

# PIONEER'S SERVICE TO OREGON IS TOLD

## Action of F. X. Matthieu in Saving Country to Union Recalled at Meeting.

### PENSION AID IS URGED

#### Care of Cemeteries, Commendation of Ezra Meeker, and Appeal for Fireproof Home for Library Are Made by Resolutions.

Sincere appreciation of the great service rendered "the Oregon country" by the late F. X. Matthieu is contained in the resolutions adopted at the recent meeting of the Oregon Pioneers' Association, and an appeal is made to the State Legislature for a law providing public care for pioneer cemeteries.

Citizens of "the Oregon country" are petitioned to urge Congress to provide pensions for soldiers of the Indian wars, and the Legislature is asked to appropriate money to provide a fireproof building for the valuable records of the Oregon Historical Society.

The gratitude of the pioneers is expressed during the recent reunion by women's auxiliary and by various firms and individuals.

Ezra Meeker is commended for his efforts to make a National highway of the "old Oregon trail," and Congress is urged to support the enterprise.

The resolutions, which were drawn by a committee composed of P. H. D'Arcy, M. C. George and T. T. Ger, are as follows:

Resolved, That the pioneers and people of Oregon, in the death of Hon. F. X. Matthieu, during the past year, have lost one of the most important and noted personages of pioneer days.

Resolved, That the efforts and noted patriots and assistance, what was known as the "Oregon Country" was saved to the United States, and the establishment of a great National highway along the line of the "Oregon trail," to be known as "Pioneer Way," and urge our representatives in Congress to support the enterprise by assisting to secure a National appropriation therefor.

Resolved, That our gratitude to him cannot be measured in words, when we consider the large extent of territory constituting of the most productive and fertile part of this Union was acquired for the use of our citizens by the action of Mr. Matthieu and his friends on the 24 day of May, 1843, at Old Chamboog.

Resolved, That we honor and revere his memory, and trust that his exemplary conduct will serve as an inspiration to all our people, and particularly the youth of our land.

Resolved, That we petition the legislative assembly of the State of Oregon for the enactment of a law providing for the care of pioneer cemeteries, where possible, of the old graves of deceased pioneers in order that their resting places may not be forgotten or neglected by the people of this state.

Resolved, That we hereby express our appreciation of the efforts of Ezra Meeker, that sturdy and well-known pioneer, in his commendable undertaking to create widespread interest in the establishment of a great National highway along the line of the "Oregon trail," to be known as "Pioneer Way," and urge our representatives in Congress to support the enterprise by assisting to secure a National appropriation therefor.

Resolved, That we, as members of this association, being citizens of the entire "Oregon country," irrespective of present state lines, do insist that it is the duty of every member of Congress from the States of the Pacific Northwest to use every possible means to secure an amendment to the pension laws to the end that the Indian veterans of the North Pacific Coast may be pensioned upon the same basis as the soldiers of the Civil War of 1861-65. Anything less than this is in our opinion, rank injustice and savors of class legislation.

### DRYS TO GIVE BATTLE

#### Workers Attend Conference Here and Predictions of Success Are Made Freely.

Speakers and campaign workers will start next Monday from the state prohibition headquarters at Portland and invade every county in Oregon between that time and next November in the hope of voting the state "dry."

This plan was outlined at the meeting of the state committee of the prohibition party in the Behne-Walker building yesterday.

"Dry" workers from various parts of the state attended the meeting. Some counties outside of Multnomah report that present conditions indicate a "dry" vote in the approximate proportions of 2 to 1. The most ardent prohibition enthusiasts admitted yesterday, however, that they will have a hard time to break even in Multnomah County.

The start of the state-wide campaign will be made on Monday in Yamhill County. An automobile load of speakers will leave Portland early in the morning for McMinnville. A meeting will be held in that city and will be followed with other meetings in various towns and villages near by.

Among those at yesterday's conference were W. G. Marlyn and A. T. Heffert, who have just come to the Coast from Kansas. They will work throughout the campaign in Oregon, Washington and California and will tell the voters of the experiences of Kansas under prohibition conditions.

W. F. Lough, of Indianapolis, spoke at length yesterday, giving a detailed report of the recent National convention of prohibition forces at Clinton, Mo.

Yesterday's session was attended by more than 50 "dry" workers from various parts of the state. Other conferences will be held at various times during the campaign.

### HODGE ONCE PERUVIAN IN A MUSICAL COMEDY

#### Star in "The Road to Happiness," Bucolic Comedy, Picked by James A. Herne as Successor to Sol Smith Russell.

WILLIAM HODGE, who comes to the Heilig Theater in the bucolic comedy, "The Road to Happiness," is said to be the only actor on the American stage who is successful in similar parts, made famous by Sol Smith Russell, Joseph Jefferson, James H.orne, John E. Owens and Denman Thompson.

William Hodge's first role on Broadway was as a Peruvian in one of the Rogers Brothers' musical comedies. During these seasons of "hard work and little pay" Mr. Hodge had always an ambition in mind, and that was to appear as a Peruvian in a Broadway musical comedy.

Mr. Teal asked Mr. Hodge his line of work and the actor replied: "I am a comedian."

"What kind of a comedian?" thundered Mr. Teal, and the youngster replied, tremblingly: "A—funny comedian."

"Have you ever played a Peruvian?" "No sir," replied the applicant, "but," he added hopefully, "I've played a Brazilian."

Mr. Teal's brows corrugated with thought, and in a moment he answered: "Well, there is a lot of difference between a Peruvian and a Brazilian, but I think I'll give you a chance. Can you dance?"

The following tribute to William T. Gardner, who died Friday, was prepared by a friend:

"The passing away of William T. Gardner, late superintendent of the Boys' and Girls' Aid Society, brings to public attention a useful life and a valuable work which has been going on day by day, doing good, quietly and modestly, without display or reward."

"For 21 years Mr. Gardner has been constantly at the head of the affairs of the Boys' and Girls' Aid Society and has, by his conscientious and painstaking effort, his knowledge and experience of charitable and juvenile corrective work, his tact, unassuming personality and kindness of heart, succeeded in placing the Aid Society in the useful position which it holds today."
