"77" FOR COLDS, INFLUENZA, COUGHS, SORE THROAT

GRIP

If your bones ache, your nose runs and you have the blues, you've got the Grip.

To get the best results take Humphrey's "Seventy-seven" at the first sneeze or shiver.

If you wait until your bones begin to ache, until you begin to cough and wheeze, and the Cold becomes settled and hangs on, it may take longer to break up.

A small vial of pleasant pellets fits the vest pocket—25c—at all druggists or mailed.

Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps, but it seems that something more is needed to stop the cough and sweats and to arrest the progress of disease.

Hokman's Alternative, after many years of use is known to be most beneficial in bringing about relief, in many cases complete recoveries. Investigate at once.

"Gentlemen: I had a terrible cough, night sweats and phlegm. A man who heard me coughing advised me to take your Alternative. I paid no attention to him then, but the doctor said I should go to Wyoming. I did, and when I got there I began to cough. I remembered what had been told me about your medicine. I began taking it, with no other medicine, but before I had taken three bottles, I could eat anything. Fever and night sweats stopped and for over a year I have been well and in better health than I ever was."

W. F. BOMAR. (Affidavit.) (Above abbreviated; more on request.) Hokman's Alternative has been proven by many years' test to be most efficacious for severe Croup and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Sold by The Owl Drug Co. and leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.—Adv.
