GOOD LOSER, WEST WANTS LOSS BACK

Emergency Board Will Grant Reimbursement.

CRUSADE DEFICIENCY IS VOTED

Governor to Get \$1500 More to Continue Vice War.

REFUND OPPOSED BY KAY

Treasurer Says Executive Overstepped Rights in Expenditure of Personal Funds to Pay His Sleuthing Agents.

SALEM, Or., Sept. 27.—(Special.)—Deficiencies of \$1500 for the use by Governor West in his crusades against vice, \$500 to be used as rewards for the capture of criminals and \$500 to be used by the Governor in an investigation of the Portland gas franchises, were created by the Emergency Board at a heated session today.

In addition to creating these deficiencies, the board voted to recommend to the next session of the Legislature that an appropriation of \$1500 be made to reimburse the Governor West for money he has expended out of his own pocket to carry on the anti-vice fight since he exhausted \$1000 appropriated for that purpose at the last session.

West Wants Money Back.

The Governor sprang a surprise on the board by announcing that since the appropriation had been exhausted he had spent \$1500 personally in the conduct of the work, and introducing a resolution providing that a deficiency be created to reimburse him. This was denied and then a motion was made that the board recommend that the next Legislature make an appropriation reimbursing the Governor.

Treasurer Kay insisted that the Governor had spent the money without warrant of law, and if the board created a deficiency to reimburse him it would be violating the law. He contended that the reimbursing of the Governor would virtually be creating a deficiency, despite the fact that the money had been spent in advance without authorization of the board. Mr. Kay also declared he would not be a party to asking the Legislature to make an appropriation to reimburse the Governor for money which he believed was spent in violation of the law.

Executive Tells of Plot.

President of the Senate Malarkey and Speaker of the House McArthur said that while they had no doubt the money had been properly spent they wished time in which to examine the vouchers and receipts. Mr. Malarkey insisted that the proposition lie on the table until the next meeting of the board. After much wrangling the motion carried, whereupon the Governor spoke most dramatically of what he had done since his inauguration and how he had been harassed.

Governor West charged that an attempt had been made in connection with the vouchers relating to his moral crusade, to collect evidence on which to send him to prison. He did not mention the names of those implicated in the alleged plot, and other members of the board told the Governor he was laboring under a delusion.

Governor to Quit Loser.

Continuing, Mr. West said in part: "I am going out of office with less money than I had when I came in. I will not be a candidate for re-election, for I would not be harassed in the future as I have in the past by pe-

14-FOOT SHARK IS NEWPORT PRIZE

OLLIE S. TOWS MAINEATER TO PORT AFTER STRUGGLE.

Attracted by Carcass of Whale Fishing Boat Makes Capture When Several Bullets Take Effect.

NEWPORT, Or., Sept. 27.—While out halibut fishing yesterday Captain Carner, of the Ollie S., captured a 14-foot man-eating shark.

About five miles west of Yaquina Heads the carcass of a large whale was sighted and Captain Carner went to tow it close to the entrance to the harbor as an attraction for excursion parties.

Running down near the huge carcass, Carner and some of his crew went alongside with a dory and found the water around it swarming with sharks.

One immense shark rushed between the whale and the dory and seized great mouthfuls of the flesh. While it was feeding Carner opened fire on it with a 30-30 repeating rifle, edging several shots in rapid succession.

At times the shark fought desperately and made towing no easy task. It frequently checked the headway of the boat, while its plunges sideways made her sheer from her course.

The shark was alive when the Ollie S. tied up at her dock.

It is said to be the first time a regular man-eater has ever been captured in these waters.

PORTLAND BREAKS RECORD

Wheat Receipts Here Outdo Puget Sound Mark by Big Figures.

All records for wheat receipts at Portland were broken in the week ending yesterday, when a total of 950 carloads, or 1,235,000 bushels, reached this city from the inland Empire. This wheat represented a cash value of \$1,937,500.

The banner receipts last year were in the corresponding week, when 890 cars arrived. The best week's showing in other years was 690 cars in 1911, 540 cars in 1910 and 551 cars in 1909.

Since the opening of the present season Portland has received more wheat than Seattle and Tacoma combined. The total receipts at Portland from July 1 to date have been 5,547,100 bushels. The combined receipts at the Puget Sound cities in that period have been 5,523,700 bushels.

California Says Progressive Move Is Dead; He Will Be Republican.

OREGONIAN NEWS BUREAU, Washington, Sept. 27.—The Washington Star today prints the following: "The bottom has fallen out of the Progressive movement. I'm going to climb aboard the Republican bandwagon."

"This in effect was the remark attributed to Francis J. Heney, who is now ready to run for the United States Senate from California.

"California Congressmen who were interviewed at the Capitol today believe he will stand no chance of election unless he runs as a straight out-and-out Republican."

PRINCE HUNTS DE LUXE

Heated Sleeping Tents Taken Along by Ruler of Monaco.

CODY, Wyo., Sept. 27.—Prince Monaco and party of 16 are camped near Pahaska on a big hunting trip tonight. The equipment of the camp including 16 heated sleeping tents with many covers. Prince Monaco will use Buffalo Bill's rifle for the first bear that is encountered and expects to have moving pictures taken of the event.

