B. F. Nichols Is Oldest Ex-Official?

"Father of Crook County" Held Office Under Provisional Government in 1846.

BEND, Or., Dec. 20.—(Special.)—B. F. Nichols lays claim to the distinction of being Oregon's oldest ex-official. That is, he believes himself to be the man in the state who held office here the greatest number of years ago. The photograph, by the way, was taken in 1882. Mr. Nichols is now 88 years of age.

It was in June of 1846, at the first election held in Polk County under the provisional government, that Mr. Nichols, now best known as "Uncle Frank,"

B. F. Nichols, Who Says He Is Oregon's Oldest ex-Official.

was elected Sheriff. At that time his jurisdiction reached south as far as the California line. After the Territory of Oregon was organized by act of Congress, Mr. Nichols again served as Sheriff for two terms, commencing in 1852. In 1859 he was appointed County Clerk of Polk County by Ben Hayden, at that time County Judge.

In 1877 Mr. Nichols came to Central Oregon, when about all the territory between the Cascade and Blue Mountains was embraced in the official boundaries of Wasco County. Mr. Nichols served as a member of the Legislature in 1882, and at that session introduced and secured the passage of the bill which created Crook County, so, in great measure, acquiring right to the title of "Father of Crook County." From 1900 for four years he served as Treasurer of Crook County. The old pioneer officeholder was born in Liberty, Clay County, Missouri, on Thanksgiving day in 1825.

Lebanon Church Sends Box to Institution in Kansas City.

LEBANON, Or., Dec. 20.—(Special.)—Under the direction of the superintendent, Mrs. Stricker, the Christian Church Sunday school will observe Christmas in a unique manner. For several weeks the members of the school have been planning "A Giving Christmas."

Each class, under the direction of its teacher, contributed a number of useful articles for a box to be sent to an orphans' home in Kansas City, which is supported by the church. On account of distance the box had to be sent Thursday and on Wednesday evening a Christmas party was given the children in the church parlors, at which time a tree bearing the various gifts was on display, so that the school could see the result of their labor.

The Swedish select oak, which has been developed by the government, first being introduced in this country in 1899 from Siberia, is turning out very satisfactorily. Last year the total yield was 50,000,000 bushels. It was first grown on the grounds of the experiment station at Pullman, Wash.

This Home-Made Cough Syrup Will Surprise You

Costs Little, but there is Nothing Better at any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and will usually conquer an ordinary cough in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix one pint of granulated sugar with ½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating bronchial asthma, bronchitis, spasmodic croup and whooping cough. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
