

MARK TIED AT BERKELEY MEET

At Same Time Fred Kelley Is Doing 120 Hurdles in 15 Sets American Record.

COAST HIGH JUMP BROKEN

Beeson, of California, Leaps 6 Feet 5.8 Inches—Berkeley Takes Annual Event With 53 Points and O. A. C. Falls to Score.

University of California took first place in the annual Pacific Coast conference, held here today, with 53 points. The University of Southern California was second with 38.5 points, and Stanford University third with 21 points.

Santa Clara scored 9 points. St. Mary's 8, Washington 7, Occidental 6, and Oregon Agricultural College and Nevada made no scores.

A new American intercollegiate record in the 110-meter hurdles was made today by Fred Kelley, of the University of Southern California. His time was 15 seconds flat. This equaled the record of Fred Smithson, of the former Olympic champion, and bettered by 1.5 second the mark set in 1908 by A. B. Shaw, of Dartmouth.

The Pacific Coast high jump record was broken by Eddie Beeson, of the University of California. His leap was 6 feet and 5.8 inches.

Sumner, of the University of California, won the 100-yard dash. His time was 15.4 seconds. Mile run—Won by Vlught, St. Mary's, second, Wood, California. Time, 4:28.

16-pound hammer throw—Won by Shattuck, California. Second, McFie, California, third, distance, 114 feet 2.8 inches.

Discus throw—Won by Livernash, University of Southern California. Second, Shattuck, California, third, distance, 114 feet 2.8 inches.

100-yard dash—Won by Haskam, Santa Clara; Wood, California, second; Campbell, Stanford, third. Time, 10:1.5.

120-yard hurdles—Won by Kelley, University of Southern California. Second, Boston, California, third, distance, 114 feet 2.8 inches.

440-yard dash—Won by Clark, California; Jackson, U. S. C. second; Monson, Santa Clara, third. Time, 5:0.5.

Two-mile run—Won by Crabbe, California; Vlught, St. Mary's, second; Dodge, Stanford, third. Time, 10 minutes, 9 seconds.

Shot-put—Won by Kelley, University of Southern California. Second, Clark, Santa Clara, second; Livernash, U. S. C. third. Distance, 43 feet.

BAKER'S TIME GIVEN AS 94.5 Time of Corvallis Athlete in 100-Yard Dash Kept Secret.

By ROSCOE FAWCETT. Although the correct time has been given in a clock of seconds, John Baker, the sensational Oregon Agricultural College sprinter, negotiated the 100-yard dash in the quadrangular meet at Corvallis a week ago in 9 4/5 seconds.

This ties the Northwestern College Conference mark established by Dan Kelly, of the University of Oregon, in 1906. It is the fastest that has been officially recorded in this jurisdiction for several years. Baker is the Portland boy who defeated Corvallis in the conference meet in Portland last summer.

Four watches caught Baker in 9 4/5 seconds and one in 9 5/8 seconds. John Corvallis, the timers being Dr. E. J. Stewart, R. J. Johnson, D. C. Low, O. J. Moore and "Dad" Moulton. The official time was given out as 10 seconds as not to give the "snap" away to the California athletes who competed against Baker at Berkeley yesterday.

An affidavit was filed by the timers, however, and an effort will be made to have this time accepted by the conference heads.

For the benefit of the Northwestern college track enthusiasts, the Pacific Northwest Intercollegiate records are given herewith.

100-yard dash—Dan Kelly (Oregon), 9 4/5 seconds. (1906).

200-yard dash—Dan Kelly (Oregon), 21 3/5 seconds. (1906).

440-yard run—Williams (O. A. C.), 1:05.5, and Blomquist (Whitman), 50 3/5 seconds. (1912).

880-yard run—McClure (Oregon), 2 minutes, 12 1/2 seconds. (1914).

1 1/2-mile run—Merritt (Whitman), 4:32. (1914).

Two-mile run—McClure (Oregon), 10:08 3/5. (1914).

One-mile relay—(Idaho), 3:28. (1908).

CHEMAWA DEFEATS PACIFIC INDIANS Run Up 49 Points to University Athletes' 30.

PACIFIC UNIVERSITY, Forest Grove, Or., May 10.—(Special.)—In an exceedingly slow meet today the Chemawa Braves carried off the honors in the track meet with Pacific University. Shavers interrupted the meet.

From the first when Chemawa won all three places in the 100-yard dash the home team was discouraged as the only remaining sprinter had tripped his car from Portland. The half-mile was spectacular.