The Prince is said to be a crack shot and on a tramp across the country in an automobile killed several rabbits on the run, which he had served for supper.

INCOME TAX WILL RAISE \$82,298,000

Number Affected Estimated at 425,000.

CORPORATION TAX CONTINUED

Hundred Rated as Receiving Million a Year or More.

DETAIL REPORT REQUIRED

Exemptions Must Be Submitted to Federal Officers, for Them to Determine on Reasonableness or Legality.

WASHINGTON, Sept. 27.—According to estimates today by Treasury experts, 425,000 American residents must report to the Income Tax Collector next Spring exactly how much they owe the Government under the new income tax law. The tariff bill, in which the law is embodied, will not be signed until next week, and the first returns do not have to be made to the Internal Revenue Collectors before March 1, 1914. When the returns are made they will cover the incomes of citizens from March 1, 1913, to December 31, and the first payment of tax will be for money received during this period.

Details Must Be Reported.

Every single person (citizen or foreigner) whose annual income exceeds \$2000 and every married person with an income above \$4000 is expected to report his or her receipts in detail to the Government agents March 1 of each year. The estimate completed today indicates that the income tax will produce \$82,298,000 from the 425,000 persons taxed. To this will be added the \$35,000,000 or more produced by the present corporation tax, which is the present corporation tax, which is the income tax estimates follow:

Income	Number	Total tax
\$3000 to \$5000	124,000	\$ 830,000
5000 to 10,000	175,000	5,245,000

Judges Now in Office Exempt.

President Wilson, the Federal Judges of the Supreme court and inferior courts now holding office and employes "of a state or any political subdivision thereof," are the only persons specifically exempted from the tax by the new law.

The President and judges now in office were made exempt to escape any questions of the constitutionality of the law and their successors in office will be compelled to pay the tax.

Two primary methods of collecting the tax are contained in the law. One is the individual return made by the citizen; the other the returns by corporations and other employes who pay their employes' taxes "at the source." Under the law as it will be signed by President Wilson next week, every large company employing labor, every one compelled to report any regular salaries it pays in excess of the \$3000 figures and will pay the taxes for its employes and deduct the tax from their pay envelopes.

This "payment at the source" will apply to salaries, rent, interest, royalties, partnership profits and some other such incomes, and persons receiving any of these incomes must be prepared to show that the money has paid its taxes.

In summing up his net income for the taxpayer, the American business

Walla Walla Event Establishes Itself in Northwest History—Leading Performers Will Take Part in The Dalles Rodeo.

WALLA WALLA, Wash., Sept. 27.—(Special.)—The final day of Walla Walla Frontier Days came to a close as the sun sank in the west tonight, with 23,000 people shouting themselves hoarse to acclaim a new world's champion bronco buster, Bob Gavin, Chief of Police of Caldwell, Idaho. Had the matter been left to the audience the prize would have hung in the balance between Gavin and John Spain, but the judges were better prepared to see the intricacies of the riding than the audience, so no doubt their verdict was fair.

What wonderful riding there was in the finals of that event, or rather the semi-finals! There were ten singled out by the judges for the day's trials and all but one or two drew horses that were really brucers. Not a man was thrown, not a man "pulled leather," not a man showed the least streak of yellow.

Prize Is \$500 and \$750 Saddle. After the ten had ridden the judges selected John Spain, Bob Gavin, Tex McLeod and Red Parker to see which should get the first, second and third prizes. As said, Bob Gavin won the coveted prize, which carried with the championship \$500 in cash and a wonderful saddle, valued at \$750. Spain got \$250 as the second prize.

It is doubtful if any wild west show ever staged a greater show than that given here today. Not only the quality of the sport but the excellent management called forth the encomiums of all with whom I fell in contact.

In a former dispatch it was mentioned that great credit should be given President Brents and Secretary Johnson. Without detracting or retracting it can be said that for the staging and execution of the events and for arranging for the male and female participants and the great array of cattle and horses, great credit, in fact, the sole credit, is due to George and Tom Drumheller, who handled the amusement end of the affair.

23,000 See Final Day. In estimating the number present today at 23,000 I think the figures are fair. I took pains to pass around through the stands and count the rows of seats and the number in each row. The figures are not a mere guess. Some will undoubtedly say there were 30,000 and others will place the number below 20,000, but my figures are fair.

Let it be remembered, in figuring on the attendance, that this was an experimental show, that not a special train was run into the town during the week. The railroads did not great-ly boost the show. It was a new venture and the railway officials were skeptical as to the results, which was perfectly natural and proper.

Another year the railway officials will undoubtedly take pleasure in giving the show all the assistance possible. The trip from Portland, especially over the North Bank road, is a pleasurable one even at night—in the daytime the road up the north bank

GIRL'S SILK HOSE IS POOR GUN HOLSTER

VIGILANT COP SPIES WEAPON BELOW HOBBLE SKIRT.

Daughter of Portland Business Men, After Daring Jest, Is Arrested and Booked at Jail.

