

"GREAT LIGHT WAY" IS SEEN BY THROUG

Rebirth of Third Street in Grand, Brilliant Illumination Is Distinct Triumph.

THOUSANDS CHEER EVENT

Arches Blaze Forth in Dazzling Beauty—Bands Play—Crowds In-spect Stores—Innovation of "Third-Streeters" Is Success.

Portland is being felicitated upon the birth of a street, named "The Great Light Way," at 8 o'clock last night.

Wilbur E. Coman, general manager of the Northwestern Electric Company, pressed a button in the company's new plant in the sub-basement of the Pittock block.

The opening of the "Great Light Way" means that part of the city already is dressed up in its finest bib and tucker for the Rose Festival.

As the bands were transferred from one corner to another, playing patriotic and rag-time airs, parts of the crowd followed like a band of kids trailing a great athlete.

Did it rain? A little, but that didn't chill the triumph. In fact, the rain was a mere side issue, not important enough except to show that the spirit of the "Noble Order of Third Streeters" is the dynamo of the city.

The mist which fell gave a setting to the one resplendent blaze of light. The umbrellas were a single ounce of the life and spirit of the occasion.

Large colored signs were displayed, with such inscriptions as "You can buy anything on The Great Light Way from soup to nuts."

Extensive verbal expressions were not lacking. "It's fine, Sichel," said J. L. Bowman to his neighbor merchant, Sig Sichel, president of the "Third Streeters."

"Yes, it's all right; even a circus couldn't hand us anything," was the reply. "This thing has caused more talk than anything for years."

"This campaign is going to make a great big difference in old Third street," said someone else.

"I'm simply de-lighted," shouted J. H. Rankin, secretary of the organization, with such inscriptions as "You can buy anything on The Great Light Way from soup to nuts."

"The Great Light Way" is firmly on the map just as the owners of business and property on Third street intended that it should be when they launched their present campaign for universal publicity.

They say they have the longest, the busiest and the widest street in Portland; the street with the fewest vacant stores; the street that represents the greatest variety of business; the street with the new hub of market; the proposed auditorium; the great banking institutions; the largest hotel in Portland; the telegraph offices; the large clothing stores; the railroad offices, and the oldest merchants.

The bands played until after 10:30 P. M., but the lights were left on until midnight. The people remained in large numbers to shop and to promenade along the new thoroughfare.

Whenever you see a person wearing a blue button—and there are 10,000 of them—insure that you are in the presence of "Third Streeters."

WASHINGTON, June 6.—An attack on the report of the Carnegie peace foundation's commission, which investigated alleged atrocities in the Balkans, was issued at the Greek legation here today by Charles Vouras.

DR. PRYOR TO SUE NOW

GOVERNOR WITHHOLDS EXTRADITION IN FILM CASE. San Francisco Man Declares Grand Larceny Charge Against Him is False—Statement Is Made.

SALEM, Or., June 6.—(Special.)—After hearing testimony today upon the application of the Governor of California for the extradition of Dr. Charles A. Pryor, proprietor of moving picture films entitled "The Revolution in Mexico," Governor West reserved decision, but released Dr. Pryor when he turned over \$500 to Detective Day.

Following the action by Governor West, Dr. Pryor, who is a prominent physician of San Francisco, issued a statement explaining the arrest as unwarranted and without any basis in fact, and announced he would sue his accuser and the attorneys for false arrest and imprisonment.

Dr. Pryor was staying at the Portland Hotel when arrested and was released on bonds.

Whitten was finally elected after a session replete with personalities and disturbance. The Daggett faction was now withdrawn from the committee.

ECONOMY BILL IS FILED

APPROVAL ASKED OF MEASURE TO ABOLISH LAND BOARD.

Initiative Backed by Governor Alleged to Be Only Continuance of His War on State Engineer.

SALEM, Or., June 6.—(Special.)—An initiative measure, advocated by Governor West, which provides for the abolition of the Desert Land Board, the transfer of its powers and duties to the State Land Board, and the abolition of the State Water Board, the office of Superintendent of Water Division and the office of State Engineer was filed with Secretary of State Olcott today for approval as to form by W. P. George, owner of property in the Tumalo project involved in the measure.

The Governor for some time has criticized the work of State Engineer Lewis and friends of the State Engineer, and the proposal to initiate the measure is only a continuation of his personal war on that official.