The final score resulted in a victory of 39 points, Chemawa getting 49 to Pacific's 30. This is the second time Chemawa has defeated Pacific.

ROAD TO INVADE BOTTOM PORTLAND, EUGENE & EASTERN TO TAP RICH COUNTRY.

Auto Trip of Engineers Taken to Locate Grade—Hopmen to Benefit by Strahorn Railway.

INDEPENDENCE, Or., May 10.—(Special.)—The Portland, Eugene & Eastern Railway is considering a line between Independence and Albany through the rich American Bottom country, south of the city of Buena Vista, thence straight to Albany.

J. H. McClymonds, field engineer of the company, accompanied by State Representative Miller, of Polk County, and a representative of The Oregonian, made the trip yesterday by automobile to get an idea of the grade of a line between the cities and an idea of the country traversed. The proposed line will go through 5000 acres of hops and will tap a rich grain territory.

It was found that there were two passes, the two lines of hills, so that it will be unnecessary to make any extensive fills or cuts.

There is already a line surveyed from Weiler, a small station south of here, to Albany; but, owing to large cuts, it would be expensive and would not touch nearly so rich a country.

Mr. McClymonds, before leaving the party in Albany to return to Portland, announced that he would be back in Independence next week with a party of surveyors, before leaving the party to determine the approximate grade and cost of construction.

BOMB IN THEATER BURNS SUFRAGETTES EXPLODE DYNAMITE IN CAMBRIDGE UNIVERSITY AND WREAK HAVOC IN OTHER PLACES.

DUBLIN, May 10.—A tin canister containing 43 gunpowder cartridges was found tonight in the lavatory of the Empire Palace Theater. The cartridges were padded all around with cotton soaked with oil. A cotton coil, also oil soaked, was attached to the canister, and the cord was burning when the bomb was found.

A girl formerly employed at the theater was arrested. Nothing is known, however, to connect her with the suffrage movement.

Late an alarm clock, to which a small box was attached, was found in the telephone box of the postoffice on College Green. An examination failed to disclose any explosives.

BIG ROW BREAKS UP PROBE COMMITTEE

Recall of Clackamas Court Officials Suggested Following Majority Report.

OPPOSITE SPEAKER HOOTED

Member of Oregon City Live Wires on Investigating Body Disclaim Any Part in Deliberations Preceding Meeting.

OREGON CITY, Or., May 10.—(Special.)—More than 100 citizens from nearby sections of the county who gathered in Oregon City today to hear the report of the joint committee investigating complaints against the County Court were treated to the opinions of half of the committee, and to an attack on the County Commissioners, the County Judge and their friends.

The joint committee consisted of three members appointed some time ago at a mass meeting, and of two members appointed by the live wires of the Commercial Club. At a meeting held two weeks ago, charges against the County Court were received in writing, and since then it has been supposed that the joint committee was investigating these matters.

The two members from the Live Wires say they had not been given access to the complaints, and practically had been forced from all deliberation in the committee.

At the meeting, criticism was directed against the Live Wires on the committee, and G. D. Eby rose to protest, but was hooted and boistered. Following this Mr. Eby left the hall.

A report was rendered, signed by M. J. Brown, chairman, R. Schusel and S. L. Castro, the committee appointed at the mass meeting, in which practically all the written charges submitted were declared substantiated, and the members of the committee appointed by the Live Wires were cited as "obstructionists," who would not work with the three signing the report.

The report set forth that there had been found a general waste of funds by the County Court in bridge work and other matters, and voters of the county were advised to look more closely into the matter.

At various times during the meeting speeches were made denouncing the County Court and those who have not favored the recall.

The live wires committee will make its report on the matter to the Commercial Club. The meeting ended without providing for any further action on the part of the ruling committee.

LONDON, May 10.—Cambridge varsity football players at Cambridge narrowly escaped destruction today as the hands of suffragettes. The militants had placed a bomb, surrounded by quantities of inflammables, in the building. The firemen were in a loud report, but the inflammable material was scattered by the force of the explosion and did not ignite.

The fire in a hotel house at Beckenham, outside of London, tonight was extinguished after three hours' work. The blaze was attributed to suffragettes. Firemen were alarmed at finding a bulky parcel in one of the burning rooms. They thought it contained a bomb, but examination revealed that it was merely a cylinder.

There were other suffragette outbursts during the day. Farrington Hall, at Dundee, Scotland, was destroyed by fire early this morning. Flames broke out simultaneously in half a dozen places in the great mansion, which was a beautiful specimen of architecture. It was being prepared for occupation during the Summer by the owner and his family.