When a hobble skirt is worn further to reveal neat silk-encased ankles, the wearer should be careful as to the carrying of a revolver and especially a nickel-plated derringer, plainly visible through transparent hose. This was the lesson learned yesterday afternoon by "Nan Mann," pretty, slender and 23, who was arrested and booked at police headquarters, charged with carrying a concealed weapon.

It is admitted that the young woman is held under an assumed name and that she is one of several daughters of a prominent business man of Portland. An effort is being made closely to guard the real identity of the prisoner, to shield the family from embarrassing publicity.

The arrest was made by Special Officer Marlow at Broadway and Oak streets, where she alighted from a Vancouver car.

From a statement made by the woman she had been passing the afternoon with a woman friend, and seeing the revolver on a dressing table in a spirit of jest appropriated it.

HAZING BRINGS RIOT CALL

Freshmen Compelled to Propose to Passing Women, Get Surprised.

ST. LOUIS, Sept. 27.—The antics of six Washington University freshmen, who were disciplined by Sophomores here today, created such a commotion near a Summer garden that persons living nearby turned in a riot call. Several mounted policemen were required to disperse the crowd.

The freshmen were compelled by the Sophomores to propose marriage to every woman who passed on the street. Some of the women fled in terror, but one young woman started two of the proposing students by accepting both. The two students then were forced to decide by combat which should have the prize, but the arrival of the police ended the trouble.

BIG EAGLE TIES UP PHONES

Steel Trap and Chain Attached to Bird's Foot Fouls Wires.

SPOKANE, Sept. 27.—(Special.)—The long-distance service of the Interstate Telephone Company was badly disrupted yesterday afternoon by an eagle. The service "went bad" on the line between Spokane and Couer d'Alene. As near as could be estimated by the instruments which serve for testing purposes, the trouble lay about six miles this side of Couer d'Alene. Trouble Hunter Ramon traced the wires and discovered a monster eagle at the top of a pole. He disabled the eagle with his bow. Then he discovered the bird had attached to one of its feet a large steeltrap and about ten feet of chain. The steeltrap and chain fouled the wires.

Police Judge Expresses Double Disapproval of Silt Skirts.

LOS ANGELES, Sept. 27.—(Special.)—Police Judge Chesbro, of San Pedro, expressed his disapproval of silt skirts today when he imposed a fine of \$50 on Miss Ruby Burbank, whose arrest followed an appearance in a silt skirt slashed above the knee.

Justice Chesbro suspended the sentence on condition that she refrain from appearing again in that costume. Arthur Phillips, who accompanied her, was fined \$10. Not having the money, he went to jail for 10 days.

CHEAPER BEEF IS FAR-AWAY VISION

Two Years Needed to Build Up Supply.

FOREIGN PRICES RISE ALSO

Available in Argentina and Australia Held Insufficient.

DRASTIC ACTION POSSIBLE

Packer Says Killing of Calves and Female Animals May Have to Be Prohibited—Shortage Evident Throughout States.

PORTLAND LIVESTOCK PRICES FOR THREE YEARS.

	1913.	1912.	1911.
Steers	\$8.00	\$7.25	\$5.25
Cows	7.00	6.75	4.50
Calves	9.00	8.50	7.50
Hogs	8.75	8.05	7.75
Sheep	4.35	4.00	4.00
Lambs	6.25	5.50	4.75

There is no possibility of beef prices becoming cheaper in the next year or two, according to livestock men and packers.

The supply in this country is not available and cannot be made so on short notice. As for bringing in cattle from Australia or Argentina to make up the shortage in the United States, it is a question whether a large enough supply is obtainable in those countries, and even if such were the case Australia and Argentina prices would naturally advance because of the enlarged demand, and all prices would again be on a parity.

Demand Exceeds Supply.

Conditions are the same in the Pacific Northwest as in other parts of the country. The demand is greater than the supply, and prices are going up steadily. Prime beef steers in the local market are worth 8 cents a pound as against 7 1/2 cents at this time last year and 5 1/2 cents two years ago. Five or six years ago cattle were selling at 4 1/2 cents, so there has been a gain of almost 100 per cent in prices in that period.

Hog and Sheep Values, in the meantime, have moved up only in a moderate way.

Packers Declared Helpless. "The packers cannot be blamed for the present conditions, as they are entirely helpless in the matter," said a local packer yesterday. "They are more interested in cheap cattle than in high-priced stuff. They have twice as much money invested in cattle now as they had a few years ago. There is also a greater shrinkage in high cost beef than in the low-priced article. Furthermore, it is easier to do business when prices are low than when they are high."

Radical Action May Follow.

"Some efforts are being made now to check the rise by promoting the cattle-raising industry, but it will take a long time. It may require radical action by those in authority, such as prohibiting the killing of calves and females under a certain age, and similar methods."

"This is a world-wide question and we cannot hope to get entire relief from abroad. There is much talk of bringing large quantities of Australian beef to America. This may check the advance in prices in this country, but only for a short time, as prices in the two countries are bound to be equalized. Values are already advanced."
