Mich., June 27, at corner Third and Washington streets, up to Wednesday, June 26. The railroads must know by that time whether or not sufficient people will make the trip to warrant special service. Any Michigan people desiring to go to Chicago or beyond or to other cities in Michigan other than Detroit via Chicago, may use special train to Chicago. SAFEBLOWERS FRIGHTENED AWAY.—Safeblowers made an attempt, Friday night, upon a small safe in the store of Lensch Bros., 241 Front street, but apparently were frightened away before they finished the job. The attempt was discovered at daylight by Sergeant Bunn, who passed the store several times in the night, but saw no disturbance. Detectives Coleman, Snow and Hunter made an investigation yesterday and set the job down as one by inexperienced hands. Holes had been drilled in the safe and preparations indicated that it was to be blown with powder, thus showing that the burglars did not know how to prepare "soup" or had been too closely pressed to have time to make it. The safe contained about \$200.

TECHNICAL SUBJECTS BARRED.—The meeting of the Oregon Technical Club at noon tomorrow will be in charge of Melvin W. Boyle, chief stunt-master of the club.
