

# CINCINNATI CAR STRIKERS RIOTING

### Court Listens to Company's Request for Delay and Mayor Seeks Receiver.

## MEN ARE BADLY BEATEN

#### Members of Company Riding on First Car Out of Barns Set On. Effort to Resume Service Abandoned at Noon.

CINCINNATI, May 17.—The refusal of Governor Cox to send troops to this city in an effort to control the strike of the employees of the Cincinnati Traction Company, after spectacular riots in the early parts of the day had influenced Mayor Hunt to ask for the militia, was followed late in the day by the filing of a petition by the City of Cincinnati for a receiver for the company.

After hearing arguments on the petition, Judge Geoghegan, of the Common Pleas Court, before whom the action was brought, listened to the pleas of attorneys for the traction company for time in which to answer, and adjourned court until Monday, when he will hear the remainder of the arguments and pass judgment.

#### Day Filled With Rioting.

Rioting was almost continuous today, from the time the company attempted to operate the cars out of the Brighton barns from the streets at noon. While a riot that occurred at the Brighton barns this morning probably proved the most serious, yet one a little later at Fourth and Bryan streets was more spectacular. Small steel beams, barrels of plaster and bags of cement were hurled on a passing car from the upper floors of the 14-story building of the Union Central Life Insurance Company.

The car was wrecked, but the list of injured comprised mostly men hurt to the extent of bruises and small cuts.

#### Crews and Officials Beaten.

The crews, as well as the employees of the company riding on the first car out of the Brighton barns were assaulted and beaten almost into insensibility and three of them are now at a hospital in a precarious condition. Various other riots in which crews of the cars were beaten or forced to flee for their lives were common.

Mayor Hunt asked Governor Cox for troops after the riot at Fourth avenue and Vine street. Receiving a negative answer, he reported to Adjutant-General Wood, and late this afternoon, when he had received no reply from the Adjutant-General, instructed City Solicitor Bettman to file suit for a receiver.

#### Police Declared Powerless.

Governor Cox, in refusing to send the militia here, said he had information that the police had not exhausted their resources to prevent rioting here, and in answer Mayor Hunt told the Governor that notwithstanding any information he had received, rioting was prevalent in this city during the entire morning, and that the police were powerless to cope with the situation in case anything like a regular schedule of running of cars was attempted by the traction company.

Tonight the streetcar system is completely paralyzed and the strikers appear content when this condition prevails, but rioting has been invariably resumed when the company attempted to operate on anything like an extended scale.

#### Receivership May End Trouble.

In case Judge Geoghegan appoints a receiver for the company on Monday it is likely the strike will be soon settled, as it is understood the vital matter now at issue between the company and the striking employees is recognition of their union. They have agreed to go back to work if the union is recognized.

## MAN, ILL, DROPS 200 FEET

#### Oakland City Clerk Jokes as He Gets Permit to Go on Roof.

OAKLAND, Cal., May 17.—Harold Magill, City Clerk of Oakland, leaped this morning from the roof of the new City Hall, a distance of 300 feet. Magill had long been in ill health and suffered from persistent insomnia. Magill obtained a permit to go to the roof of the new City Hall from William Masterson, chief clerk of the department of public works. While Masterson was writing out the permit, Magill jested with him and asked H. A. Wilkinson, a physician and chief clerk to Mayor Frank K. Mott, if a man could drop 200 feet and still be conscious on striking. Wilkinson said he thought a man would be practically unconscious before he struck.

## ACT TO CONTROL AIRCRAFT

#### Governor of Massachusetts Signs Bill to Be Effective June 15.

BOSTON, May 17.—All persons venturing into the upper atmosphere of Massachusetts on and after June 15 must have a license from the highway commission, by the terms of an act which the Governor signed today. Aviators will be required also to obey rules of the road, based on those in force on land and sea.

The air craft act contains many of the provisions of the Connecticut law, and its passage was urged by prominent aviators.

