically," declared the park manager. "But this time there is no doubt the Oaks will 'deliver the goods.' I pledge my word that the Oaks will present a finer musical aggregation than Portland has seen for a long time. Unless I were sure I would not dare to do this."

A score of special days have already been arranged by Onken, the special days expert from the East engaged by Mr. Cordray. Mr. Onken is receiving inquiries daily from one organization after another planning to come to the Oaks, in addition to formulating plans for three "towns" days, when excursions will be run under the auspices of commercial clubs.

### WHY ALVEOLAR TEETH ARE WORTH MORE

#### Does Away Entirely With Plates and Bridgework

When you order a suit of clothes, you don't select the cheapest. Price is not your sole standard—but quality, looks, fit, wearability, for these you are glad to pay a little higher price, even though you know that cheaper can be bought. The same thing is true, or should be, in contracting your dental work. Don't decide the tooth question on price, but consider carefully what you get for that price. Our Alveolar teeth are worth more because of their EXTRA VALUE they give. EXTRA VALUE IN SERVICE—EXTRA VALUE IN LOOKS—EXTRA VALUE IN SATISFACTION. They are teeth you will be proud of anywhere. So why not purchase now the teeth you are sure to want later?

Briefly, our method is this: If you have two or more teeth left in either jaw, we can supply all that you have lost with teeth as good, solid and sound as the best of natural teeth, without resorting to such makeshifts as partial plates and the unsanitary bridge-work. Alveolar teeth are not only beautiful, but they are comfortable and

lasting. We guarantee them to last a lifetime, where the longevity of bridge-work is seldom ever longer than five or six years, and generally a good deal less. In many cases where bridge-work is impossible we can replace your missing teeth with perfect Alveolar Teeth. The pain incident to this work is practically none. The expense is the same as the best bridge-work, but in satisfaction there is no comparison. We have attempted to do this for years, show at all times. Hundreds of patients refer to our examinations and booklets on ALVEOLAR dentistry are absolutely free.

Remember, that in addition to our specialty Alveolar Dentistry and curing Pyorrhea (loose teeth), we are experts in every branch of dentistry from the simple filling up.

ALVEOLAR DENTAL CO., Dentists, Portland, Abington Bldg., 1065 3d St. Seattle, Haight Bldg., 2d and Pine. Open Sundays 10 to 1. Terms to Reliable People.

### PUTS AN END TO BACKACHE QUICKLY CURES WEAK KIDNEYS

#### A Few Doses Give Relief, Helps Lifeless Organs Regain Health, Strength and Activity.

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains of backache and rheumatism, or suffer with disagreeable kidney and bladder disorders any longer.

The new discovery, Croxone, provides a remedy which every sufferer can now depend upon to promptly and surely relieve all such misery and bring about a speedy cure.

Croxone cures these troubles because it quickly overcomes the very cause of the disease. It soaks right into the stopped-up, inactive kidneys, through the membranes and linings; cleans out the little filtering sacs; neutralizes and dissolves the poisonous uric acid

and makes the kidneys filter and sift from the blood all the waste and poisonous matter that clog the system and cause such troubles.

It does not matter whether you have but slight symptoms or the most chronic, aggravated case of kidney, bladder trouble or rheumatism that it is possible to imagine, for the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You will find it different from all other remedies. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all the misery and suffering that go with such troubles end.

You can secure an original package of Croxone from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

## Warner's Safe Remedies

Dangerous to Neglect Kidneys

It is dangerous to neglect that depressing "all worn out" aching, feeling which generally accompanies the early stages of an attack of kidney, liver or bladder trouble. These troubles may easily advance with rapidity to a serious and dangerous condition, involving the whole physical system.

### Warner's Safe Kidney and Liver Remedy

will rid you of all the bad symptoms and make you well and strong and enable you to escape the agony and suffering which follow the advanced stages of kidney disease, and of liver and bladder troubles. Only the best and purest of ingredients—the herbs Nature intended for the purpose—go into the making of Warner's Safe Kidney and Liver Remedy.

### RUPTURE IS CUREABLE

#### Results Not Influenced by Age or Time Standing, Says Expert.

Rupture is not a tear or breach in the abdominal wall, as commonly supposed, but is the stretching or dilating of a natural opening, therefore subject to closure, said E. H. Seeley, on a late visit to Portland.

"The Spermatic Shield Truss closes the opening in ten days on the average case, producing results without surgery or harmful injections," Mr. Seeley has documents from the Government, Washington, D. C., for inspection. Anyone interested will be shown the truss or fitted if desired. Sold and fitted only by Laue-Davis Drug Co., sole and exclusive agents for Oregon.

Other firms advertising and selling imitation "Seeley" Spermatic Shield Trusses are impostors. Look for the word patented on each spermatic corrugated shield.
