

SCHOLAR DEPICTED AS FUTURE LEADER

Secretary Daniels Dwells on
Need of Men of High Ideals
in Public Service.

EDUCATION INVOLVES DUTY

Wilson, Jefferson and Others Are
Praised, and Jackson, Bryan and
Tom Johnson Come in for
Share of Laudation.

CLEVELAND, April 18.—Secretary of the Navy Daniels addressed the students of Western Reserve University today on the future of the scholar in politics, and at a "dollar dinner" of the Cuyahoga County Jefferson Club tonight eulogized not only Thomas Jefferson, but President Wilson, Secretary Bryan and Tom Johnson, Cleveland's late Mayor.

Speaking to the students, Secretary Daniels made an appeal for the enlistment of well-trained, scholarly men in the cause of clean politics and better government. The leader of the future, Mr. Daniels said, would be the scholar—the man who stood fearless of the sneer of "the boss."

Education Is Public Trust.
Mr. Daniels took as the keynote of his remarks "The Scholar in Politics," and as an illustration of the need of men with high ideals in public life he cited the achievements of Woodrow Wilson, Thomas Jefferson and other men who won distinction because, he said, they yielded the necessary qualifications.

"One reason why we have been at a loss for educated public leadership," he said, "is the educated men and women of our country have not fully realized that their study should have been for the benefit of the people and not merely for the gratification of their own minds, or for the advancement merely of individual ends. A good education is a public trust."

Addressing the students at the Jefferson Club affair tonight, Mr. Daniels said the tariff, currency and tax laws were in thorough accord with the principles of "good government," Jefferson and Jackson. These statutes already are enacted, and the proposed anti-trust laws, he added, showed that the "Democratic party in the past year has done more in the way of constructive legislation than the Republican party has in the past decades."

Tom Johnson Eulogized.
Mr. Daniels paid a glowing tribute to the memory of Mr. Johnson. "Human liberty was threatened from a different direction when Tom Johnson was raised up to champion the weak of the masses. He incarnated the spirit of Jefferson. Jefferson was not more forgetful of himself in his thought of his countrymen than Johnson and in the latter's use of his wealth for the community," said the speaker.

Discussing the effect of the new tariff law, the speaker said that "contrary to the predictions of the apostle of privilege, we are not flooded with 'pauper' goods from abroad. Our imports have been increased; our exports have grown greater. What is true of the tariff applies with equal force to the currency. The bill which the last Congress enacted embodies the best thought of the Nation on the subject. It rears no overshadowing central structure to regulate the fate of the whole community."

"In the accomplishment of these Democratic and truly American pieces of legislation, I would not withhold the credit deserved by those members of Congress who differ with us politically, yet who, in the liberality of their views, have rendered us their party support. It is evident that two such vital issues are determined with so little of the spirit, and I regard it as most auspicious that the time has arrived when men of high station disregard the element of the party and lend their support for measures for which their opponents are responsible."

INTEREST RATE INCREASED

Missouri Pacific Refunds 5 Per Cent
Notes With 6 Per Cent.

NEW YORK, April 18.—It is understood that payment of the \$25,000,000 three-year Missouri Pacific Railway Company notes maturing June 1 next will be met by the issue of a like amount of 6 per cent two-year notes secured by increased collateral. As an inducement to the holders of the maturing notes a 2 per cent cash payment will be allowed to those who make the exchange of new for old.

George J. Gould and members of his family, who are said to own fully half of the expiring notes, are reported to have agreed to the new plan, which will be submitted to the Missouri Pacific directors at a special meeting on Monday.

FLAGPOLE KILLS AUTOIST

Child Also Severely Hurt as Result
of Gust of Wind in Gale.

CHICAGO, April 18.—W. E. Vossler was killed today by a flagpole that was broken off by the wind and thrown across his automobile while he was riding with his daughter, 12 years old. When the gust of wind, somewhat stronger than the gale that prevailed during the day, snapped off the 60-foot pole, Vossler put on full speed to escape it.

The heavy pole struck Vossler across the head and killed him. The child was severely injured when the automobile crashed against a lamp post.

LA GRANDE SAVING MONEY

Commission Government Runs City
Below Estimated Cost.

LA GRANDE, Or., April 18.—(Special.)—A statement has been issued by the city manager showing expenditures and receipts of the city during the first three months of the commission form of government.

The budget allowed \$42,780, but the city spent only \$29,885. The estimates of income have not quite come up to expectations, the receipts being \$10,374 from all sources. The estimate was \$10,565.