A bomb was found in the busy Lime-street railroad station at Liverpool and another was discovered in the sorting room of the Reading postoffice. The fuse of the Liverpool bomb had been lighted, but had died out before it reached the gunpowder. The Reading machine was wrapped in a bulky parcel, to which the attention of the postoffice employees was attracted by the sound of ticking. The police were called in, and on examination found that the parcel contained an electric battery connected by clockwork with explosives and accompanied by quantities of suffragette literature.

DIGEST OF INCOME TAX LAW PREPARED

Assessment Made on Basis of Family Earnings, Both Parents Included.

CALENDAR YEAR IS GUIDE

Deductions Allowed for Expenses of Business but Not for Personal Living Expenses—Penalty Put On Delinquency.

OREGONIAN NEWS BUREAU, Washington, May 10.—The income tax provision of the Underwood bill, as it stands, is a decidedly complex bit of legislation, not entirely intelligible to the average reader, and not readily digested by those whose time is short. In order to make clear the provisions, purposes and effects of this new tax, Representative Hull, author of the income tax provision, has prepared a digest which sets forth, in plain language, the purpose and scope of the income tax act.

Personal incomes covered include those of all citizens of the United States, residing in or abroad, those of all persons residing in the United States, although not citizens thereof, and all incomes from property owned and from every business, trade or profession carried on in the United States by persons residing elsewhere.

The "normal" tax is 1 per cent per annum on the amount of net income over \$4000. There is an additional tax of 1 per cent per annum on the total amount of net income from all sources over \$10,000 and not over \$50,000, 2 per cent on all over \$50,000 and not over \$100,000, 3 per cent on all over \$100,000.

"Net Income" Defined. Net income includes all gains, profits and income derived from salaries, wages or compensation for personal services of any kind; professions or vocations, business, trade or commerce; sales or dealings in property, real or personal, growing out of the ownership or use of, or interest in property, real or personal; interest, rent, dividends or securities; transactions of any lawful business carried on for gain or profit; profits or incomes derived from any source whatever; income, but not the value of property acquired by bequest, devise or descent; income, but not proceeds of life insurance policies paid on death.

Deductions allowed are as follows: Necessary expenses actually incurred in carrying on any business; all interest on indebtedness; all National, state, county, school and municipal taxes; losses actually sustained during the year, not compensated by insurance or otherwise, arising from fire, storm or shipwreck; debts charged off during the year; a reasonable allowance for the exhaustion, wear and tear of property arising out of its use or employment in business; all income the tax on which has been paid at the rate of 10 per cent or more on the stock of any corporation, etc., which is taxed on its net income; interest on bonds and securities guaranteed free from taxation.

Deductions are not allowed for personal, living or family expenses, taxes assessed against local benefits, expenses of restoring property or making good the exhaustion thereof, for which an allowance has been made, or for amounts paid for new buildings, permanent improvements or betterments on real estate, or for the cost of interest on indebtedness, or for the cost of interest on the obligations of a state which are now exempt from Federal taxation, or for the cost of interest on the obligations of the United States, the principal and interest of which are now exempt from Federal taxation, or for the cost of interest on the obligations of the United States now exempt from taxation; incomes composed of coupons, checks or bills of exchange for or in part payment of interest or dividends upon corporations, or obligations of foreign corporations, etc., engaged in business in foreign countries; interest on bonds of foreign countries and foreign mortgages or like obligations not payable in the United States.

Persons subject to tax will be notified on or before June 1, and are payable on or before June 30. The penalty for delinquency is 5 per cent addition to the tax and 1 per cent a month on the amount unpaid. Provision is made for collection of certain incomes at their source. Under this provision certain incomes not exceeding \$1000 are made taxable, this including interest derived from interest on bonds, mortgages or other indebtedness of corporations, joint stock companies or associations, insurance companies, securities of the United States now exempt from taxation; incomes composed of coupons, checks or bills of exchange for or in part payment of interest or dividends upon corporations, or obligations of foreign corporations, etc., engaged in business in foreign countries; interest on bonds of foreign countries and foreign mortgages or like obligations not payable in the United States.

ALBANY, Or., May 10.—(Special.)—By far the largest state eighth grade examination ever held in Linn County was conducted this week and County School Superintendent Jackson and a corps of assistants today began the work of examining and grading the papers. Mr. Jackson estimated that more than 400 pupils took the tests.

Peevish Children Suffer With Worms Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms. Among the common symptoms of the presence of round worms are nervousness—which often leads to epilepsy, prostration, dizziness, vertigo, capricious appetite, restless sleep, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite. Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the person using it.
