## IAXABLE PRUPERT TAKES BIG JUMP

County Boards Place Oregon Valuations at \$813,268,-527, for 1913.

FIVE MILLS LEVY IS DUE

Large Increase Necessary Over 1912 Is Due to Appropriations and Expenses Incurred by Last Legislature.

SALEM, Or., Nov. 8 .- (Special.) - The total value of taxable property as equalized by the county boards of equalization in Oregon, not including the property of public service corpora-tions which will be assessed by the State Tax Commission, for 1913 is \$835,-268,527, according to an announcement of the Commission wide this afternoon. of the Commission made this afternoon.

The Commission made this afternoon.
The increase over 1912 is \$42,173,246.
Messrs. Eaton and Galloway, State Tax
Commissioners, said the levy which
would be made December 1 would be
about 5 mills, a large increase being necessary to meet the appropriations and other expenses of the last session of the Legislature. The lowest levy in the history of the state was in 1912, it being 1.3 mills, and the highest was 7 mills in 1904. It was more than 6 mills in 1904.

cement was made by the Commission that the county ratios of tax-able property of public service corpora-tions would be about the same as last year, which totaled \$905,011,672. The State Board of Equalization expects to fix the ratios in a few days, the law providing that public service corporaproviding that public service corpora-tions shall be assessed at the same ratio of other property in the various counties. For instance, if a county assesses other property for taxable purposes at 75 per cent of its actual value, the public service corporations must be assessed at the same ratio. General Fund Exhausted.

State Treasurer Kay announced several weeks ago that the general fund had been exhausted as a result of the small levy this year, and that it would be necessary to borrow about \$1,000,000 to tide the state over until the taxes were received next year.

A bill was passed at the recent session of the Legislature giving the State

Tax Commission power to anticipate appropriations and expenditures, so in the future there will not be as great differences in the levies as has been in

ommissioner Eaton said the Commission would fix the county ratios on the property of public service corpora-tions on a basis of last year's ratios, but that all of them probably would be somewhat larger. The ratios in 1912

somewhat larger. The Fattos in 1912 were as follows: Here.

Baker, 65 per cent; Benton, 60 per cent; Classon, 75 per cent; Union, 85 per cent; Like, 75 per c

## S11.222.

The figures last year were as follows:

COURTS WILL NOT MOVE Building Will Have Eight Stories.

OREGONIAN NEWS BUREAU, Washington, Nov. 8 .- The supervising architect of the Treasury today advised Senator Lane that data have been compiled on which to base plans for the The business men and all organizations are Postoffice building at Portland tions in McMinnville are behind the and it is found that the appropriation. of \$1,000,000 will be adequate to erect an eight-story building, which will provide sufficient space to accommodate not only the postoffice but all Government offices in Portland

that now occupy rented quarters. The architect doubted, however, whether the appropriation would be sufficient to provide space for the Federal Courts in the new building Senator Lane said it was desired that the courts remain in their present quarters in the old Postoffice building and the architect said he would proceed on that theory and not figure on moving

the courts to the new building. The competing architects will be furnished with information on which to base their plans within the next few days and work will proceed at once. They probably will have 60 days in which to prepare their sketches and

bistrict Attorney Goodwin server in tice on the restricted district and on several lodging-houses that infractions of the law would not be permitted. The abatement law, invoked against The abatement law, invoked against two places yesterday, was not invoked today, but warning was issued that all the places must be cleaned out by nightfall, and tonight every one of the women in the resorts had fled. Police authorities, who are working in conjunction with the District Attorney, reported that all these women had left Baker.

Two of the leading Evangelical ministers in Baker have at various times advocated the restricted district, which was wiped out today, but District Attorney Goodwin announced that no

PAST WORTHY MATRON OF EASTERN STAR DIES.

Mrs, Mary A. Howard, who died from heart failure at her residence, 1014 Grand avenue North. last Sunday, was buried in Mount Scott Park Cemetery on Tuesday. The funeral services were conducted by Rev. M. Seaman, of the Montavilla Presbyterian Church. Mrs. Howard was 71 years old. She was a past worthy matron of the Eastern Star, of Aurora, Ill. She was born in Michigan and resided in Watkins, N. Y., and Aurors, Ill., before coming West 25 years ago. Mrs. Howard is survived by her husband, Gil-bert S. Howard; her son, Fred L. Howard, and her daughter, Mrs. Gertrude Wharfield.

favor would be shown in the present crusade and that all must go.

