Women Make Up Majority

The class of 1913 will include women more in the majority than any other class in the history of the institution. Taking the number of graduating classes together, the number of women will be greater than that of men.

Walden Oregon furnishes the largest number of women, and it is anticipated that the number of women in the college of engineering will be larger than in the history of the institution.

The class of 1913 will include women more in the majority than any other class in the history of the institution.
