

insted, too. It is also a matter of sci-entific record, through careful esti-mates, that the files in the Philippines, acting as carriers, killed more soldiers than did the Spanish bullets in a ratio of about four to one. The fly is a pow-erful enemy to public health, and he deserves no mercy. He should be de-stroyed before he is born by the des-truction of his breeding place. That's why we want Portland school children to fight the fly and get the habl: of fighting him. The boys and girls are quick to learn and they are enthusiastic workers, and I am sure the educational work of our campaign will count ef-factively and permanently for a cleaner
