Incorporation Clause Is Bar to Use of Taylor-Street Site for Other Purposes.

CONGREGATION MAY SPLIT

Members Admit Amendment of Old Articles Unlikely—Grace Methodists Expected to Return to Former Place of Worship.

In the articles of incorporation of the First Methodist Episcopal Church, known for years as the Taylor-street church, has been found a long-forgotten clause which sets forth that its property at Third and Taylor streets shall never be used for other than church purposes.

SEBASTIAN'S ARREST FOLLOWS SALE OF "SUSPECT" CAR. Detectives Find Machine Answering Description of One Stolen in British Columbia.

BISHOP MUST APPROVE DIVISION

In such an event the separation of the present First Church into its component parts and the return of those from Grace Church to their former place of worship, and independent status, is considered a probability.

QUESTION MAY GO TO CONFERENCE

In that case, the disposition of the present combined congregation would go to once before the Western Oregon Conference, which begins a week's session at Eugene next Tuesday morning.

IMPOSING STRUCTURE PLANNED

The plan as then outlined and since partly carried out was for the membership of Grace Methodist Episcopal Church to combine with that of the Taylor-street church, under the Rev. Benjamin Young as pastor.

LAFFERTY ACTS ON SOCIALIST'S ABUSE

Investigation of Packing Plant Strike Ordered by Department of Justice.

E. F. BUSE IS COMPLAINANT

Mayor Makes Statement Criticizing Representative for Dignifying Diatribe and Censuring Governor for Taking Part.

Acting upon statements made in a rambling diatribe written by Elmer F. Buse, a Socialist agitator, Representative Lafferty has set on foot an investigation of the recent strike troubles at the Oregon Packing plant on the East Side. The investigation stirred up a hornet's nest Friday when Mayor Albee submitted to United States District Attorney Lafferty a written statement in which Mr. Lafferty and Governor West are criticized. The representative for giving dignity to such a letter and the Governor for the part he took in the strike.

MAJOR ASKED FOR REPORT

Several days ago Mayor Albee was asked by a special agent from the District Attorney's office to make a statement of the affair. This was the first the Mayor had heard of the investigation. In reply he prepared the statement, which was made to Mr. Lafferty yesterday. This was, in part, as follows: "I was seated at my desk on the first day in office when I was officially advised of the situation at this plant. I immediately set about to get information, personally and through the police. It was but a short time thereafter that I was obliged to order police to be stationed at the plant, as the unknown persons between the strikers and those who had accepted employment in the plant were demanding protection for these people, as well as for their plant. For reasons which are unknown to me, but which I suspect were political, outside agitators from the I. W. W. voluntarily injected themselves and took the part of the strikers. Because of their actions, inciting violence and rioting and because of the fact that the strikers were unknown to me, it became necessary in order to preserve the public peace, for me to increase the police force. This I did, solely for the purpose and to make certain the enforcement of the laws."

GVERNOR IS CENSURED

While I was working in a most friendly manner, attempting to bring about a settlement, I would succeed in that regard. It was but a short time thereafter that I was obliged to order police to be stationed at the plant, as the unknown persons between the strikers and those who had accepted employment in the plant were demanding protection for these people, as well as for their plant. SEBASTIAN'S ARREST FOLLOWS SALE OF "SUSPECT" CAR

Back of a charge of vagrancy, on which A. J. Sebastian, Dr. B. D. Byrne and J. J. Hogan were indicted in the City Jail Friday night, lies the story of a trip from Vancouver, B. C., to Portland in an automobile alleged to have been stolen by Sebastian some time ago from John A. Tees, of Vancouver, the expedition ending in this city by the sale last night of the car to Dr. Charles Martin, who has offices at Third and Ankeny streets.

IMPOSING STRUCTURE PLANNED

The plan as then outlined and since partly carried out was for the membership of Grace Methodist Episcopal Church to combine with that of the Taylor-street church, under the Rev. Benjamin Young as pastor. The combined membership is about 1600, that of the Taylor-street church previously having been close to 1200. Thin Folks Who Would Be Fat Increase in Weight Ten Pounds or More. A Physician's Advice. "It certainly gives me something to be able to eat a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh-producing elements stay in the intestines until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat in the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, nourishing elements known to blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by Woodruff, Clarke & Co. and other good druggists everywhere, and every package contains a guarantee of weight increase or money back. Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh-producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Adv.