CLIENT NAMED IN WILL
Twice-Married Widow, Once Indicted, Is Lawyer's Heir.

CHICAGO, April 18.—Mrs. Minnie Wallace Walkup Ketcham receives a life interest in one-fourth of the estate of Delaney H. Louderback, former as-

sociate of Charles T. Yerkes, according to the terms of the will filed today for probate. She is named as a "friend" in the will, which contains a provision that should any of the legatees contest it they would forfeit their bequests. No inventory to show the value of the estate, which has been variously estimated at from \$100,000 to \$1,000,000, was contained in the will.

Mrs. Ketcham was married to James R. Walkup, a wealthy cattle dealer and ex-Mayor of Emporia, Kan., when she was 16 years old. Mr. Walkup was a widower with several children and many years her senior. He died of poisoning. His young bride was indicted and tried for murder, but was acquitted.

Mrs. Ketcham's second marriage was to John B. Ketcham, a wealthy retired lumberman, who made his home in Chicago. Ketcham also was a widower. He died in 1897, leaving an estate valued at \$200,000. His widow was the principal beneficiary. Following the settlement of the estate Mrs. Ketcham was sued for attorney's fees. Mr. Louderback was a prominent figure at the trial and represented the fair defendant.

BRICK ROADS FAVORED

SAVING IN NEW YORK WOULD BE
GREAT, SAYS GOVERNOR.

Glynn Advocates Use of Convict Labor
to Manufacture Bricks and
Reduce Building Cost.

NEW YORK, April 18.—(Special.)—No more significant good roads message ever has been delivered by a state executive than that by Governor Glynn at Albany a few days ago.

He said that New York must either change its road policy or prepare to levy a perpetual yearly road tax of \$2 on every man, woman and child in the state. Instead of roads that wear out in ten years and cost \$1000 a year per mile to maintain, he said roads must be built that will last from 20 to 30 years and cost only \$10 to \$50 a mile for repairs. Even if New York were compelled to pay \$25,000 a mile for brick roads, he said it would be economy to build such roads instead of macadam roads in all places where the state highways are subjected to heavy automobile traffic.

Under the 50-year bond issues the 12,000-mile state road system will wear out 40 years before it is paid for unless durable construction is adopted. Although the first cost of concrete roads is from \$2000 to \$3000 more per mile than the best macadam—and brick roads cost from \$10,000 to \$12,000 more—the saving in yearly maintenance of the brick road would amount to \$10,000 a mile.

The Governor proposes to cut the cost of building such roads to a figure little higher than that of macadam roads by employing convicts in the manufacture of brick in plants to be erected by the state.

CONVICT'S DEMAND COSTLY

Inmate Given Two Years' Extra
Time by Reformatory Board.

OLYMPIA, Wash., April 18.—(Special.)—A demand for his "rights" at the meeting of the State Reformatory Board will cost Harry McClain, an inmate of the state reformatory, two years' additional imprisonment.

"I am an ex-convict from Montana and know my rights and I demand it," McClain wrote. His "demand" was that he be transferred to the state penitentiary at Walla Walla, where inmates are allowed tobacco.

McClain's "demand" was granted by the board, but a recommendation was sent to the State Prison Board that he be detained at Walla Walla for three years, the maximum for which he was sentenced. He would have been eligible for parole after serving one year.

STOPS TOBACCO HABIT.

Elders Sanitarium, located at 895
Main st., St. Joseph, Mo., has published
a book showing the deadly effect of the
tobacco habit and how it can be stopped
in three to five days.

As they are distributing this book free, anyone wanting a copy should send their name and address at once.—Adv.

West's Court-Martial Ends.

SEATTLE, Wash., April 18.—The court-martial that has been trying Captain Ernest E. West, U. S. Marine Corps, at the Puget Sound Navy-yard, on charges of intoxication while on duty and conduct unbecoming an officer, concluded its labors today and forwarded its sealed report to Washington. Pending disposition of the report by the War Department, Captain West is detained under guard at the marine hospital. This was Captain West's fourth court-martial trial.

**ONLY
4
Days Sick**

Mr. Frank Bauer, of Minneka, Minn., gives the following account of an attack of grip and how he got cured. He says:

"I was attacked with the grip. Had a terrible cough. Asked my wife to get me a bottle of P.E. RUNA. My lungs felt as if knives were sticking in them. She got the Peruna for me. I took it four days. On the fifth day I took an axe on my shoulder and went out into the woods to chop wood. Perfectly recovered. My doctor bill was therefore exactly

\$1.00
a great saving in time and money."