#### Chehalis Women Get Results.

CHEHALIS, Wash., May 17.—(Special.)—The Woman's Civic Improvement Club of Chehalis has secured effective results with merchants, butchers and others. There is a marked tendency among the latter now that the matter has been called to their attention, to improve the sanitary conditions in caring for their various food articles offered to the public. Improved lawns and backyard conditions about the city are noticeable.

## ROYAL HEIRS MARRY

### Prince Henry of Reuss Weds Margarete of Prussia.

## RARE CROWN BROUGHT OUT

### German Empress Takes Charge of Princess' Toilette and Emperor Speaks—Bridegroom Is Thirty-Third of His Lineage.

POTSDAM, Germany, May 17.—The marriage of Prince Henry XXIII of Reuss, and Princess Victoria Margarete of Prussia, only daughter of Prince Frederick Leopold, of Prussia, was celebrated at the new palace here this morning. The ceremonial was the same as is to be employed in Berlin on May 24 at the nuptials of her friend and comrade, Princess Victoria Luise, the only daughter of Emperor William.

The German Empress took charge of the bride's ante-nuptial toilette and placed on the young Princess' head the historical Princes' crown which is taken from the imperial treasury, only for the marriages of Prussian Princesses.

## CONFERENCE MEET ENDED

#### (Continued From First Page.)

suits is the type for the majority," said the speaker. "But we must arrange our school system so that opportunities will be left ahead for any individuals of marked ability."

"When it comes to the time that a man on the street corner, without any knowledge of existing conditions in the community, uneducated in the ways to meet the economic and social problems which confront the state, perhaps barely able to read and write, is called upon to hold up the appropriations for the institution of highest learning in the state, then it is time that we should see to it that every boy and girl in this Commonwealth should receive an education which will enable him to cope with these problems of citizenship."

## DEMOCRATS LAY PLANS

#### COMING CAMPAIGNS CALL FOR CO-OPERATION PROGRAMME.

WASHINGTON, May 17.—Officers of the Democratic National and Congressional committees today mapped out a programme for active co-operation in the coming Congressional and Presidential campaigns and placed it in the hands of a joint committee, composed of National Committeemen Palmer, of Pennsylvania; Howell, of Georgia; Sells, of Texas; Lynch, of Minnesota; and Cummings, of Connecticut, and two Senators and three Representatives acting for the Congressional committee.

President Wilson has expressed himself as being in sympathy with the movement. The Congressional committeemen expressed willingness to co-operate and will make their report to the full Congressional committee at a meeting to be held June 3 or 4. Its five members of the joint committee will be selected then. The permanent organization of the Congressional committee probably will be effected at the June meeting and a chairman will be chosen. Chief Representative Johnson, of Kentucky, is the foremost candidate. Chairman Lloyd and Secretary Page, of the Congressional committee, will confer with President Wilson Monday, and with a committee of Senators during the week, regarding the proposed increase in representation of Senators on the Congressional committee. It has been suggested that the committee should include a Senator from every state which is to elect a Senator in 1914 or which now has a Democrat in the Senate.

## ARSON PLAN VARIED

#### British Militants Set Fire to Tenanted House.

## TENANTS PUT IN DANGER

#### Adjoining Laboratory of Cambridge University Also Seriously Damaged—Gunpowder Found in Railway Station.

LONDON, May 17.—That the militant suffragettes have taken the words of Representatives of the Women's Political Union, who only a day ago declared their policy was to violate law without resorting to physical violence against persons as a sort of challenge, was indicated today at Cambridge, where there was a radical departure from the policy of limiting the activities of the "arson squad" to unoccupied residences.

The militants today made an attempt to destroy a tenanted residence at the university town. The fire was set by an ingenious contrivance of clockwork, powder and oil-soaked rags. Profiting by the mistakes of the past, the perpetrators had no adapted the quantity of powder to the other inflammables used as not to blow the infernal machine to pieces when the fire was set. This has been the cause of many of the recent fiascos in the work of the incendiary suffragettes and overall may be said to have prevented many a disastrous fire.

