

WOMAN OF MYSTERY
WANTED TO ESPIE

Witness Believed to Know Details of Sulzer Dealings Sought Assiduously.

"DUMMY" IS NOT PRODUCED

Charges That Governor Bartered Influence for Votes to Be Taken Up This Week—Defense Still Problematical.

ALBANY, N. Y., Sept. 27.—A mysterious woman who is believed by the board of managers of the impeachment trial of Governor Sulzer to be conversant with many of his Wall street transactions is being sought.

Detectives have been searching for her in New York for weeks. It was learned tonight that she has been unable to find her.

On one occasion a detective called at her home and a woman who answered the door said she was the much wanted witness. But the process server, convinced that he was taking with a maid, left without serving the papers. The search has not been abandoned. Her testimony is desired next week, together with that regarding the Governor's deals in stocks.

Woman Not Direct Agent. None of the transactions was made directly through her as the Governor's agent. It is said, but she is believed to know much of the manner in which the deals between him and his agent or agents were consummated.

Frederick L. Colwell, alleged to have been the Governor's "dummy" in certain Wall-street transactions, is not produced by attorneys for the defense today, and tonight it appears more unlikely than ever that he will testify. Friends of the Governor said today that illness might prevent Colwell from taking the stand. They further explained that his ill health has had much to do with his not being seen recently. They still were firm in their assertion, however, that he was not attempting to conceal himself and would be a willing witness, if available.

Log-Rolling Charge Coming Up

Charges that the Governor bartered his political influence will be taken up early next week, it developed today. Two witnesses, Chester C. Platt, the Governor's secretary, and John A. Waldron, a recorder of legislative bills, have been served with subpoenas deposing in connection with this case.

Platt was ordered to produce the reports of John N. Carlisle, State Highway Commissioner, in connection with certain projects and improvements in the counties of Green, Essex and Warren. These reports were made while Carlisle was a member of a committee of inquiry appointed by the Governor. The report opposed approval of the bill for improvement in Greene County. Waldron must produce the bills.

According to a charge made by Eugene Lamb Richards in his opening address on behalf of the Assembly managers, \$150,000 was expended from the general fund of the state for the Greene highway. It is alleged that the Governor signed the bill in exchange for the vote of the legislator Patrick for his district primaries bill.

Deal With Assemblyman Charged. A similar trade is alleged to have been effected between Assemblyman Prime and the Governor. Richards charged in his speech that the Governor told Prime that his motto was, "You for me and me for you."

At the extraordinary session of the Legislature Prime voted for the Governor's direct primary bill and Mr. Richards in speaking of this called attention to the fact that Prime had not voted on the bill at the regular session.

What final disposition will be made of the case of James C. Garrison, who is held in the Albany County penitentiary for contempt of the Assembly, was the subject of discussion today. After Supreme Court Justice Cochrane at Hudson had denied Garrison's application for a writ of habeas corpus he was released by the governor. Mr. Garrison was returned to the penitentiary. His friends plan to use every effort to induce the Assembly to release the legislator when the Assembly convenes on October 6.

Defense Not Yet Complete

There was much speculation in Albany today as to the nature of the defense of Governor Sulzer. It was said that even the Governor's attorneys do not know at this time just what his entire defense will be. This is due to the fact that much new evidence of which they had not the slightest knowledge before the trial began is being introduced. One feature of the defense will be that most of the alleged contributions were given the Governor for his personal use.

C. C. Moore Discusses Growing of Potatoes in Oregon for Starch.

OREGON AGRICULTURAL COLLEGE

Corvallis, Sept. 27.—(Special.)—C. C. Moore, of the United States Department of Agriculture, visited the Agricultural College yesterday and was given every assurance that the institution would co-operate in fostering the movement to grow potatoes in Oregon for the manufacture of starch.

After a conference between Mr. Moore and a number of members of the faculty, it was decided that the project was entirely feasible and one that could be promoted to the great advantage of the state.

In order that the movement might be inaugurated at once, Professor H. D. Scudder, representing the college, accompanied Mr. Moore to Portland for the purpose of a conference with the Portland Chamber of Commerce.

JUDGE REFUSES TO YIELD

State Board's Demand for Removal of Health Officer Ignored.

OREGON CITY, Or., Sept. 27.—(Special.)—Calvin S. White, of the State Board of Health, found that H. S. Anderson, County Judge, is "set in his ways" after the doctor had an interview with the Judge and tried to get the court to remove J. A. Van Brakle, County Health Officer, on the ground that he is not a qualified physician of the county.

The judge declared that he made the appointment in good faith that it was made in the same spirit and that he would stick to it, regardless of the State Board or any other body of men, including the local medical society.

He has made the same remarks to the members of the local medical society.

SLANDER SUIT IS FILED

GLADSTONE MAYOR IS SUED FOR \$25,000 DAMAGES.

M. G. Nease, Timber Cruiser, Bases Action on Alleged Remarks During Clackamas Recall Campaign.

OREGON CITY, Or., Sept. 27.—(Special.)—H. E. Cross, Mayor of Gladstone, one of the biggest property-owners in Clackamas County and a holder of large tracts in Portland, the Clackamas and other places, is a defendant in a \$25,000 suit for slander filed by M. G. Nease, county official timber cruiser.

Charges that Cross is said to have made during the heat of the campaign for the recall of ex-County Judge Beale and Commissioner Blair are the basis for the suit. Cross is alleged to have said at a meeting on the streets of Oregon City that Nease was "a white slaver, a violator of the Federal white slave law and of the Oregon statute."

