field Record is Fourth.

BAKER, Or. May 12.—(Special.)—
Charles Johns has carried his former home county, Baker, by more than 469 votes, according to estimates made on the face of returns from 25 of the 41 precincts of the county, virtually all of which give pluralities for Johns, whose vote in the 25 precincts is 509. His nearest competitor, Withycombe, has 216, while Meser poiled 204, Crawford, whose strength was thought to be material had only 152.

Judge Bennett made a clean sweep except in the northeastern part of the county. The count on 25 precincts representing two-thirds of the vote is Bennett 824, Smith 680. The precincts still to report are in districts which have gone for Bennett, who should carry the county by from 250 to 275. Maning's vote is negligible.

L. R. Stockman is running well in his home county for Engineer, the count incomplete being Stockman 1825. Lewis 327.

Frank Mitchell, Republican, and W. A. Smith, Democrat, have been nominated for State Senator, Mitchell's majority over Mount being 200 now and Strayer having no opponent.

ASTORIA. Or. May 16.—(Special.)—
The little gasoline schooner Randolph is hard aground on the north side of the jetty sands in the lower harbor and her cargo will have to be lightened before she can be floated.

The craft was entering the river shortly after 12 o'clock last night, bringing 1200 cases of salmon from Rogue River, and, getting out of the channel, ran on the sands. The Point Adams and Cape Disappointment life-saving crews hastened to the rescue, as did the tug Wallula.
