

CARDINALS REFUSE ANNA GOULD'S PLEA

Prelates Turn Down Request for Annulment of Marriage to Count Boni.

NEW TRIAL IS POSSIBLE

Neglect of Duchess de Talleyrand to Open Registered Mail Given as Reason for Her Failure to Receive Citations.

ROME, Jan. 10.—Cardinals composing the Segnatura tribunal, or high court of the Roman Curia, met today and rejected the appeal of the Duchess de Talleyrand, formerly Anna Gould, of New York, from the verdict of the Rota tribunal annulling her marriage to her first husband, Count Boni de Castellane. The case, however, will come up again for trial before the Rota tribunal.

All the cardinals of the tribunal, except Cardinal Martinelli, who is ill, met at the Vatican under the presidency of Cardinal Vincenzo Vannutelli to hear the appeal.

Cardinal Pietro Gasparri was entrusted with the drafting of the report on the case, or judgment, given a summary to the tribunal. He afterward expressed a lucid opinion on the points of law and suggested the rejection of the appeal.

Cardinal Basilio Pompili, vicar-general of the Pope, raised some objections concerning the actual reason why the Duchess de Talleyrand had not received the citation. Cardinal Gasparri explained that the Archbishop Rici, of Paris, had sent it in a registered letter requiring a receipt to the Duchess de Talleyrand's Paris address. The janitor there had refused to take the letter, saying the duchess was at her country seat. The letter was forwarded there, but the duchess herself refused to receive it and returned it to the postoffice.

The Duchess de Talleyrand, when questioned on the subject, said she never accepted registered letters from unknown persons, as they generally contained begging appeals.

The point on which Cardinal Gasparri based his argument for the rejection of the Duchess de Talleyrand's appeal was that immediately after the Rota tribunal had given its judgment annulling the marriage she had started, as permitted by the law, a suit for a new trial before the Rota tribunal, thereby implicitly admitting knowledge and acceptance of the first procedure. It was only later, at the suggestion of her lawyers, the cardinal pointed out, that she pleaded ignorance in attempting to have the judgment annulled.

Cardinal Van Nottelli agreed with Cardinal Gasparri's opinion and added that whatever the Duchess de Talleyrand might have to say in support of her point she would be free to submit at the next trial before the Rota tribunal.

GRAIN SACKS ATTACKED

Umatilla Growers Told Bags Cost Coast \$5,000,000 Uselessly.

PENDLETON, Or., Jan. 10.—(Special.)—That the farmers of the Pacific Coast are annually spending \$5,000,000 unnecessarily for grain bags, and that the farmers of no other part of the United States are so foolish, was the statement made to the graingrowers of Umatilla County in the convention which closed today, by Louis Dellvuk, of Quincy, Wash.

The speaker said there are only two classes of citizens who favor the handling of grain in sacks. These are the buyers who charge the farmers 10 cents per pound for the sacks, yet, when they buy the wheat, deduct three-fourths of a pound per bushel, on the ground that the sack is not wheat, and then have the sacks to use in the handling of millstuffs; and the dishonest farmer who hopes to mean of the sack to palm off chaff, dirt and rocks as first-class wheat. He declared grain can be handled in bulk at one-third the cost of the sack system, at a great saving in labor; that there is less danger of loss by elements, and that better prices can be obtained through the avoidance of a congested market and the possibility of making a farmer's entire crop average No. 1.

FRUITMEN'S UNION WINS

Injunction Against Milton Concern Is Dissolved—New Suit Begun.

PENDLETON, Or., Jan. 10.—(Special.)—Without waiting to hear all the arguments of the attorneys for the Milton Fruitgrowers' Union, Circuit Judge Phelps this morning dissolved the temporary injunction which he had granted several days ago to prevent the union from dissolving or disbursing its assets.

The injunction was granted in the case of C. H. Wicks against the union upon the representation made to the court that the union was about to be dissolved and the assets of the union and affidavits were produced to show no such action had been contemplated.

Mr. Wicks had demanded an accounting for his prune crop, which it had sold. The case will now be tried on its merits. That the troubles of the union are not over, however, was indicated by the filing of a second and similar suit this afternoon. The complainant is Peter Herman.

Henry of Texas Favors Committee on Suffrage.

PROSPECT IS BRIGHTER

Chairman Now Inclined to Take View That Importance of Issue Demands That It Shall Receive Attention.

WASHINGTON, Jan. 10.—The creation of a standing House committee on equal suffrage loomed today at the Capitol as a strong probability. Chairman Henry, of the committee on rules, returned from Texas a convert to the proposition on which his committee must take action, and a considerable sentiment has developed in favor of the project among Representatives who have been talking over the subject during the Congressional recess.

Representatives Taylor and Keating, of Colorado, and other pro-suffragist members have been discussing the outlook with colleagues, and returning members point to the growth of the

WOMAN SUFFRAGE MOVEMENT AS WARRANTING THE APPOINTMENT OF A COMMITTEE TO DEAL WITH NOTHING ELSE THAN EQUAL SUFFRAGE MATTERS.