Today's attempt was made on a house adjoining one of the laboratories of the university. The occupants were not present and by the time smoke was detected from the outside the blaze had gained considerable headway. The interior woodwork was greatly damaged and the fire spread to the laboratory next door, only the prompt work of the fire fighters preventing an explosion of chemicals, which for a time was much feared.

## CLERKS' STRIKE SETTLED

#### Buffalo Department Stores to Close Saturday Afternoons.

BUFFALO, N. Y., May 17.—The strike of the department stores, involving 2500 persons, was settled today. The strikers will return to work Monday. Under the agreement the minimum wage for women will be 75¢ and for men clerks \$12.

## ISSUE OF CHURCH UNION GOES OVER

### Definite Progress, However, Is Made by Two of Presbyterian Assemblies.

## LINES OF WAR WIPED OUT

#### Veterans of North and South Exchange Greetings and Join in Patriotic Song—Mayor Permits Street Meetings.

ATLANTA, Ga., May 17.—After three days of business sessions at which progress is believed to have been made toward eventual completion of an organic union between at least two of the three Presbyterian organizations holding general assemblies here, business sessions of those bodies were temporarily discontinued today. Each will resume active business sessions on Monday morning.

Interest in the assemblies of the United and Southern Presbyterian churches today centered in the joint report of committees containing a proposed basis of union for the two organizations. On recommendation of the committees, both assemblies agreed to postpone consideration of this basis of union until the convening of the 1914 assemblies.

#### Publication Board Accused.

Today's session of the United Presbyterians was opened by charges that the board of publication has been unbusinesslike in its methods and misleading in its reports. Dr. F. M. Milligan, new manager of the board, was called on to explain the increase from \$34,000 to \$100,000 in the mortgage on the publication building. He admitted that methods, "wrong, but not criminal," had been practiced. Action on the report was deferred until Monday.

A novel feature of the Northern Assembly today was an exchange of greetings between Confederate and Federal veterans of the Civil War. S. B. Scott, of Atlanta camp of the United Confederate Veterans, appeared before the assembly and in extending an invitation to the "Sherman veterans" to meet the local camp of Confederate veterans, said: "We will show you that we can forgive and forget that little misunderstanding which caused the memorable fight around this village 50 years ago."

#### Assembly Joins in Song.

His remarks were greeted with cheers. A "Sherman veteran" sprang on a chair and began singing "My Country 'Tis of Thee," and the entire assembly joined with enthusiasm.

All of the commission members were guests at a reception at Agnes Scott College this afternoon. More than 2000 were present.

Commissioners from all the churches assembled jointly again tonight to discuss "The Relation of the Church to Social and Industrial Conditions." J. A. McDonald, of the Canadian Presbyterian Church, was the principal speaker. A feature of the night meeting was several musical selections given by 20 negro girls from an Eastern seminary.

#### PROGRESSIVES WIN PLACES

Underwood Agrees to Allow 37 Committee Places.

WASHINGTON, May 17.—Progressives will have representation on 14 of the 18 most important House committees, and in all will have 37 committee places. Chairman Underwood, of the ways and means committee, and Progressive Leader Murdock have agreed on such a plan.

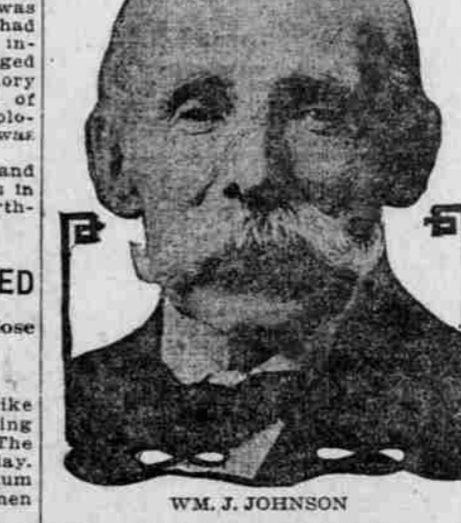

#### Grazing Permit Refused.

WASHINGTON, May 17.—Secretary Lane today refused to grant a temporary permit to sheep and cattle interests in Southern and Central California to graze their stock in Yosemite National Park. Application was made because of the drought conditions.

