

# SMOOT CRITICISES EFFECT OF TARIFF

## Democratic Senators Stirred by Charge Disastrous Result Is Threatened.

### EXPORTS SHOW INCREASE

#### Retort Made That Europeans Distrust American Stocks, and Also Three Groups in New York Are to Blame.

WASHINGTON, June 20.—Critics and friends of the Administration joined in a sharp ten minutes' debate in the Senate today. Senator Smoot held the tariff responsible for alarming conditions, while Senator Owen blamed three groups of financiers in New York. Senator Smoot stirred the Democratic leaders by predicting, on the basis of the Treasury statement of foreign trade for the month of May, that the present trend of business conditions did not change within the next few months there would be "disastrous results."

He said the report showed that imports during May increased \$19,990,000 and the exports decreased \$32,000,000 as compared with May, 1913. He read newspaper clippings of the recent large gold shipments to Europe. "Foreign Distrust" Held to Blame. Senator Hollis, making the first reply for the Democrats, said foreign distrust of American stocks, arising from the collapse of the New Haven and of the St. Louis & San Francisco railroads had resulted in turning American stocks back on this country, and the necessity of the sending of gold to Europe in return.

Senator Thomas suggested that some European country must have profited by the business America was losing. Senator Smoot responded that the Treasury report did not enter into that question. Senator Smoot added he was in favor of American labor getting the benefit of business rather than foreign labor. Senator Thomas suggested European laborers were crowding every ship to America to escape the prosperity abroad the Utah Senator was picturing.

Owen Charges Conspiracy. Senator Owen advanced the statement that three groups of men with headquarters in New York were responsible for present conditions. He said these men controlled \$25,000,000, 600, practically all the railroads and every big industry in the country. He added: "These men can forbid the railways to buy rails, or buy steel cars, or to buy frogs and switches or buy lumber or to buy cross-ties. These men can put out of employment thousands upon thousands of men; these men can construct credits in every district where a Representative is to be elected this Fall and in every state where a Senator is to be elected. These men have it in their hands to send down to defeat any candidate, be he Democrat, Progressive or Republican, who does not sympathize with them."

Senator Smoot insisted that this had nothing to do with the decrease of exports or the increase of imports.

## OWEN WANTS PAMPHLET

### FEDERAL PUBLICITY FOR ALL VOTERS PROPOSED IN BILL.

#### Senator Also Moves for Preferential Ballot and Limit on Campaign Contributions.

WASHINGTON, June 20.—Senator Owen today called on his Democratic colleagues to remember the plank in the party platform calling "for the extirpation of corruption, fraud and machine rule in American politics" and offered four bills designed, he said, to bring about the needed results.

"If," he said, "the Democratic party now in power leaves the country and the machine rule system, the door opens to fraudulent practices in nominating Senators and members of Congress, after its solemn promise to American people, it will undoubtedly receive severe condemnation."

Senator Owen explained that one of his bills was designed to prevent unlimited "campaign contributions" by individuals. The second provides for a Government publicity pamphlet, to be issued at Government expense and delivered to every citizen, in which are outlined the Federal offices would have an opportunity to explain their views. The third measure would legalize the use of the preferential ballot in the nominations for the Senate and House and the last would define corrupt practices in connection with campaigns.

Senator Owen declared Congress should follow President Wilson's advice and provide for the nomination of candidates for the Presidency and the Vice-Presidency by the preferential primary by proper legislation and should lay down a few fundamental rules for the guidance of the state in this connection.

## DAN CUPID CUTS CAPER

### MARKET STREET, SAN FRANCISCO, SEES SWIFT LOVE AFFAIR.

#### "Jettie Columbia" Whitcomb, of Spokane, Meets Old Friend and Is His Wife in Less Than Four Hours.

SAN FRANCISCO, June 20.—(Special.)—When Charles Thomas Mathews, son of a wealthy, prominent County timber land owner, met Mrs. Jettie Columbia Whitcomb, of Spokane, on Market street today, they greeted each other simply as old friends, "without a thought of what Dan Cupid was about to do to them. Three hours and 40 minutes later Mrs. Whitcomb was Mrs. Mathews, almost before she could realize what had happened."

Mathews went into a trolley with Mrs. Whitcomb a few moments after they met. Mrs. Whitcomb made a small purchase and was about to take it away with her when Mathews stepped forward and said to the clerk: "Oh, I think you'd better send that to Mrs. Charles T. Mathews, at the Stewart Hotel. Thank you."

Charles." And Danny Cupid cut a caper right there on the sidewalk. As soon as it could be arranged, the couple went to St. Mary's Cathedral and were married by Father Ramon. Then they telegraphed their respective parents and blessings came back in each case.

Mathews is associated in business with his father. He was graduated a year ago from Yale University. The bride is the daughter of F. L. Bolander, a retired river captain. She was named after the Columbia River jetty.

R. R. No. 17, Thornstown, Ind.—"My hand while working skinned a little place on its hand and it made a running sore and others broke out all around it. They looked like bolls.