The rules committee recently completed hearings of suffragists and anti-suffragists over the proposition of the former that the House should deal with the subject through a regular standing committee. So far the committee has not considered the plan in executive session, but it will be called together soon to vote on reporting a rule to the House for the creation of such a committee. Chairman Henry heretofore has not committed himself, but it became known today that he was in favor of such a committee and would lend his influence toward getting it.

Mr. Henry's position is that woman suffrage has become a great issue and that the problem is as important as the subjects now dealt with by many of the present standing committees of Congress.

MUTINY IS PROVED

Seven of Crew of Manga Reva Are Convicted.

JURY RECOMMENDS MERCY

Accused Men, in Defense of Acts, Charge That Officers of Ship Were Cruel, Food Unfit to Eat, Water Scarce.

WILMINGTON, Del., Jan. 10.—Seven members of the crew of the American clipper ship Manga Reva, on trial in the United States Court here this week on a charge of mutiny, were found guilty by a jury today. A recommendation of mercy was included in the verdict. Sentence will be imposed next Tuesday. The men found guilty are John David Reed, R. D. Williams, Alvin Anderson, Joseph Herzfeld, Charles F. Lyons, John Edlin and William Joyce.

During the trial the Government abandoned prosecution against six other members of the crew who had also been indicted for mutiny.

The Manga Reva, under Captain Townsend, sailed from Philadelphia, October 2 for San Francisco, and on November 9 returned to the Delaware breakwater, where the captain reported that the crew had mutinied while the ship was 1200 miles out at sea, and that he and the first mate had been put in irons. Twenty of the crew were arrested and 12 were indicted.

At the trial the captain and the mate testified they were seized by members of the crew and held in their cabins for some time and released only on the promise that they would navigate the vessel back to the Delaware Capes.

The accused members of the crew in their testimony charged that the captain and the first mate had been cruel in their treatment, that much of the food given them was unfit to eat and that there was a scarcity of fresh water.

The Manga Reva sailed on November 30 with another captain and crew.

Aviator Wrecks Machine to Keep From Injuring Spectators.

OAKLAND, Cal., Jan. 10.—In order to avoid what appeared to be a certain sacrifice of two lives, Lincoln Beachey, the aviator, deliberately wrecked his biplane late today and crashed 35 feet to the ground, sustaining slight injuries.

Beachey was descending after an exhibition flight, and directly below him was an automobile driven by Barney Oldfield and carrying a newspaper photographer as a passenger. The aviator swerved his machine, which collapsed and turned almost completely over, burying Beachey beneath it. His only injuries are bruises.

THE DOCTOR'S ADVICE

By Dr. Lewis Baker

The questions answered below are general in character, the symptoms of diseases are given and the answers will apply to all cases.

Those wishing further advice free may address Dr. Lewis Baker, College Street, Walla Walla, Wash., D. C., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled in any well-stocked drug store. Any druggist can order of wholesaler.

Answer: I can give you a remedy that I am sure will relieve you and one that is absolutely harmless and pleasant to take. Make a syrup with one pint of granulated sugar and one-half pint of boiling water, put on the fire and let it come to a boil, then cool and add the contents of a 2-1/2 oz. bottle of essence mentho-laxani, which you can purchase at any drug store, and you will have a pint of the finest cough syrup on the market today. It is about eight times cheaper than ordinary labeled cough medicines and will last much longer.

"Miss Cella" writes: "I suffer with my stomach and have to live on a very limited diet. Please prescribe something so that I can digest food and overcome this nausea and distress."

Answer: Tablets tripeptina, you will find most effective if regularly used for several weeks. They are sold in sealed cartons with full directions.

"Adam J." writes: "A period has arrived in my life where I find myself of unusual strength and nervous system failing me. I do not recuperate as of yore. My food and rest seem not to benefit as they should. Am weak, dependent and unable to perform the duties which were assumed earlier in life, while my ambition for work and pleasure is slowly going."

Answer: I think a powerful, harmless tonic and nerve medicine will rejuvenate and restore the functions of digestion, assimilation and elimination by invigorating the nervous system. Obtain three bottles of Dr. Baker's Tablets, packed in sealed tubes and take as per directions accompanying.

Ellen J. asks: "I am only 23 years old and weigh 130 pounds. I am short, fat and uncomfortable. I dislike to go in company, as I feel embarrassed. Can you advise a face reducing remedy?"

Answer: Anyone who is too fleshy can safely take 5-grain arbolone tablets. They are sold by well-stocked druggists in sealed tubes, with full directions for use. A pound a day, if used regularly, can be taken off.

"Q. R." writes: "Please advise something to take that will cure chronic constipation. I have suffered for years and have used many kinds of pills, but they do not cure."

Answer: I think most of the illness is caused by chronic constipation. If the following tablets are taken regularly they will gradually effect a cure as they stimulate the liver and bowels into healthy action. They are packed in sealed tubes and are called three grain sulphur tablets (not sulphur tablets) with full directions for taking. They will also purify the blood and tone up the entire system. If you are dyspeptic take tablets of tripeptina. These two medicines you will find in any up-to-date drug store.—Adv.
