Thousands of Dollars' Worth of High Grade Furniture Involved in the Fire Sale

Our sole aim and object is to dispose of it immediately. To accomplish this we have not hesitated in lowering prices in many instances far below cost. It's the most extensive outclearing of high-grade suites and individual pieces attempted in many a day. Only a partial listing appears here. You'll find many other pieces and suites as interestingly marked. It's an event of equal importance alike to people living in and out of Portland. Store opens at 9 o'clock. See the window displays. Come tomorrow

For the reasons that our displays have been seriously affected and our lines demoralized as the result of damage by fire and water to our immense reserve stock in our First Street Warehouse on November 30, we are obliged to enter a great many of our high-grade pieces and suites at a sacrifice, as a matter of adjustment. This accounts for the astounding reductions we have made on all furniture affected directly or indirectly by fire and water. In conjunction with this announcement we have adopted a novel and practical method—that of clipping each item which appears here and pasting it on the price card which is attached to every article advertised. It will serve to identify it and at the same time facilitate in acquainting our salesforce with the various pieces and suites. At right is shown a card as it appears with advertised matter pasted on it.

We Will Store Any Selections for a Reasonable Length of Time

The Most Noteworthy Offerings You've Ever Known in High-Grade Furniture for the Living-Room, Dining-Room, Library and Bedroom. The Product of Grand Rapids' Leading Factories Is Well Represented in This Great Outclearing.
