

PARTIES MAY AGREE

Wilson Removes Obstacles From Currency Reform.

TALK OF RECESS ABATES

Republicans to Be Fully Consulted as to Amendment and Progress, It Is Promised, Will Be as Rapid as Possible.

WASHINGTON, Oct. 18.—President Wilson has further cleared the path for currency reform in the Senate through conference today with the Republicans of the Senate committee now in charge of the bill. As a result of a conference with Senator Nelson, the President has received assurance that the Republican members are not trying to impede action on the currency bill in the Senate.

Democratic leaders expressed confidence today that the Senate committee would be able to come to such an agreement on the currency reform measure as would insure its unanimous support by both Republicans and Democrats. No effort is to be made to draw party lines. The Republicans are to be fully consulted as to amending and redrafting the measure.

While no effort has been made to fix a date for the reporting of the bill, it is understood the President has been assured that progress will be as rapid as possible and will depend only on the length of time required for discussion and agreement on vital features of the currency reform plan.

Efforts to bring about a recess of Congress appear to have abated somewhat, and House leaders apparently have given up their hope of getting away from Washington for any stated period.

It is expected the committee will spend at least a week in October, October 25 in discussion and amendment of the bill.

An amendment to allow the proposed Federal reserve banks to issue all travelers' checks, such as are now issued by private banks, was suggested to the Senate today by John Overmire, of Indianapolis, in a petition presented by Senator Kern.

GRAPES GROW IN UMPQUA

Fruit Scientifically Handled Produces Wonderful Results.

ROSEBURG, Or., Oct. 18.—(Special.)—If any one has questioned the adaptability of Umpqua Valley grapes, today they would not go amiss to see the wonderful display of the luscious fruit brought to town today by Charles Brand, of the Overland Orchards in Garden Valley.

These Tokays and Black Prince grapes were picked from a young vineyard on the Overland orchards which are about eight miles northwest of Roseburg, on the North Umpqua River. Mr. Brand was the first person in Douglas County to engage in the grape culture from a scientific standpoint, and his success has already attracted much attention in this community. The Tokays exhibited here today by Mr. Brand are beautifully colored, large and of delicious flavor.

The vineyards at the Overland orchards are located on a hillside and on land that was not considered desirable for apples and other varieties of the larger fruits. Mr. Brand cultivates his grapes scientifically, and has already demonstrated what can be done when care is used in nursing the grapes to maturity.

Mr. Brand has several acres of land planted to grapes and within a few years he will be producing the fruit on a commercial basis.

GRASFUL WIDOW WANTED

Aftel Tired Bachelor Asks for Niece Dresser, One or No Child Aftel.

SPOKANE, Wash., Oct. 18.—(Special.)—Learning that County Superintendent of Charities Redding, because he is administrator of widows' pensions in this county, is well acquainted with the eligible widows of the city, a bachelor of Burke, Idaho, has written Mr. Redding, asking for assistance in finding a wife. The letter follows:

"I see by the Spokane papers where you are pension officer of several of the widows. Now, as I am single and make good money, I wish you could give me the address of a nice little widow. I am 32 years old, weigh 155, and 5 feet 9. I would prefer black hair or brown eyes, and with one child or no child at all—niece dresser and grateful. I am aftel tired of the boarding and rooming-houses. There is nothing in this canyon but old married women. You are around a good deal and mite now of one."

REAPPRAISEMENT IS ASKED

State Treasurer Wants Revised Figures on Sparrow Estate.

ROSEBURG, Or., Oct. 18.—(Special.)—State Treasurer Kay has filed a petition in the Probate Court for Douglas County asking that a second set of appraisers be appointed in the estate of Edward Sparrow. Sparrow died in the East about a year ago and left timber lands in Douglas County approximating a value of \$175,000. The estate was later appraised, a copy of the appraisal being filed with the State Treasurer.

In asking to have the estate reappraised, State Treasurer Kay says he has been told that the estate is worth much more than specified by the original appraisers. Mr. Kay has taken an interest in learning the true value of the estate on account of the inheritance tax which will fall to the state.

