

PORTLAND MAY GET OLYMPIC TRY-OUTS

Edgar Frank Says Secretary Sullivan Sees Points in Favor Over California.

CLIMATE IS ONE FACTOR

Better Representation Thought Possible Also - Amateur Athletic Union Official Tells East to Watch Westerners.

America's next elimination track and field meet for the choosing of United States representatives to the 1916 Olympic games may take place in Portland.

While in New York Mr. Frank talked the matter over with Secretary Sullivan of the American Amateur Athletic Union.

"I suggested to Mr. Sullivan (and he saw some of the points in its favor) that the meet be held in Portland," said Mr. Frank.

Climatic conditions would favor Portland in this respect. The climate in Berlin is very much like that of the Northwest.

Mr. Sullivan is now in New York. He was on the Pacific Coast less than two weeks ago, and went out West again in a month or so.

Mr. Sullivan is very busy boosting the world's meet to be held at San Francisco in 1915.

The head and tail of the A. A. U. was surprised at the strides that have been taken in athletics on the Pacific Coast since his last visit to California.

Mr. Sullivan says that the loyal New Yorker it almost gave him an unexpected shock to find so much enthusiasm here.

"California and other far-distant states have been compelled for so many years to send their best men East to show their prowess that they are jumping at the opportunity to meet in their own back yard the best we can do."

"And, let me tell you, there are some very promising young men out on the Coast. I can't remember the fellows' names, but I was told that they have good distance men who are good for 425 for the mile."

West to Be Heard From. The South Pacific and the Pacific Northwest, as well as the territory of which San Francisco is the center, are looking forward with great expectancy to 1915.

"One thing that will greatly help things along in San Francisco is the enterprise of Amateur Athletic Union in taking over the baseball park right in the heart of the city.

The only decent track was to be found out at the Golden Gate, which is some distance from San Francisco. A half-mile track is to be laid down in the baseball park and the place will be used for practice purposes for the big meet next year."

BREW'S MARK MAY STAND

Southern California Negro's 9.3-5 Time Equals Dan Kelly's.

NEW YORK, April 4.—James E. Sullivan, secretary of the Amateur Athletic Union, made public today a letter from William Unmack, vice-president of the Pacific Coast Association.

Drew is now a student at the University of Southern California. In a dual meet at Berkeley, March 28, he won a 100-yard dash and was timed in 9.3-5 seconds.

The record committee is investigating and will likely allow it as a new record, if the record is allowed. It will equal that made by Dan Kelly.

NEW YORK, April 4.—Phillip W. Allison, captain of the Cornell 1911 fencing team, and one of ten competitors striving to qualify for the final bouts with foils for the international championship, was pierced through the shoulder last night in a bout against Albert Strauss.

He had won three of his engagements and was fencing against Strauss in his last bout, when, after a series of lunges and parries, Strauss broke his blade and the steel cut through Allison's flesh.

After a wait of nearly an hour, Allison insisted on finishing against Strauss, whom he defeated.

SWIMMERS TO COME

Three Cities at Least to Enter Club Event April 10.

SPOKANE TO SEND CRUEGER Don Vickers, Eugene Sprinter Already in Portland, Will Try in 220-Yard Race Instead of in 100 Contest Is Report.

At least three cities will be represented in the Pacific Northwest Amateur Association swimming championship meet at the Multnomah Club, April 10.

Crueger, of Spokane, is sure to come and Don Vickers, the Eugene sprinter, is already in the city. He has changed his distance from 100 yards to 220.

This places him in the hardest contested class. He will have to swim against Norman Ross and Cole, two Multnomah Club stars. Ross has made the distance in good time in several public events.

In this connection, Instructor Jack Cody is confident that practically every Northwest record will be lowered.

More entries to the swim were received yesterday. Oakley Waite will enter the 50 and 100. Cheney will swim the 50 yards. Urquhardt will swim the 100. McHale, of the Portland Baths, is another. W. Kinney will swim unattached. E. Shea is entered in the 100-yard junior.

Don Vickers, of Eugene, will swim the Multnomah colors. His brother, Fred, is swimming unattached. The Eugene Y. M. C. A. has two entries—W. Morrison and B. Vodjansky.

The junior race was won by Lynn Slack, distance 3 1/2 miles, time 2:53 minutes. The prize is a silver cup donated by the Knights Templar.

More than a dozen competed in the colts race, Jimmy Blair winning in nine and one-half minutes over a track one mile and seven-eighths in length. The trophy was a statuette racer in silver, the gift of Dr. Endelman and Dr. Jarvis.