The bill provided in the bill that the powers and duties of the offices abolished shall be assigned to the State Land Board, and a hydraulic engineer shall be appointed as director of not more than \$2400 a year, who shall be known as State Engineer. It also provides that the duties of the Tumalo project shall serve as State Engineer at his present salary of \$3000 a year until 1916.

ROSS PLUMMER APPOINTED

Portland Druggist Made Member State Board of Pharmacy.

Ross M. Plummer, member of the Plummer Drug Company, of this city, has been appointed by Governor West as a member of the Oregon State Board of Pharmacy.

Vancouver Cars to Be Rerouted. VANCOUVER, Wash., June 6.—(Special.)—Vancouver cars running to Portland will be rerouted June 14.

would send them in direct to the state office.

On the evening of May 28, the Clackamas County Medical Association met in the parlors of the Commercial Club and Dr. M. C. Strickland reported to the doctors that Dr. White had ordered his reports from the county sent direct to him.

The doctors in town do not recognize him, while those in the country are willing to co-operate with his work.

"It is true I instructed the physicians and undertakers of Clackamas County to submit their reports direct to me," said Dr. Calvin S. White last night.

"Clackamas County has no health officer, according to the ruling of the Attorney-General, who has declared Mr. Van Brakle is not qualified to hold the office. He is not a graduate of a medical school."

"I have twice asked the County Court of Clackamas County to appoint a health officer, but the court has failed to act. In the absence of a regular health officer I have asked that the reports be sent to me direct."

Dr. Van Brakle is a graduate of an osteopathic school and is a practicing osteopathic physician. It is declared that because he is an osteopath the allopath physicians refuse to recognize him in his capacity as a health officer.

Dr. M. C. Strickland, who has always taken a prominent part in the fight against the local health officer, became indignant when asked if Dr. White had sent out such orders and replied that it "was none of the public's business."

The reports from the doctors and the undertakers were due in the office of the County Health Officer today and every report was in exception of those from Oregon City. When Dr. Van Brakle attempted to learn why no reports were sent him, R. L. Holman, an undertaker, said that the doctors were collecting the reports and the function started with a surprise.

ENGINEER GETS SURPRISE

Assistants at Courthouse Give Chief Handsome Watch.

William A. Etchell, chief engineer of the Courthouse, last night was given a pleasant surprise in the presentation of a gold watch and chain and a Masonic emblem as a token of esteem from nearly 100 men who work under him for the county.

The function started with a surprise. "Fred W." writes: "I suffer with headache, indigestion, nervous debility and am also thin almost to the danger point. What can be done?"

Answer: You can very readily overcome these difficulties by using 3-grain antacid tablets with full directions. These are highly recommended by physicians and if used according to directions you will soon be rid of headache, your indigestion will be gone and you will gain from 10 to 30 pounds. These tablets should be taken regularly for several months and I am confident you will gain in flesh.

"Lee" writes: "I have tried so many remedies for rheumatism that I am almost afraid to try any more, but if you can tell me a sure remedy I will try it."

Answer: Do not be disheartened because you have not been able to find a remedy that would overcome your rheumatism, for you can be relieved if you will take what I have to offer from the drugstore: Iodide of potassium, 2 drams; sodium salicylate, 4 drams; wine of colchicum, 1 oz.; comp. fluid balsam of Peru, 1 oz.; comp. essence cardui, 1 oz.; and syrup sarsaparilla, 5 oz. Use 2 or 3 times a day, after meals, and again before going to bed.

"Fern" writes: "I have suffered with a bad cough for some time and I am also weak and thin. I have tried many remedies, but I have not been able to get any relief. Can you give me a remedy?"

Answer: Yes, your weakness is due to the coughing, but you should be well relieved by using the following: Get a 2 1/2 oz. package of essence mentholaxene and make according to directions on the bottle, then take a teaspoonful every hour or two until the cough is cured. This makes a full pint of the very best and safest cough syrup. If your druggist does not have mentholaxene, have him order it for you of the wholesale firm.

"Doctor: What can I take for a bad case of 'headache'?" I have suffered with it for many years and nothing I take helps at all. I am also bothered with constipation."

As Etchell was leaving the Courthouse at 5 o'clock he was arrested by Deputy Sheriff Harry Smith and Juvenile Officer Fisher. He was held into Circuit Judge McGinn's court and, although the judge was not there, a well organized kangaroo court took charge of the proceedings.

