

## ENDEAVORERS LAY ANTI-LIQUOR PLANS

Speaker Declares Hobson's Federal Regulation Bill Does Not Go Far Enough.

### "STEADY COURSE" ADVISED

Policy of Organization for Next Two Years Is Outlined—Canada Falls to West Next Convention From Chicago.

LOS ANGELES, July 12.—This was a day of conference among the thousands of delegates to the 20th International Christian Endeavor convention now being held in Los Angeles.

Twenty meetings were held, at the most important of which Rev. Daniel A. Poling, of Columbus, O., National superintendent of the temperance and Christian citizenship divisions of the United Society of Christian Endeavor, acted as leader and outlined the policy of the organization for the next two years.

The most important part of Dr. Poling's plan was the work to be done in the campaign which has for its object a "submissive United States by 1920." Ultimately, he said, he hoped there would be a Federal constitutional amendment prohibiting the manufacture and sale of liquor.

He advocated Nation-wide pledging campaigns in the United States and in Canada as methods of changing sentiment in favor of temperance.

"We must adopt a steady course on the nature of alcohol and the relation of the liquor traffic to social and industrial life," said Dr. Poling, "and we must urge co-operation and active participation of all Christian Endeavorers in local, state and National campaigns for prohibition with all other organizations resulting in a common forward movement."

He recommended that all members of the Christian Endeavor party unite temperance forces by taking part in the convention of all temperance organizations called for Columbus, O., next November.

Dr. Poling also suggested that to create a new patriotism the Sunday before each Fourth of July should be observed by Christian Endeavorers as "Good Citizenship" day.

The Columbus speaker gave high commendation to Governor Johnson, of California, for having signed the "red light" injunction bill.

Junior and intermediate rallies were held this afternoon and tonight a complimentary dinner was tendered to the Los Angeles 1913 convention committee by the trustees of the United Society of Christian Endeavor.

Canada Renews Its Fight. Although Chicago was chosen yesterday as the scene of the next biennial International Christian Endeavor Convention, the Canadian delegates, led by Rev. S. A. Martin, of Winnipeg, attempted late today to wrest the honor away from the Illinois city and give it to a Canadian city, preferably Winnipeg.

A special meeting of the trustees of the union was called and a motion to reconsider the selection of the convention city was made. Long arguments followed, Rev. Mr. Martin contending that before the convention was begun it had been practically agreed that the next convention should go to a Canadian city. The motion to reconsider was lost.

### HETCH HETCHY BILL WINS

WASHINGTON, July 12.—The House committee of public lands agreed today to the Baker bill to authorize the city and county of San Francisco to undertake the \$75,000,000 project for bringing a water supply for San Francisco and adjacent cities from the Hetch Hetchy Valley in the Yosemite National Park. The committee will ask the next caucus of the House Democrats to authorize an immediate report to the House.

## DEBATE OPENS MONDAY

LEADERS THINK FIVE WEEKS WILL SETTLE TARIFF.

Smoot to Submit New Wool Schedule, Simmons and Penrose to Lead Forces.

WASHINGTON, July 11.—Discussion of the Underwood-Simmons tariff revision bill, with its lengthy free list, greatly reduced rates on all commodities and its new system of ad valorem instead of specific rates, will actually begin in the Senate next Wednesday at noon. On Monday, however, the opening assault on the Democratic measure will be made by Senator McCumber, of North Dakota, who will speak on the agricultural schedule.

Chairman Simmons, speaking for the Democrats at the finance committee meeting, said he thought debate on the bill could be concluded in five weeks, and Senator Smoot, of the minority, agreed with him.

After the committee, early in the day, had ordered the bill reported Wednesday, minority members began to plan their reports. There probably will be two by Senators Penrose, Smoot, Lodge, McCumber, Gallagher and Clark, and a report by Senator La Follette, who has had a corps of experts at work on the bill and who will have amendments that will constitute practically a new measure.

Senator Smoot has in preparation a new wool schedule, which he intends to submit as an amendment Wednesday. Senator Simmons will file two majority reports and make the opening arguments for the Democrats and the Administration. Senator Simmons will have general charge of the debate for the Democrats, and Senator Penrose for the Republicans.

### GUTHRIE REMAINS SILENT

New Ambassador to Japan Will Not Talk of Policy at Tokio.

SAN FRANCISCO, July 12.—(Special.)—George W. Guthrie, of Pittsburg, recently appointed American Ambassador to Japan by President Wilson, arrived in San Francisco today on his way to Tokio to take up the duties of his post. He is accompanied by Mrs. Guthrie and will occupy quarters at the St. Francis Hotel until the sailing of the Pacific Mail liner Mongolia Wednesday.

Guthrie declined to make any kind of a statement regarding the diplomatic programme which will engage his attention when he reaches Tokio. He also withheld any comment on the anti-alien law question, saying that that was being discussed at Washington by the Japanese Ambassador and the State Department.

Guthrie goes to Tokio as the successor of Larz Anderson, of Ohio, whose resignation from the post was accepted a few months ago. He has been widely known in the Democratic party since 1884. He was elected Mayor of Pittsburg on the reform ticket in 1906, serving until 1909. Mrs. Guthrie is also a native of Pittsburg and is prominent in the society of her city.

### James S. Baxter Dies.

CHEHALIS, Wash., July 12.—(Special.)—The funeral of James S. Baxter, a resident of South Chehalis, who has made his home in this city for several years past, was held yesterday. Mr. Baxter died at the home of his daughter, Mrs. E. D. Strickland, with whom he had made his home. He was a native of Kentucky and was born October 8, 1830. He was married in 1848 to Mary Wilcox, and to this union were born five children, three of whom are living, as follows: W. H. Baxter, of Idaho; Mrs. Maggie J. Schell, of Oklahoma; and Mrs. Rosa Imbell, of Chehalis. From a second marriage in 1868 one daughter, Mrs. E. D. Strickland, survives.

### Farmers to Poison Grasshoppers.

DODGE CITY, Kan., July 12.—Farmers of Western Kansas planned to begin a campaign today to exterminate the herds of grasshoppers which for several days have threatened to destroy the growing crops. A carload of bran mixed with 2000 pounds of poison has been distributed among the farmers. This mixture will be scattered over every green field in which the pests are found. The state entomologists are here to superintend the work.