Nease, a plaintiff, who is an expert timber cruiser and was employed by the former county to cruise the holdings of the large timber companies in this county, alleged that he has been damaged to the extent for which he sues, that his character and reputation have been ruined in the community, and that the word has gone out all over the county that his association with women has been in violation of the statutes of the Government and of the state. He alleges that the report has been spread, broadcast through the county, and that it has ruined the business he formerly had. He says it has prevented him from getting business that would have otherwise come to him.

The speech to which Nease takes such exception was made on the corner of Seventh and Main streets in Oregon City on August 15, 1913, during the closing hours of the campaign.

SALEM, Or., Sept. 27.—(Special.)—N. C. Maris, field worker for industrial fairs, made the following report regarding Polk County today: "Polk County has been ably dubbed Oregon's experiment station in school work. Her school fair, however, has ceased to be an experiment and has for some time been the demonstration class. It has had a continual growth from its very inception, until this year its fifth annual event held at Dallas, September 22-24, was twice as large as last year's fair. The list of entries had not been compiled while we were there, but every part of the county was represented in the competition, and the number of exhibitors ran well up into four figures. For several years their exhibits have been

\$3000 FARM NETS \$1800

Linn County Rancher Grows 6000 Bushels of Oats on 160 Acres.

ALBANY, Or., Sept. 27.—(Special.)—Raising 14,000 bushels of oats on 250 acres of land, M. Kelly, a farmer residing in the northwestern part of Linn County, near Shelburn, established a splendid record during the past season.

Many yields have been reported in this county this year, which ran 50 bushels to the acre and one yield of 111 bushels an acre, but these were on smaller tracts. In such a large tract as Kelly devoted to oats the total yield is regarded as a very big one.

On 120 acres of a 160-acre tract which he bought a few years ago for \$3,000, Kelly devoted to oats a profit of \$1,800. This tract yielded 6,000 bushels of oats, which he sold for 28 cents a bushel.

ROOSEVELT SOUNDS
THE NOTE

"Barnes Machine" Included in Denunciation of Progressive Leader.

COLONEL SCORES MURPHY

Progressive and Recalled Democrat Nominated, With Demand That Courts Be Recalled From "Legalism."

ROCHESTER, N. Y., Sept. 27.—United States District Judge Hand, a Progressive, and Supreme Court Justice Seabury, a progressive Democrat, today were nominated for Chief Judge and Associate Judge, respectively, of the Court of Appeals, by the Progressive state committee here, on recommendation of the Progressive state conference. Both are residents of New York City. The convention heard an address by ex-President Roosevelt. The plea of Colonel Roosevelt that the state courts be "recalled from legalism to humanity and justice" was the keynote of nominating speeches.

Barnes Included in Criticism. The platform adopted by the conference reaffirms the principles enunciated in the National and state platforms of 1912 and deals at length with "renewed disclosures with respect to the misconduct of state officers, the mismanagement of our finances and public works."

Of the high court of impeachment, the platform says: "Much of the evidence was a familiar detail to Tammany leaders long before the impeachment proceedings were thought of. To the Tammany machine it is time immemorial. It became immemorial only when the newly-elected Governor proposed to carry out the statute books and when investigation by the Governor began to disclose great frauds. The responsibility for the shame of the commonwealth is not upon Tammany Hall alone. The Barnes machine in every crisis has been a faithful and effective coadjutor of the Murphy machine."

T. R. Declares Tammany Issue. Colonel Roosevelt, in his address, declared Tammany to be the chief issue in New York, and urged the voters to support the Progressive party so they might defeat Tammany "without overthrowing the Republican machine in its place." He continued:

"At this moment that which contains the most menace to all our state is Tammany Hall. In New York City we Progressives are doing all that we can to elect a nonpartisan ticket, headed by a Progressive Democrat, a tried and experienced public official, John Furroy Mitchell, so as to keep the municipal government out of the control of Tammany not only for securing honesty in municipal affairs, but for bettering the living and working conditions of the men and women who toil with their hands."

Murphy "Recalls by Telephone." In the same fashion, we battle against Tammany Hall, in the same manner, because Tammany Hall is attacking the Governor, not for what he may have done before election, but because since election he has stood for honesty and the rights of the people. I wish to call the attention of the 'conservatives' who have professed such horror of the Progressive doctrine of the popular recall to the fact that the popular recall is the only government of the popular recall. I ask you to consider whether you prefer the recall exercised by the people themselves at the polls or the recall exercised by Mr. Murphy at the end of a telephone.

"I am not now discussing the merits of the charges nor the evidence against the Governor. I am not now speaking of any matter pending before the court of impeachment nor of the allegations of impeachment. These allegations afford only the nominal reason for his impeachment. All the matters now produced before that court were well known to the leaders of Tammany Hall at the time they were calling Governor Sulzer a second Andrew Jackson. They remained silent about them until the Governor refused to take his oath from the boss of Tammany Hall."

Colonel Roosevelt put in a busy day. At noon he was a luncheon guest at the Chamber of Commerce. Shortly after 2 o'clock he delivered the keynote speech before the conference in Convention Hall, and at 6 o'clock he attended the Rochester Industrial Exposition. He spoke briefly there.

Judge Hand, who was nominated for Chief Judge, is a native of Albany and a graduate of Harvard, both in the general and law courses. He was admitted to the bar in 1897, and on April 28, 1899, was appointed a United States Judge for the southern district of New York by President Taft. Judge Seabury was elected a Judge of the New York City Courts in 1891 on the ticket that was headed by Seth Low, and in 1895 he left the Democratic party to take the nomination for City Judge on the municipal ownership ticket. He became Supreme Court Justice in 1903.