Complaints were preferred against the chief by the county assistant for slowness in delivery of supplies. The remedy for this remissness, according to George Nelson, who attends to the proper working of some of the machinery in the bowels of the Courthouse, was to have a first-class time-keeper, and forthwith he handed him the handsome 21-jeweled watch with Etchell's monogram on the back and an appropriate inscription inside. Then the gathering of engineers and machinists adjourned, the Courthouse was where a sumptuous dinner awaited them.

"Distress" writes: "My hair is so oily and straggling I wish you could tell me something to make it soft and fluffy. It makes me positively homely. I also have a great deal of dandruff. Many women would be more beautiful if they had soft, fluffy hair. I can tell you a very simple remedy, one that will make your hair soft and fluffy. It will overcome dandruff, itching scalp and lustreless and falling hair. Ask your druggist for a 4 oz. jar of plain yellow minoy and get from him for the country. You will be surprised to note the difference in your hair."

"Mrs. W. W. C." asks: "Can I take off 40 pounds of fat? I weigh 130 pounds, too much for my height."

Answer: Yes, you should by taking, as per the directions which accompany 3-grain antacid tablets, put up in sealed tubes and sold by well-stocked druggists. They are very good for any fleshy person to take.

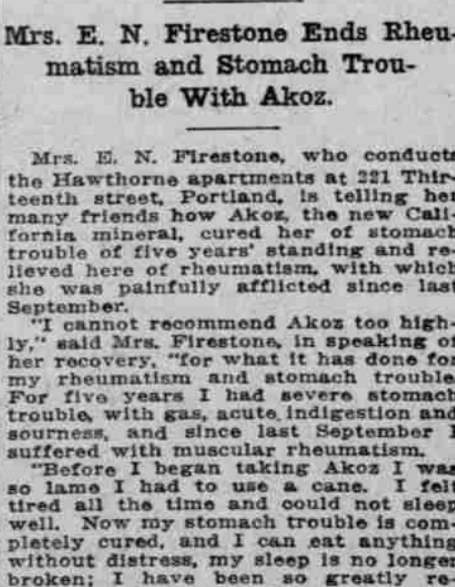

"Anna R." writes: "I have taken medicine from several doctors for liver and kidney trouble and constipation, but it does not seem to help me at all. My skin is sallow. I have constant headaches and dizzy spells. What shall I do?"

Answer: The best remedy that I know for your trouble is 3-grain antacid tablets (not sulphur tablets). These are packed in sealed tubes with full directions. Most of the remedies only aggravate, but if you take the sulphur tablets regularly for a few weeks you should be well. This will purify the blood and your skin will lose its sallow look.

"Busy Mother" writes: "Bedwetting can be easily controlled by giving them the following: Tincture cubeba, 1 dram; tincture rhus toxicaria, 1 dram; and comp. fluid balsam of Peru, 1 oz. Give from 10 to 15 drops in water an hour before going to bed."

"Doctor: I have a very bad case of catarrh of the head and my stomach, bowels and bladder are affected. I suffer greatly and would like relief."

Answer: The symptoms you mention are present when the functions of the kidneys are abnormal, and I would recommend that you begin taking at once balsam of Peru, sold only in sealed tubes with full directions.—Adv.

MRS. E. N. FIRESTONE. hundreds of others on the Pacific Coast who have used Akos for rheumatism, stomach trouble, catarrh, eczema, ulcers, piles and other ailments. Akos is sold at The Owl and all other leading drug stores, where further information may be had regarding this advertisement.

Mrs. E. N. Firestone, who conducts the Hawthorn apartments at 231 Thirteenth street, Portland, is telling her many friends how Akos, the new California mineral, cured her of stomach trouble of five years' standing and relieved her of rheumatism, with which she was painfully afflicted since last September.

"I cannot recommend Akos too highly," said Mrs. Firestone, in speaking of her recovery. "For what it has done for my rheumatism and stomach trouble, for five years I had severe stomach trouble, with gas, acute indigestion and sourness, and since last September I suffered with muscular rheumatism. Before I began taking Akos I was so lame I had to use a cane. I felt tired all the time and could not sleep. Now my stomach trouble is completely cured, and I can eat anything without distress, my sleep is no longer broken; I have been so greatly relieved of my rheumatism trouble that I no longer am lame and can run up and down stairs with ease. "I did not believe before using Akos that any mineral could prove so beneficial. I am mighty grateful for the relief Akos has given me."