McMINNVILLE, Or., Nov. 8 .- (Spe-Proposed Million Dollar Portland cial) - The Civic Improvement Club, aided by the Commercial Club, has taken steps to organize a militia com-pany here. Mrs. T. H. Rogers, presi-dent of the Civic Improvement Club, has announced that she has been ac vised by Adjutant-General Finzer that there is a vacancy for one company in some part of the state.

movement. Committees from the Mc Minnville College, the local high school one from the clerks and business me and one committee representing th rural districts, are securing eligibles to

collist in the company.

The committees are: College, Walter Culver and George Stewart; high school, Walter Arthur and Walter Corpron; business houses, Howard Evans and Arle Van Atta. The Civic Improvement Club has been placed in charge of the campaign, owing to its past record of "getting re-

sults."
McMinnville is an ideal location for a militia company, having the best of transportation facilities to Portland, Salem, Eugene, Corvallis, Tillamook and other points of importance. There is also one of the best sites for a small arms target range obtainable. As to the personnel and officers for a com-pany, the local college can supply about 26 men, the high school has a like number, and from the farms can be drawn 40 or 50.

AIRLIE, Or., Nov. 8.—(Special.)—Because many persons are moving from the surrounding country to this place to send their children to the Airlie schools, there is not a vacant house in town. A special effort is being made by the Airlie grammar and high schools to become standardized ahead of other schools of the same size in Polk County.

Balance of About \$500,000 for Year Likely.

NEW BUILDINGS PAID FOR

Tax Collection Department Cost Approved by Budget Committee.

TABLE OF ESTIMATED AMOUNTS TO BE RAISED BY TAXA-TION IN 1914.

School District No. 1.... 2,164,000,00 County (unofficial estimate) 592,000.00 114,795.92

Multnemah County will have an un expended balance of nearly \$500,000 December 31, according to figures submitted by Auditor Martin to the advisory budget committee yesterday, All current bills will have been paid and the new Courthouse and library clear of all debt. The library practically is clear of debt now, and all except about \$110,000 of the Courthouse debt has been paid. This amount will be paid before the end of the year.

Of the balance, when 1914 arrives, says Mr. Martin, about \$261,961.27 will be in the general fund and about \$132,-697.86 in the road fund, not counting approximately \$27,000 due from the state on automobile licenses, which amount will be placed in the road fund. Word's Estimate Approved.

The estimates of 1914 expenses sub-mitted by Sheriff Word for his whole force and by Treasurer Lewis for his new tax collection department were approved by the budget committee, and County Clerk Coffey's estimate was under consideration when the Board adjourned. Assessor Reed and Carl Kelty will begin today to assemble the general budget, with a view of com-pleting their recommendation to the County Commissioners at the earliest possible time. The state estimate and Multnomah County's apportionment of the tax to be obtained from the public utilities will not be at hand until the middle of next week, but Assessor Reed said yesterday that the committee would complete its report before this

information is received. The advisory committee will not make the assessment, but merely determine the amount of money needed New Council Credited With Desire to by each department of county government, and report its findings to the

WEATHER CONDITIONS.

A marked decrease of pressure has occurred over the western half of the country. A large high pressure area overlies the Rocky Mountain and Plains States, while moderately low pressure obtains along the Pacific Coast and over the statos east of the Mississippi River. Light rains have fallen in Enstern Missourt and the Middle Atlantic States and moderately heavy rains in lilinois. High winds have occurred along the North Pacific Coast from Northern California to the Straits of Juan de Fuca. Small creft warnings for this disturbance were displayed at 7 A. M. today, and southeast storm warnings were ordered to succeed them at 6:49 P. M. at the mouth of the Columbia and all Washington scaports. The weather is considerably cooler in New Mexico, Texas, Oklahoma, the Mississippi and Ohio Valleys and lake region. As a rule, slightly warmor weather obtains in other portions of the country.

The conditions are favorable for rain Sunday in Western Oregon and Washington, and for generally fair weather in Eastern Oregon and Idaho. Temperature changes will be unimportant, and east to southeast winds, high over Western Washington and near the Oregon Coast will obtain.

FORECASTS.

FORECASTS.

Portland and vicinity—Cloudy and threatening, probably with rain; southeasterly winds.

Oregon—Rain west, fair east portlon; southeasterly winds, high along the north coast.

Washington—Rain; east to south winds, high along the coast.

Idaho—Generally fair.