#### CARD OF THANKS.

Mrs. W. D. Garrett and family wish to thank all friends and neighbors for the great kindness shown during their recent and bereavement in the loss of their beloved husband and father.

## 80 Years Old—Gets Strength

WM. J. JOHNSON

## Duffy's Pure Malt Whiskey

is relied upon by thousands of aged men and women to give and sustain strength and energy in their advancing years. Mr. Johnson's agreeable and happy trial and proof, upon being introduced to and taking up the regular use of Duffy's Pure Malt Whiskey, is merely another repetition of the experience of a legion of Civil War veterans and other aged people. It is the one true medicinal whiskey and should be in every household.

# HEALD'S AUTHENTIC 1913 PORTLAND WALL MAP

### STANDS FOR Reliability Accuracy

#### Street Index

Shows where street begins and ends. Shows direction street runs.

#### Special Index

Shows location of all (12) railroad stations. Shows location of public buildings, theaters and high schools. Shows location of docks, warehouses, mills and factories on river front.

#### Heald's Map

Shows accuracy and reliability. Shows location of house numbers. Shows all street lines. Shows all proposed carlines. Shows all interurban and steam roads. Shows all railroad stations. Shows all bridges over ravines and gulches. Shows all public buildings, theaters, schoolhouses, firehouses and principal manufacturing plants. Shows every street, alley and block drawn to scale. Shows street name inserted each time a street jogs or breaks. Shows baseball park, grandstand, bases, pitcher's box and foul lines drawn to scale. Shows U. S. Government engineers' survey of the river. Shows and numbers all docks, mills, factories and warehouses on river front—indexing same.

## 5 SLEUTHS SUSPENDED

#### PROSECUTOR TO TAKE ACTION AGAINST CHICAGO MEN.

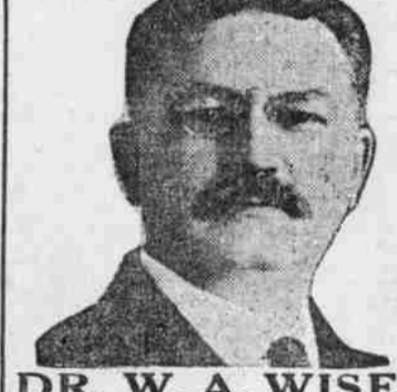

#### Move Follows Mention of Detectives During Investigation of the Clairvoyant Trust.

CHICAGO, May 17.—Five detectives, four of them attached to the detective bureau and the fifth at Central detail station, were suspended by order of Acting Chief of Police Chuetter at the instance of State's Attorney Hoyne today. They are Joseph J. Carmody, Walter J. Dempsey, William J. Egan, John J. Dempsey and Michael J. Neary. John J. Dempsey, the acting chief, declined to make public Mr. Hoyne's letter and would not discuss the suspensions, it was said that the action of the state's attorney is based on information relative to the information of clairvoyants and pickpockets. The suspensions are said to be merely preliminary to other action which state's Attorney Hoyne is said to be contemplating.

The names of Carmody and O'Brien have been linked with the investigation of the "clairvoyant trust" and their suspensions had been predicted. Detectives Egan and Dempsey are two of the oldest detectives in Captain Halpin's command. They had been assigned especially to pickpocket work and recently were commended for good work by Mayor Harrison.

## IT WON'T HURT WHEN WE PERFORM YOUR DENTAL WORK

And it will be the best obtainable. All finished in one day when necessary. This is dental headquarters for people from out of town. Prompt results at least cost.

DR. W. A. WISE

In personal attendance. Ask to see him so that you may be sure you are in the right place, as others are using our name to secure business.

Plates, With Flexible Suction. The very best and latest in modern dentistry. No more falling plates. **READ OUR PRICES.** Good Rubber Plates, each, \$2.50.