CAR SHORTAGE INDICATED

Railroads Warned to Pay Attention to Prompt Movement.

WASHINGTON, Oct. 18.—Imminence of an immediate serious car shortage on American railroads induced the Interstate Commerce Commission to issue today a vigorous appeal directed to bus, trolley and streetcar operators to "close attention to methods of loading, unloading, moving and promptly returning to use the cars now available."

Complaints received from all parts of the country indicate the danger of a car shortage. The Commission believes that the present supply of cars is sufficient for all purposes, but that it will prove adequate for the movement of all traffic offered only in the event of its being employed fully and promptly.

Ellis C. Johnson Nominated.

OREGONIAN NEWS BUREAU, Washington, Oct. 18.—The President today nominated Ellis C. Johnson, of Washington, to be solicitor of the internal

PERJURY CHARGE FAILS

JUDGE KNOWLES INSTRUCTS NOT GUILTY VERDICT.

Ray Clark, Tried for Helping 16-Year-Old Girl to Wed, Goes Free at La Grande.

LA GRANDE, Or., Oct. 18.—(Special.)—Ray Clark, of Union, was acquitted on a perjury charge in the Circuit Court here yesterday, when Judge Knowles directed a jury to find Clark not guilty. Clark was arrested for perjury after he had made an affidavit to obtain a marriage license for Very Houghton, whose age was less than 16 years, to marry Jacob Roll Workman. After the father and mother of the girl had testified that on the date of the affidavit the daughter was 16 years and 8 months of age and resided with them at Wallowa, and the wife had given like testimony, Clark's attorneys made a motion for a directed verdict on the ground that the County Clerk of Union County had no jurisdiction to take the affidavit and issue a license for a resident of another county. Judge Knowles granted the motion.

The case has been in the courts at every term since 1911. Mrs. Workman's parents early made objections to the marriage, first by having Workman arrested for kidnapping and then by charging Clark with perjury. Twice Clark succeeded in quashing indictments filed against him.

CELEBRATION IS SUCCESS

Illinois Valley Day Observed Fitly Near Grants Pass.

GRANTS PASS, Or., Oct. 18.—(Special.)—Today was Illinois Valley day and it was celebrated as well by the Rogue River valley people and Applegate inhabitants. Automobiles were hired and there were between 100 and 150 visitors from here alone.

No pains were spared by the farmers of that vicinity to entertain their guests in a sumptuous manner. There was a good literary programme of foot races, broncho riding and the breaking of wild horses and cattle. There was a real old-fashioned barbecue at the noon hour at which time everybody was invited.

Tillamook Man Meets Death.

HILLSBORO, Or., Oct. 18.—(Special.)—Lyle M. Ross, 25, whose parents live in Tillamook, met death at Timber today while working for the Summit Lumber Company. He was laboring in the yard guarding a log in tow of a donkey engine. A limb of a tree struck him. He was knocked senseless and within a few hours was dead.

Chronic Constipation Causes Many Serious Ailments

Mrs. J. O. Atkinson, of Wichita, Kansas, firmly believes that she would have been dead had it not been for Peruna and Manalin. She was very much out of sorts when her husband induced her to take these remedies. She had been sick for 25 years, more or less. As is usual in such cases, she was suffering from a complication of diseases.

Mrs. J. O. Atkinson, of Wichita, Kansas.

Of course, a great many things had been resorted to, but it appears from the account of her case that she received no particular benefit from anything that she tried. As her husband states: "Her case had baffled the skill of some of the most noted physicians." Prominent among her other troubles was chronic constipation. Constipation is very distressing where it continues. The choice between constipation and the continued use of physic is a very doubtful one.

It was in this dilemma that Peruna found Mrs. Atkinson. She used it faithfully, according to directions, and it was completely restored, not only her constipation, but also her former ailments.

This occurred some 12 or 15 years ago, since which time we have been in constant correspondence with her, and she has continued to praise Peruna and enjoy the best of health.

People who object to liquid medicines can now obtain Peruna Tablets.—Adv.
