Fawcett, "the old man" as he delights to be called, hero of a score and more political campaigns and whom the voters of Tacoma recalled three years ago.

Baseball Letters

In July, 1909, in the middle of the playing season, the New York Journal brought the Brooklyn Nationals and the New York Americans together in a newboys' game. The Journal received the following letters as to the entertainment of the big leaguers:

From C. H. Ebbetts, Brooklyn's President. "I accept, with pleasure, for my team, the invitation to dine as guests of the Evening Journal. We would request a simple dinner, with light beer and no other stimulant. That is our idea of the proper drink for athletes in training."

From John Burke, New York's Trainer. "May I suggest in regard to the dinner; that the men, while the baseball season is on, live very temperate lives. "If you will give them a good American dinner, plain American beer, they will appreciate it."

It is because of their marked mildness and their general healthfulness that Olympia and other high-class American beers are good for athletes as well as for other strenuous people.

Olympia Beer on draught or in bottles can be bought in all well-conducted retail establishments everywhere in the Pacific Northwest, Alaska and Hawaii. A case for your home can also be obtained from our branch in Portland (Phone A 347, Main 471), Seattle (Tacoma Spokane Aberdeen Pasco or Wallace).

Substitution and Cut Prices usually go hand in hand

They comprise the greatest evils that are practised on an unsuspecting public. Do you know why dealers attempt to sell you their own article or something "just as good" in place of what you call for? It's a matter of profit—they make more money on that article regardless of your health. It is not fair to your judgment nor to us as manufacturers, who have told you through truthful advertising the immense amount of good

Duffy's Pure Malt Whiskey

has done for others and will do for you.

How It Is Done! A retailer advertises Duffy's Pure Malt Whiskey (which is made to sell at \$1 a bottle and well worth every penny of it) at a cut price, sometimes below cost, to attract trade to his store, and when you ask for Duffy's, finds out what you want it for, then tries to sell you some unknown something "just as good." He does not spend his time trying substitution for nothing? Not he! If he sells the substitute he is the one who profits, not you. He makes money on this article and is willing to chance a loss on the genuine hoping to sell you.—His clerks are probably getting a bonus for pushing the substitute as well.

The retailer (and there are many of them) who gives you what you ask for without a quibble, is the one who has your interest, as well as his own in mind—he should get your business. You feel comfortable while trading with him. We do not approve of price cutting—for cut prices, along with substitution, mean destruction—not competition. But if prices are cut to attract your attention—instant on what you ask for. Get Duffy's and benefit yourself—don't help the dealer who tries to fool you by accepting an unadvertised, and possibly an unworthy product.

Remember:—The concern that can advertise a reliable article year in and year out for many years, has something of worth to sell you or they couldn't advertise. Duffy's Pure Malt Whiskey is sold in sealed packages—never in bulk. The Company signature is on the label—the Company name, blown in the bottle. Get the Genuine. Sold by most druggists, grocers and dealers at \$1.00 a bottle. The Duffy's Pure Malt Whiskey Co., Rochester, N. Y.

PROGNET WOMAN OF THIS CITY

QUICKLY RECOVERS HER HEALTH

Mrs. E. N. Firestone Ends Rheumatism and Stomach Trouble With Akoz.

Mrs. E. N. Firestone, who conducts the Hawthorne Apartments at 231 Broadway, is now telling her many friends how Akoz, the new California radio-active mineral, cured her of stomach trouble of five years' standing, which had, acute rheumatism, with which she was painfully afflicted since last September.

"I cannot recommend Akoz too highly," said Mrs. Firestone, in speaking of her recovery. "I used to go to and from my rheumatism and stomach trouble. For five years I had severe stomach trouble, which was acute rheumatism and sourness, and since last September I suffered with muscular rheumatism. "Before I began taking Akoz I was so lame I had to use a cane. I felt tired all the time, and could not sleep well. Now my stomach trouble is completely cured and I feel as if anything without distress, my sleep is no longer broken; I have lost that tired feeling, and I have been so greatly relieved of my rheumatism trouble that I no longer am lame and can run up and down stairs with ease. "I did not believe before using Akoz that any mineral could be so beneficial. I am mighty grateful for the relief Akoz has given me."

Mrs. Firestone's words of appreciation are no stronger than those of hundreds of others on the Pacific Coast.
